

a sovereign, to watch unceasingly, con-
centrating all my cares to surround my sub-
jects with a complete protection, and to se-
cure to them the enjoyment of the most per-
fect tranquillity, in respect of their religion
and their spiritual affairs without excep-
tion.

The favourable results of this course of
conduct have been obvious, and it is an
object of my imperial anxiety, that any
abuses which may have crept in little
by little, and unperceived through negli-
gence, may be thoroughly uprooted, so
that they may never again be renew-
ed.

The spiritual and special privileges
granted by my illustrious ancestors to the
clergy of my faithful Christian subjects of
the Greek rite, and also confirmed and con-
solidated by me; the immunities and
rights attributed to the churches and mon-
asteries, with the lands and possessions an-
nexed to them, and to all other religious
establishments and places of that kind; the
rights and immunities attributed to the
priests and monks; in one word, all the
privileges of the same nature which are
mentioned in the berate of investiture,
which of old have fixed the status of the
patriarchs and clergy, all shall, after my
imperial determination and solicitude, be
for ever preserved inviolate.

To confirm and manifest anew my im-
perial determination on this subject in
such manner that no infraction may take
place, while those who may act contrary
thereto shall be the objects of my dis-
pleasure, I have a special imperial order
which has been brought to the knowledge
of all the functionaries concerned, so that
none can excuse himself in case of neglect
by pleading ignorance of my will. And for
the more full declaration and notification
that the faithful and constant execution of
this order is required by my sovereign will
the present firman has been published by
my Sublime Porte.

When you, the patriarchs above men-
tioned, shall have taken knowledge of
these things, abstain from all contraven-
tion of the resolution just expressed, con-
form your conduct at all times to it, and
if at any time any infraction of my re-
solution shall take place, you shall bring
it to the knowledge of my Sublime
Porte. Consider this, and put faith in my
august seal. Given, &c.

REBELLION IN CHINA.—We have ac-
counts from Hong Kong to the 22d of April
which says,—Our last of the 11th, brought
down news of the rebellion on Shanghai
to the 28th ult. We have now dates to
the 12th inst. Previous to the 8th inst., the
success of the rebel force had been rapid;
the most current information was that the
city of Nankin had fallen into their hands,
and that Chinkeangfoo had been taken
without opposition. On the 8th instant,
reports reached of the hostile intention of
the rebels against the foreign community
in particular, and that they intend advancing
on Shanghai, which had caused the great-
est alarm and confusion; the inhabitants
of the city were moving into the country,
and the united naval force and the whole
community commenced making prepara-
tions for the defence of the British settle-
ments, and a volunteer corps was at once
formed. Later accounts from Loochou had
been received, stating that something had
checked the rebels' approach, and matters
more quiet. The rebel force had evacuated
Chinkeangfoo, and were retreating upon
Nankin. This has been confirmed by
advices received from Loochou on the 11th,
from an enterprising volunteer of the Brit-
ish diplomatic department, who had reach-
ed there in disguise and in safety.

The coast is alarmingly troubled with
pirates, and attacks have been made on
English vessels. Her Majesty's steamer
Rattler went on a cruise from Amoy, on
the 16th, after the pirates.

The Tartar General, Heang Yueng,
with the grand Imperial army, was close
to Nankin which, it was generally believed,
he had taken possession of. An engage-
ment between the two forces was expected
to take place about the 10th instant, and
till the result be known all will be intense
anxiety and suspense.

Applications had been made to the for-
eign Powers for assistance by the local
authorities, but a strict neutrality seemed
to prevail.

SWITZERLAND.—Berne, June 21.—The
Government of Friburg has called out the
Civil Guard. There are fears of another
insurrection.

RUSSIA.—A telegraph despatch from
Constantinople, to the 5th inst., stated that
a Russian squadron, consisting of the frigates
Juno and Athina and the brig Ophir,
has been sent from Sebastopol to Pitsound,
on the Caraccian coasts. This expedition
was thought to be in connection with a
movement of the tribes which oppose the
Russian domination.

