

AGRICULTURE.

TO FARMER'S BOYS—A HINT.

The writer of this speaks from experience when he recommends all farmers' sons to keep a daily register of everything interesting coming under their observation, relative to their business. The time of planting or sowing crops, with the results of late or early planting appended; the effects of any peculiar mode of manuring; the benefit or detriment from thick or thin sowing; the kind of seed; the time or manner of harvesting; the results of draining, of deep or shallow plowing, and of numerous other matters, and especially including the costs and profits of each crop, if accurately recorded, would not fail to yield a great deal of interest as well as usefulness. The time of appearance of birds, insects, or anything else in relation to nature and its productions, would assist very much the acquirement of knowledge on these subjects, if made a matter of record. I am sure it would be a delightful employment, both at the time, and by its examination afterwards.

Now, all that is necessary is to get a small blank book, with a flexible cover, which may be had for a dime at any book or stationery store—and rule each page into two columns—the first for the record of planting, sowing, and all operations during their earlier stages; and the second column for the registry of the results, directly opposite on the same page. By comparing these results with these operations which produced them, a great deal of valuable practical knowledge would soon be obtained.

Another advantage might result from this practice. When any operation was deferred till too late, and less was occasioned thereby, make a memorandum of this fact at the proper place in the second column, by the examination of which the second year this difficulty might be avoided. Many failures occur from the want of seasonable attention; such a journal would therefore leave an excellent memorandum to refer to daily the second year, or any afterwards, to remind one of what must be done at the time.

Would not this be worth a thousand times its cost, by way of making accurate intelligent, practical and successful farmers of lads and young men in the country besides improving their knowledge of writing?

FRUIT DRYING HOUSE.

A correspondent of the Michigan Farmer has constructed a fruit-drying house, which he says "has succeeded beyond his expectations." It is 12 feet square, with eight feet posts, lathed and plastered, with an air-tight sheet iron stove in the center. The screens, 24 in number, are two feet by five, and are arranged about nine inches one above another, on two sides of the apartment. The fruit dries twice as fast above as below. Three days is the usual time required. Fruit thus dried, it is asserted, is of much finer quality than any dried in the open air. The whole cost was \$15. Ventilation is not mentioned, but we presume it is amply secured, as it is indispensable to the escape of the hot moist air, which would otherwise cause speedy rotting.

LIQUID FERTILIZER FOR CHOICE PLANTS.

A correspondent states he has found a very valuable fertilizer in the solution of sulphate of ammonia, half an ounce being dissolved in a gallon of water. This, weak as it is, will kill the plants if applied daily—they are therefore only watered once a week with it, and once each other day with water. Applied to strawberries, they grow luxuriantly, twice as large as where not watered, and much larger than watered with water alone. Peas were a week earlier, and much stronger in leaf and pod. Sickly dwarf pear trees were rendered luxuriant. Dahlias and Fuchsias grew with great vigor, and flowered brilliantly. These experiments are worthy of repetition, although experiments with specific manures often utterly fail, with a variation in soils and circumstances.

LEACHED ASHES ON WHEAT.

In the fall of 1859, I tried an experiment of leached ashes on wheat, which convinced me that they were of great value on said crop. After I had my ground plowed which was intended for the reception of the seed, I hauled on the ashes broad cast about one two horse wagon load to every four square rods. I sowed about half of the field the above way. Sowed on one bushel and three pecks wheat. Dragged in the wheat on the unashed half of the field as on the ashed half by going over lengthwise twice with the common triangular harrow. Six or eight weeks after the wheat was up, the difference could be very easily detected. When harvest came, the result was, on the ashed part, clean straw, while the other was more or less struck with the rust; the berry more plump and the ears longer. In fact the wheat was one third better where the leached ashes were applied.

There are many potash makers in this country, who would thank the farmer for hauling the leached-ashes out of their way. In some parts of the country they are purchased from five to ten cents a bushel; and hauled eight and ten miles, and then applied with profit to crops. John Diehl.

CHOKED CATTLE.

A correspondent of the Mass. Ploughman says—"Warm a small quantity of gun-powder, and pour into the throat. I once prepared a second dose, but had no occasion to use it."

Never Failing Remedy

HOLLOWAY'S OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS SUFFERING.

Copy of a Letter from Mr. Thompson, Chemist, Liverpool, dated August 20th, 1853.

To Professor Holloway,

Dear Sir—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which so astonished every person acquainted with the sufferer. About ten years ago, Mr. W. Cummins, of Saltney Street, in this town was thrown from his horse, whereby he received every serious injury; he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly 10 years; recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.

(Signed) J. THOMPSON

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE WHEN ALL MEDICAL AID HAD FAILED.

