AGRICULTURE.

ON THE CULTIVATION OF THE DAHLIA.

MR EDITOR .- As the British North America chiefly devoted to the amusement of the public, permit me through its columns, to endeavour to urge them to a pur-suit which will afford them both amuse-ment and pleasure, and be the means of inducing them to outvie each other in the cultivation of the beauties of flora.

This may with propriety be denomirated one of the most important perennial Tu-berous rooted plants that can be introduced into a Garden. In March or April the roots, if properly kept through the winter roots, if properly kept through the winter will begin to sprout around the old stem and Tubers. To forward these sprouts in growth, the roots should be either buried in light Earth on the top of a moderate hot Bed, or else potted and then put in a warm room or green house, and watered as soan as the sprouts have grown to the length of two or three inches; the roots may be divided in such a manner as to may be divided in such a manner as to have a good strong shoot attached to a piece of the Tuber or old stem. Let the ground be pulverized and enriched with good old manure before the Plants are set out. If the top soil be shallow and the subsoil inferior it would be beneficial to the plants if holes be dug to the depth of from twelve to eighteen inches, and then replenished with good compost consisting of two thirds fresh loam and one third of well rotted manure, with a little sand and peat. After the Plants have grown to about a foot in height, it will be necessary to provide for their preservation through the varied changes of the season, for a sudden gust of wind may destroy the expec-tations of a year. The branches of the Dahlia are extremely brittle and therefore a good stout pole or neat stake should be driven in the ground down near each root of a suitable height so that the branches as they progress in growth, may be ned thereto at every joint, which may be done with shreds or matting. As the Dahlia exhibits its flowers in all their splendour until nipped by the frost, the roots ought in the event of a very sudden attack be seour drom its bighting effects, they are not apt to keep well if taken up before they are ripened.

The tops should therefore be cut down as soon as they have done flowering, and the ground covered arround the roots with dung or litter; this will enable them to ripen without being injuried by frost; and in about a week after being cut down or on the appearance of severe weather, they should be dug up and dried and packed in dry sand and then stowed away in a dry dry sand and then stowed away in a dry place out of the reach of frost. Some people complain of the difficulties of keeping Dahlia-Roots through the Winter. I am of opinion that they are often killed from being taken up before they are ripe and then put it in a confined damp place or they are, by some perhaps subjected to the other extreme and dried to a husk. The Dahlia derived its name in honor of Andrew Dahl, the celebrated Swedish Botanist. It is generally said to have been introduced by Lady Holland, in 1804, but the fact is it had been introduced many years before that period, and was brought from Madrid in 1804 by Lady Holland who apparently did not know that it was already in the Country.

Sir, I am with the most profound respect Your most obedient and humble servent.

EDWARD LEAHY, Gardener.

HINTS FOR THINNING FRUIT.

The prospects of an abundant fruit-crop throughout most of the fruit-growing regions of this country, have scarcely ever been better according to the best information we can obtain, then they are the present season. The winter was of more than an average mildness; and the spring, though early has been cool, without any voilent changes likely to affect the fruit-buds.

It is very well known that in favorable seasons, after a failure especially trees bear too much. It is very common to see them so loaded with fruit as snot only to cease growing entirely, but to bend and break kown under its weight. This should be guarded against. Trees are in a multitude of cases enfeetled, broken—contract diseases, and are, in short, ruined by excessive bearing; and every man who appreciates the value of in full grown bearing tree, should guard against such a result as carefully as he would his ox or his horse. against excessive labor that would be certain to injure or kill them.

HORTICULTURAL GARDENS.

There is a magnificent show of flowers at the above Gardens just new. Only fancy a row of sweet Williams nearly 4 feet deep! with all other kinds of flore ! with all other kinds of flowers and vegetables in season, in the greatest profu-

The young trees on all sides are large enough to give shelter to the Birds, which gaily carol in their branches, and some of the walks are so secluded as to afford plenty shelter for a fellow to kiss his sweetheart in perfect security. Only think of

in the hot-house, over 100 hunches of grapes may be seen progressing to maturi-

A BLISTER DRESSING .- Pure hogsland without salt, one pound and a half; white wax, four ounces; melt in an earthen pip-kin stir till cold, and keep in a closely co-of each Pot or Box are 1s 6d 3s 9d, 6s 3d, 15, vered jar.

To CURE WARTS. - Take the inner rind of a lemon steep it twenty-four hours in distilled vinegar, and apply it to the warrs. It must not be left on the part above three of all kinds for sale at this hours at a time, and is to be applied 'fresh every day.

Never Failing Remedy

HOLLOWAY'S OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCH ES AFTER TEN YEARS SUFFER-ING.