The weekly News Paris correspondent
says—"Private reliable advices report that

there has been a bloody battle between the
Caraccians and Russians, in which the lat-
ter had been defeated with a severe loss, a
general, with 12,000 men, and 30 pieces of
cannon, being captured by the mountaine-
ers."

On the 12th the Emperor visited the
harbour of Cronstadt, where the Baltic
fleet is concentrated.

At Odessa the prices of grain have risen,
owing to extensive purchases which have
been made for the Russian fleet and army.

Advices from St. Petersburg announces
the nomination of Prince Menschikoff to
the Governorship of Crimea.

LATEST FROM THE CONTINENT.—
France.—The Moniteur, of to-day, an-
nounces the following nominations: The
Duke de Padoue, M. Berger, M. P. Mer-
mee, and the Marquis de Lavalette, are na-
med senators; M. de Maupas is named Mi-
nister at Naples; M. Adolphe Barrot, Mi-
nister at Brussels; M. His de Butenvel
and M. Hausmann, Prefects of the Seine;
M. de Mentque, Prefect of the Gironde;
and M. Chebreaux, Prefect of the Loire In-
ferieure.

The Parish journals are unanimous in
their approval of the suppression of the mi-
nistry of police.

The Friedland, French man-of-war,
which left Toulon on the 18th inst, for the
purpose of joining the French fleet at the
Dardanelles, had been signalled off the
Island of Sardinia, on her passage.

GERMANY.—Of the three persons ac-
cused of the murder of Prince Lychnowsky
and General Auerswald, in 1848, one has
been executed, another has been transferred
to a lunatic asylum, and the third, a fe-
male, still remains in confinement at Frank-
fort.

TURKEY.—The Porte has declined the
offers of services received from Hungarian,
Italian, and Polish refugees, in the event
of a war with Russia, having decided on
receiving assistance only from English or
French officers, or soldiers who have receiv-
ed permission from their respective Gov-
ernments. The Turkish embassy at Paris
has already provided several such auxilia-
ries with the means of getting to Con-
stantinople.

From Jassy we learn that two Russian
agents had arrived there on the 8th, with
instructions for the consul of that nation.
The evening before the English had des-
patched an extraordinary courier to Lord
Redcliffe at Constantinople.

A third edition of the Post contains, on
authority of its Paris correspondent, the
following telegraphic message:—"Constan-
tinople, June 16.—The ultimatum of
Russia has been finally rejected by the
Porte."

SYRIA.—By advices from Antioch we
learn that the Ottoman Government had
accorded the necessary authorisation for
the construction of a Roman Catholic
Church in that city; this favour has been
granted principally through the efforts of
the French Consul.

SOUTH AMERICA.—
LATER FROM BUENOS AYRES.—By the
arrival of the ship Margaret & Eliza, from
Buenos Ayres, we have dates from that
port of May 12th, ten days later than those
via England. The city was closely be-
sieged by land and blockaded by water.
Provisions were growing scarce, and very
high. Quantities of beef were smuggled
into the city, however, in spite of the pre-
cautions of Urquiza.

The 12th of May was the day appointed
for all vessels to leave the port, but it was
supposed the time would be extended for
some days longer. There was no hope
that the city would hold out, and it was
supposed that the inhabitants would soon
yield to the terms of the besiegers.

The British Packet asserts that the block-
ade was likely to end in a broad farce. It
appears an English brig had obtained special
licence to discharge some flour from Mon-
tevideo—whereupon, Com. McKeever, of
the American squadron, and the French
authorities claimed a similar privilege in
favour of their flags. The result of the
demand is not given.

Three British and one French war
steamer were lying in port; also the
United States sloop-of-war Jamestown,
and one Spanish and two Brazilian cor-
vettes.—New Brunswicker.

NOVA SCOTIA.