Copy of a letter from Mr. Hird, Draper, of Keady, near Gainsboro', dated March 1st, 1853.

To Professor Holloway,

Sir—Some time since, one of my children children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration the effect was miraculous, for by persevering in use, all the eruptions quickly disappeared and the child was restored to perfect health.

I previously lost a child from a similar complaint and I firmly believe had I in her case adopted your medicines she would have been saved also. I shall be happy to testify the truth of this to any enquirer.

(Signed) J. HIRD, Draper.

ANOTHER SURPRISING CURE OF A ULCERATED BAD LEG, DEBILITY AND GENERAL ILL HEALTH.

Copy of a letter from Mr. J. M. Clennell, of Newcastle-on-Tyne, dated September 20th 1853.

To Professor Holloway,

Dear Sir—I am authorised by Mrs. Gibbon of 31, Bailey Street, in this town, to inform you that for a considerable period she had been a sufferer from debility, and general ill health, accompanied with a disordered stomach, and great derangement of the system. In addition to this she was terribly afflicted with ulcerated wounds, or running sores, in both her legs, so that she was totally incapable of doing her usual work. In this distressing condition she adopted the use of your Pills and Ointment, and she states, that in a wonderful short time, they effected a perfect cure of her legs and restored her constitution to health and strength; and that she is now able to walk about with ease and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain, Dear Sir, yours faithfully,

(Signed) JOHN MORTON CLENNELL.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS—AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE.

Copy of a Letter from Messrs Walker and Co, Chemists Bath.

To Professor Holloway,

Dear Sir—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston about five miles from this city. She had ulcerated in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person she being about seventy years of age. We shall be happy to satisfy any enquiries as to the authenticity of this really wonderful cure, either personally or by letter. We remain, dear Sir,

Yours faithfully,

(Signed) WALKER & Co.

The Pill should be used conjointly with the Ointment in most of the following cases: Bad Legs, Chilblains, Fistulas, Bad Breasts, Chapped hands, Gout, Burns, Corns soft, Glandular, Bunions, Carcers, Swellings, Bites of Mosquitoes, Contracted, Lumbago, chetoe and & stiff joints, Rheumatism, Sand flies, Elephantiasis, Itch, Cicobay, Sore throats, Scalds, Chicago-foot, Skin Diseases, sore nipples, Scurvey, Sore heads, Tamonitis, Ulcers, Wounds, Yaws.

N. B. Directions for the guidance of Patients are affixed to each Box and Pot.

Sold at the establishment of Professor Holloway 244 Strand London, and by most respectable Druggists and Dealers in Medicine throughout the civilized world.—Price of each Pot or Box are 1s 6d, 3s 9d, 6s 3d, 15s 0d and 45s.

There is a considerable saving in taking the large sizes.

BLANKS

JOHN BEGNALL.

Newcastle, 22nd October, 1852.

Azor's Turkish Balm.

THE ONLY CERTAIN REMEDY FOR BALDNESS, AND FOR PREVENTING AND STOPPING THE FALLING OUT OF THE HAIR.

As a Toilet Article, for Beautifying and keeping the Hair Soft, Glossy, and in a Healthy Condition, it is unequalled. Its positive qualities are as follows:

1st—It frees the head from dandruff, strengthens the roots, imparts health and vigour to the circulation, and prevents the hair changing colour or getting gray.

2d—It causes the hair to curl beautifully when done up in it over night.

This Balm is made from the original receipt procured from the original Turkish Hakim (physician) of Constantinople, where it is universally used. The Turks have always been celebrated for their wonderful skill in compounding the richest perfumes and all other toilet articles. In Turkey the aromatic herbs, &c., of which this Balm is composed, are almost universally known and used for the hair. Hence a case of baldness is no head of hair is entirely unknown in that country. We wish but one trial to be made of it; that will do more to convince you of its virtues than all the advertisements that can be published, and that all may be able to test its virtues, it is put up in Large Bottles at the low price of 50 cents per bottle.

Remember the genuine has the signature of

Constock & Brother on the splendid wrapper.

TO OWNERS OF AND DEALERS IN HORSES.

CARLTON'S FOUNDER OINTMENT.

For the cure of Founder, Split Hoof, Hoof-bound Horses, and Contracted and Feverish Feet, Wounds, Bruises in the Flesh, Galled Backs, Cracked Heels, Scatches, Cuts, Kicks, &c. on horses.

CARLTON'S RING BONE CURE.

For the cure of Ring-Bone, Blood Spavin, Bone Spavin, Windgalls, and Splint—a certain remedy.

CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.

The change of weather and season, with the change of use and feed, have a very great effect upon the blood and sinuous fluids of horses.