Copy of a Letter from Mr. Thompson, Chemist, Liverpool, dated August 20th, IS5.3

To Professor Holloway,
Dear Sir—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which so astonished every person acquainted with the sufferer. About ten years ago, Mr. W. Cummins, of Saltney Street, in this town was thrown from his horse, whereby he received every serious injuries; he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running inmate of different infirmaties, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly 10 years; recently he began to use your Ointment and Pills, which have now healed the wound, strength-and his limb and applied him to dispense ened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.

(Signed) J. THOMPSON

A MOST EXTRAORDINARY CURE OF ADREADFUL SKIN DISEASE WHEN ALL MEDICAL AID HAD FAILED.

Copy of a letter from Mr Hird, Draper, of Keady, near Gainsbro', dated March 1st, 1853.
To Professor Holleway,
Sir-Some time since, one of my children

children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration the effect was miraculous, for by persevering in use, all the eruptions quickly disappeared and the child was restored to perfect health.

I previously lost a child from a similar complaint and I firmly believe had I in her case adopted your medicines she would have been saved also. I shall be happy to testify the truth of this to any enquirer.

(Signed)

J. Hird, Draper.

ANOTHER SURPRISING CURE OF A ULCERATED BAD LEG. DEBILITY AND GENERAL ILL HEALTH.

Copy of a letter from Mr J. M. Clennell, of Newcastle-on-Tyne, dated September 20th

To Professor Hollowy.

Dear Sir, —I am authorised by Mrs Gibbon of 31, Bailey Street, in this town, to inform you that for a considerable period she had been a sniferer from debility, and general ill health, accompanied with a disordered stomack, and greet derangement of the system. In addition to this she was terribly afflicted with ulceratedwouds, or running sores, in both her legs, so that she was totally incapable of doing her usual work. In this distressing condition she adopted the use of your Pills and Ointment, and she states, that in a wonderful short time, they facted a perfect cure of her legs and restored her constitution to health and strength: and that she is now able to walk about with ease and comfort. able to walk about with ease and comfort.

Several other persons in this noighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain, Dear Sir, yours faithfully, (Signed) John Morron Clennelle.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS—AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE.

Copy of a Letter from Messrs Walker and Co, Chemists Bath. To Professor Holloway,

Dear Sir-Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston about five miles from this city. She had ulcerated in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition shd had recourse to your Ointment and Pills, and by the assistance of her friends was enablea to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person she being about seventy years of age. We shall be happy to satisfy any enquiries as to the authenticity of this really wonderful ease, either personally or by letter. We remain, dear Sir,

Yours faithfully, WALKER & Co. (Signed)

The Pill should be used conjointly with the Ointment in most of the following cases:

Sad Legs Chilbiains Fistulas Bad Legs Bad Breasts Fistulas Chapped hands Corns soft Burns Bunions Glaudular Swelling⁸ Lumbago Carcers Bites of Moschetoe and & stiff joints Rhuma-Sand flies Elephantiasis tism Cocobay Scalds Sore throats Chiego foot Skin Diseases sore nipples. Azor's Turkish Balm,
THE ONLY CERTAIN REMEDY FOR
BALDNESS, AND FOR PREVENTING AND STOPPING THE FALLING
OUT OF THE HAIR.

As a Toilet Article, for Beautifying and keeping the Hair Soft, Glossy, and in a Healthy Condition, it is unequalled. Its positive quali-

ing the Hair Soft, Glossy, and in a Healthy Condition, it is unequalled. Its positive qualitites are as follows:

Ist—It frees the head from dandruff, strengthens the roots, imparts health and vigour to the circulation, and prevents the hair changing colour or getting gray.

2d—It causes the hair to curl beautifully when done up in it over night.

This Balm is made from the original receipt procured from the original Turkish Hakim (physician) of Constantinople, where it is uneversally used. The Turks have always been celebrated for their wonderful skill in compounding the richest perfumes and all other toilet articles. In Turkey the aromatic herbs, &c., of which this Balm is composed, are almost uneversally known and used for the hair. Hence a case of baldness ro thus head of hair is entirely unknown in that consurry. We wish but one trial to be made of it; that will do more to convince you of its virtues than all the advertisements that can be published, and that all may be able to test its virtues, it is put up in Large Bottles at the low price of 50 cents per pottle,

Remember the genuine has the signature of Comstook & Reather on the splendid wranner.

Remember the genuine has the signature of constock & Brother on the splendid wrapper.

TO OWNERS OF AND DEALERS IN HORSES.

