

A FEW WORDS ABOUT OURSELVES.

In July last we commenced publishing the Gleaner twice a week. To accomplish this, we incurred considerable expense in procuring an additional press...

Notwithstanding these drawbacks, we should have been content to persevere, had the mail arrangements continued as they were at the time we commenced our semi-weekly issue...

Some persons hold back because they think the price is high. Things are dear or cheap by comparison, (and we presume Newspapers must be judged by the same rule)...

Others say—that it lacks spicy articles on political subjects—that it does not keep up a constant fire against all men in power, and seek constantly for subjects calculated to excite public feeling...

But we have never been backward, when public abuses required investigation, or the conduct of public men deserved censure, to speak our mind freely and fearlessly.

This is the course we have pursued, and the one we shall continue to follow. The irregularity in the arrival of the Southern mails is also a serious impediment in our way...

At the commencement of the year we shall resume our Weekly issue. One edition will be published on Saturday evening, to be despatched by the following day's mail to the Northward...

THE SCHOOLMASTER.

A NEW MONTHLY HALF-DOLLAR MAGAZINE, Devoted to Practical Education—For Fireside and Wayside.

The Schoolmaster, a new monthly magazine of USEFUL INFORMATION, is published on the first of each month, at No. 40 Ann Street, New York. It contains 16 quarto pages, printed on a superior quality of paper, at 50 cents per annum, in advance—11 copies for \$5 00; 25 copies \$9; 50 copies \$15; 100 copies \$25.

THE SCHOOLMASTER, will embrace in its MATTER and MECHANICAL EXECUTION several features, peculiarly its own. It has two-fold purpose—1st. To promote the interest of Universal Education, by encouraging and extending the system of Free Schools. 2nd. To supply the Fireside and Wayside reader with entertaining, instructive and useful reading, worthy of preservation, and which shall form a part of the mental furniture of its readers—to awaken a desire for the acquisition of science, and inspire a spirit for self-improvement, physically, mentally and morally, and to furnish when awakened, such "food for thought" as shall develop the whole man, refine and elevate him in the scale of being.

To accomplish this object the SCHOOLMASTER will contain a variety of original and carefully selected matter, on the principles, means and end of Education and educational institutions—its advantage and benefits to individuals and nations—the duty of enlightened legislation on the subject. It will also contain a department, in which practical and experienced educators will discuss the best method of imparting instruction, in the school room or family circle. The SCHOOLMASTER will aid in shelling from merciless attacks all those institutions of learning which the "Father of his country" referred to in his farewell address to the American people, when he said:—"Promote as an object of primary importance institutions for the general diffusion of useful knowledge." Great care will be taken that "Not one immoral, one corrupt thought One line, which dying we could wish to blot," shall ever appear on its pages.

It will be a strict and an educational magazine—a physical, mental and moral educator for Universal Circulation—an encyclopaedia of valuable information for all ed. ses of Readers—matter gathered and garnered from intellectual storehouses.

Its patrons will find in its ample pages Scientific Items, Literary Gems, Curiosities of Art, Relics of the Past, Pearls, Diamond Dust and Gold Sands, Facts for the Curious, Curiosities, from Antiquarian Cabinets, Biographical Sketches, showing that "the proper study of mankind is man;" Dew-drops of Wisdom, Rare Readings, Hints for the Home Circle, and the events of the age, carefully collected, culled and collated from sources which from their expense, are not accessible, and are as "sealed fountains of living waters" to thousands of readers.

Believing as we do that a publication of the kind we propose to make the SCHOOLMASTER, is needed to counteract the influence of a vicious literature which too often blights and scathes the souls of its too willing readers, we cheerfully send the SCHOOLMASTER abroad and anticipate that the friends of education will encourage the enterprise. And although "Tis not in mortals to command success, We'll do more—deserve it."

School-teachers, Editors, Clergymen, Students, School Officers, Post masters, and all friends of practical education are respectfully requested to aid us in extending the Circulation and usefulness of the SCHOOLMASTER.

Editors desiring an exchange, will always secure it by noticing or copying this prospectus, and addressing their papers to the Schoolmaster, New York.

N. B.—Travelling agents of good address capable of giving lectures on the subject of education, are wanted, with whom very liberal arrangements will be made—SEE TERMS. Specimen Nos. furnished on application. Address SPAULDING & CO. 40 Ann Street, New York.

Mr Pierce, Sir: It is very natural that Mr Hutchison, after adopting the extraordinary measures which he did, upon the death of the lamented Mr Wishart, without a pressing necessity, and without the shadow of law or usage, it is very natural that he should seek to justify himself in the eyes of the public. With this view, I suppose, he caused to be published in the last Gleaner, an extract of a letter alleged to have been received by him from Scotland. I will thank you Sir, to publish also the following extract of a letter received by me per the last British mail.

Yours truly THOMAS KERR.