It is in these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, Bots, &c. All of which will be prevented by giving one of these powders, and will at any time cure when any symptoms of disease appear, if used in time.

They purify the blood, remove all inflammation and fever loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the "active glands," and therefore they have the same effect upon the Horses, the Ox, the Ass, and all Herbivorous animals—all diseases arising from or produced by a bad state of the blood, are speedily cured by them. CAUTION—Remember and ask for CARLTON'S CONDITION POWDERS, and take no other.

CARLTON'S articles for Horses and cattle are prepared from the recipe of a very celebrated English Farrier, and will cure in ninety-nine cases out of one hundred any of the above complaints. They have been used by Farmers, liverymen stage proprietors and others with the most marked and decided success.

CAUTION—None can be genuine, unless you find the name of J. Carlton Constock on the Wrapper of each article. Remember this, as their articles have been extensively counterfeited of late, look and find the proprietors name, J. Carlton Constock, &c., never buy without.

CAUTION—All the above named articles are sold only by Constock & Brother, 2 St. Peter's Place, directly in rear of the Astor House, between Barclay and Vesey sts., one door from Barclay and one block from Broadway, New York, to whom all orders must be directed, also only by Wm. Forbes and Wm. Muirhead, Chatham. Wm. Masson & Co, George Watt, and M. Sargeant, Newcastle. Park & Alexander, Douglastown. And by Agents in every town in New Brunswick.

Old Rheumatic Affections

CAN BE CURED BY THE

CRAMP AND PAIN KILLER.

Den. Henry Hunt was cured of NEURALGIA or SCIATIC RHEUMATISM, after having been under the care of a physician six months. The Cramp and Pain Killer was the first thing that afforded him any relief.

David Barker was cured of a RHEUMATIC PAIN IN THE KNEE, after three or four days and nights of intense suffering, by one bottle of the Cramp and Pain Killer.

T. H. Carnart—suffering from Cramp in the Limbs, the cords of his legs knotting up in "age manches," was cured by the Cramp and Pain Killer, at another time a few applications entirely cured him of an exceedingly bad Rheumatic Affection in the Back.

A young lady, fifteen years of age, daughter of John W. Sherwood, was long afflicted with SPINAL COMPLAINT, after being reduced to the verge of the grave, was cured by the Cramp and Pain Killer.

John Buckman, after having suffered everything but death from Rheumatism, which seemed to pervade almost every part of the body, was cured by the Cramp and Pain Killer.

Mrs. Davis was cured by it of Bilious Cholera. A man in Portland was cured by it of Bilious Cholera when his wife was well nigh despaired of. Hundreds have been relieved by it of tooth ache, ague in the face, &c.

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP.

FOR CHILDREN TEETHING.

For the Nervous Affections, Convulsions, Fever, inflammation of the Bowels, &c., that attend this period of children, she recommends it as sure to produce the desired effect, giving Rest to the Mother, and Relief and Health to the infant.

A child on Congress Street was cured by the Soothing Syrup, of Infantile Dysentery or Diarrhoea, after being given over by the attending Physician.

Mr. Blackman, of Eddington says, it has never failed to Cure the Dysentery or Diarrhoea in children whenever used in the village.—Lots of it is sold.

One parent informs me his child had suffered to an alarming extent with Flatulency or Wind Cholice. Lately they have used the Soothing Syrup, and it always effects a speedy cure.

Hundreds of like instances might be enumerated. In every town where it has been sold Mothers try it.

ALSO FOR SALE, THOSE PURE

Wild Cherry Bitters.

For the cure of Bilious and Jaundice complaints, and general debility. They quicken the blood and give new life and energy to the whole system. Price only 37 1/2 cents in Pint Bottles.

BOYD & PAUL, No. 40, Cortlandt Street, New York, wholesale agents for the above medicines.

For sale by W. Forbes and W. A. Letson, Chatham. Park & Alexander, Douglastown. M. M. Sargeant, Newcastle. John McKenna, J. E. Obrien, and G. & A. Smith, Bathurst. And by agents in almost every town in New Brunswick.

Domestic Manufactures.

The Subscriber intimates to the public, that he has fitted up an establishment for the MANUFACTURE OF FURNITURE

of all kinds, and that he has now on hand a quantity of Chairs, Bedsteads, Tables, &c. &c., superior to any imported, which he will sell at prices to defy competition.

ADVERTISEMENT.

Mr Pierce,

Sir—It is very natural that Mr Hutchison, after adopting the extraordinary measures which he did, upon the death of the lamented Mr. Whittier, without a pressing necessity, and without the shadow of law or usage, it is very natural that he should seek to justify himself in the eyes of the public. With this view, I suppose, he caused to be published in the last Gleaner, an extract of a letter alleged to have been received by him from Scotland. I will thank