CARLTON'S FOUNDER CONTINENT.
For the cure of Founder, Split Hoof, Hoofound Horses, and Contracted and Feverish
eet, Wounds, Ernises in the Flesh, Galled
sacks, Cracked Heels, Scratches, Cuts, Kicks, bound Horses, and Country to Flesh, Galled Backs, Cracked Heels, Scratches, Cuts, Kicks, &c. on horses.

CARLTON'S RING-BONE CURE.

For the cure of Ring-Bone, Blood Spavin, Bone Spavin, Windgalls, and Splint—a certain ramady.

CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.

The change of weather and season, with the change of use and feed, have a very great effect upon the blood and sinuous fluids of horses. It is at these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, Potts, &c. All of which will be prevented by giving one of these powders, and will at any time cure when any symptoms of disease appear, if used in time. They purify the blood, remove all inflamation and fever loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the secretive glands, and therefore they have the same effect upon the Horse, the Ox, the Ass, and all Herbivorous animals—all diseases arising from or producing a bad state of the blood, are speedily circle by them. Caution.—Remember and ask for Carlton's Condition Powders, and take no other.

CARLTON'S articles for Horses and cattle.

as a for Carlifon's Corpition Powbers, and take no other.

CARLTON'S articles for Horses and cattle are prepared from the recipe of a very celebrated English Farrier, and will cure in ninety, nine cases out of one hundred any of the above complaints. They have been used by Farmers, liverymen stage preprictors and others with the most marked and decided succes.

Carriery News can be gauging, upless you

most marked and decided succes.

GAUTION.—None can be genuine, unless you find the name of J. Calton Comstock on the Wrapper of each article. Remember this, as their articles have been extensively counterfeited of late, look and find the proprietors name, J. Calton Comstock, &c., never buy without.

Caution.—All the above named articles are sold only by Comstock & Brother, 2 St. Peter's Place, directly in rear of the Astor House, between Barclay and Vesey sts., one door from Barclay and one block from Broadway, New York, to whom all orders must be directed, also only by Wm. Forbes and Wm. Muirhead, Chatham. Wm. Masson & Co., George Watt, and M. Sargeaut, Newcastle. Park & Alexander, Douglastown. And by Agents in every town in New Brunswick.

Old Rheumatic Affections

CAN BE CURED BY THE

CRAMP AND PAIN KILLER. Den. Henry Hunt was cured of NEURALOGY or SCIATIC RESUMATISM, after having been under the cere of a physician six months. The Cramp and Pain Killer was the first thing that afforded him any relief.

David Barkor was cared of a RHEUMATIC PAIN IN THE KNES, after three or four days and nights of intense suffering, by one bottle of the Cramp and Pain Killer.

T. H. Carman—suffering from Cramp in the

of intense suffering, by one bottle of the Cramp and Pair Killer.

T. H. Carman—suffering from Cramp in the Limbs, the cords of his legs knot ing up in large bunches, was cured by the Cramp and Pain Killer, at another time a few applications entirely cured him of an exceedingly bad Rheumatic Affection in the Back.

A young lady, fifteen years of age, daughter of John W. Sherwood, was long afflicted with Spinal Complaint, after being reduced to the verge of the grave, was cured by the Cramp and Pain Killer.

John Buckman, after having suffered everything but death from Rheumatism, which seemed to pervade almost every part of the body, was cured by the Cramp and Pain Killer.

Mrs Davis was cured by it of Bilious Cholic. A man in Portland was oured by it of Bilious Cholic when his life was well nigh despaired of. Hundreds nave been relieved by t of tooth ashe, ague in the face, &c.

MRS. WINSLOW.

An experienced Narse and Female Physician, presents to the attention of Mothers, her SOOTHING SYRUP. FOR CHILDREN TEETHING.

For the Nervous Affections, Convulsions, Fever, Inflamation of the Bowels, &c., that attend this period of children, she recommends it as sure to produce the desired effect, giving Rest to the Mother, and Relief and Health to the unfant. A child on Congress Street was cured by the Soothing Syrup, of Infantile Dysentery or Diarrahora, after being given over by the attending Physician.

Mr Blackman, of Eddington says, it has never failed to Cure the Dysentery or Diarrhosa in children whenever used in the village.—Lots of it is sold.

Lots of it is sold.

One parent informs me his child had suffored to an alarming extent with Flatulence or Wind Cholic. Lately they have used the Soothing Syrup, and it always effects a speedy cure.

Hundreds of like instances might be enumerated. In every town where it has been sold Mothers try it.

ALSO FOR SALE, THOSE PURE

Wild Cherry Bitters,

For the cure of Bilous and Jaundice complaints, and general debility. They quicken the blood and give new life and energy to the whole system. Price only 375 cents it Pint Bottles.