H. M. S. Leander has been ordered to
Quebec there to meet Lord Elmsmere who
it is said intends to return to England im-
mediately. The uncivil treatment which
his Lordship received at the hands of the
Americans is said to have disgusted him.
Moreover the exhibition which those brag-
ging Yankees announced for the first of
May has been again postponed and it is
said will not come off till September.—
How different from the determine way in
which the English managed their Exhibi-
tion. The idea was new, everything had
to be invented and tried for the first time,
but they did what they promised.—Hal-
ifax Colonist.

FREDERICTON MAIL.

His Excellency Sir Edmund Head left on
Monday morning on a tour to the
North West Miramichi, thence to the Ne-
pisiguit River, down to Bathurst, and then
to Dalhousie. His Excellency is accompa-
nied by Col. Hayne and the Private Secre-
tary Mr Drury.

It is reported that the Hon. Mr Kinnear
Solicitor General, has been appointed a spe-
cial commissioner to investigate the cir-
cumstances of the late municipal meeting
in the County of Victoria, and that a char-
ter of incorporation is withheld in the
meantime. We avail ourselves of this ap-
pointment to bring before the public our
distinct objection to the nomination of any
member of the Executive Council to such a
duty, because we believe this appointment
entirely unobjectionable on any other
ground, and so can incur no suspicion of
making it a pretext to gratify any personal
or political feeling.—Fredericton Head
Quarters.

Public Meeting.—A large and influential
meeting was held at Bowmanville, Canada
West, on Friday last, to give expression of
their sympathy for the sufferers by the late
riots at Quebec and Montreal. Resolutions
were passed, unanimously, on the neces-
sity and importance of maintaining the right
freely, and without let or hindrance, to dis-
cuss any subject whether religious or politi-
cal, and that it is the undoubted principle
of British subjects to hold public meetings
for such objects.—Quebec Gazette.

Arrival of the Steamship Lady Eglinton
—The above steamer whose approach we
announced in Wednesday's issue, arrived
at twelve o'clock that night, having made
the passage from Liverpool to Quebec in
thirteen days, running time—she having
been detained at Newfoundland four hours.
This we consider a great feat for a screw
steamer, and an arguery of still more rapid
voyages in the future. The Lady Eglinton
is of 750 tons burthen. And has room
for 450 tons of cargo.—Quebec Gazette 1st
July.

IMPORTANT.—News has just reached
town that the fishermen of Newburyport,
and some adjacent American harbors have
combined and are arming to the teeth, de-
termined to defend themselves against the
British forces hovering in protection of the
Fisheries. It is said they vow vengeance
upon the Colonial cruisers in particular.
We believe this news will be found to be
authentic.—Halifax Recorder.

We are glad to hear that our fisherman
around the shore, and especially at St. Mar-
garet's Bay, are not labouring in vain, and
that at least 2,000 barrels of mackerel have
been secured within the limits of that Bay.
We sincerely hope that the season thus au-
spiciously begun may by God's blessing
continue to be successful and thus make up
for the severe losses of former years.

THIS Institution will continue to be conducted
upon the same principles which have rendered
it so generally popular, and secured for it such
extensive patronage from almost every part of
these Provinces. It has now been opened and in
successful operation upwards of ten years. The
arrangements which were made to accomplish
the important object for which it had been found-
ed, were such as obtained for it, from its very
commencement, a high position in the public
estimation; and those upon whom the direction
of its affairs has devolved, have been stimulated
and encouraged by its prosperity, to continued
efforts to render it, in all its departments, ever
increasingly efficient. Every year in its history
has consequently, been marked by valuable ad-
ditions to its Educational facilities, and by more
or less extensive general improvements through-
out the Establishment. The attention of Young
Men, and of Parents and guardians of youth,
is, therefore, respectfully invited to it, as an in-
stitution where the advantages of a thorough
intellectual training may be obtained in safety
and comfort and under most favourable circum-
stances.
