DAIRY MANAGEMENT.

"A Flintshire Dairyman" asks how far the system of house-feeding is applicable to dairy management, particularly the manufacture of cheese? I would refer your correspondent Professor Playfair's lecture in the fourth volume of the Royal Agricultural Society's "Transactions," where he will find that whilst house-feeding of cows is admirably suited for promoting a great increase of butter, if the animals are properly fed, grass-feeding, or out-of-door feeding is essentially necessary for the manufacture of cheese. And this reason is assigned for the difference in treatment: that a generous diet and warmth and quiet are promotive of the oily substance of the milk, from which butter is made; but that exercise, and less rich nourishment produce that peculiar substance in milk called casein, from which cheese is procured. In fact it appears that, without exercise, very little casein is obtained from the cow, and that the waste of the tissues which exercise promotes, increases indirectly the amount of casein in the milk. It is, however, a matter of very great importance to the cheese farmers to ascertain whether, by feeding the cows more frequently with leguminous food which contains a larger proportion of casein than other vegetable food, and giving them regular exercise, as your correspondent suggests, the advantages of house-feeding, which are in many ways of essential benefit, cannot be practised by the dairyman in the manufacture of cheese. The economy of food, the collection of manure, both solid and fluid, the general comfort of the animals, the increased number of cows which can be fed on the same land, the facility of milking, &c., all combine to render the house-feeding of cows most desirable. And I hope some experiments will be made with this object in view. As exercise increases the casein in milk, a cow-house could be so constructed that there should be a circular covered walk, where the animals could be daily exercised; or could they not be trained to the yoke, and accustomed to draw light weights? (The manure for instance, out of the yard.) Of course great care would be required that they should not strain themselves but merely exercise their muscles. I have seen in Flanders the ploughing of land by cows, but I should consider this much harder labor than is proper.

HOW TO SUBDUDE A VICIOUS HORSE.

A correspondent of the New York Commercial gives the following account of the method adopted by an officer of the United States service lately returned from Mexico to subdue a horse who would not allow his feet to be handled for the purpose of shoeing:

He took a cord about the size of a common bed-cord put it in the mouth of the horse like a bit, and tied it tightly on the top of the animal's head passing his left ear under the string not painfully tight but tight enough to keep the ear down, and the cord in its place. This done he patted the horse gently on the side of the head and commanded him to follow and instantly the horse obeyed, perfectly subdued, and as gentle as a well trained dog; suffering his feet to be lifted with entire impunity, and acting in all respects like an old stager. The simple string thus tied made him at once as docile and obedient as any one could desire. The gentleman who thus furnished this exceedingly simple means of subduing a very dangerous propensity, intimated that it is practised in Mexico and South America in the management of wild horses.

Never Failing Remedy,

HOLLOWAY'S OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS SUFFERING.

Copy of a Letter from Mr. Thomson, Chemist, Liverpool, dated August 20th, 1853 To Professor HOLLOWAY.

Dear Sir—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which so astonished every person acquainted with the sufferer. About ten years ago, Mr. W. Cummins, of Saltney Street, in this town was thrown from his horse, whereby he received every serious injury; he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly 10 years; recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE WHEN ALL MEDICAL AID HAD FAILED.

Copy of a letter from Mr. Hird, Draper, of Keady, near Gainsboro', dated March 1st, 1853. To Professor HOLLOWAY.

Sir—Some time since, one of my children children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration the effect was miraculous, for by persevering in use, all the eruptions quickly disappeared and the child was restored to perfect health.

I previously lost a child from a similar complaint and I firmly believe had I in her case adopted your medicines she would have been saved also. I shall be happy to testify the truth of this to any enquirer.

(Signed) J. HIRD, Draper.

ANOTHER SURPRISING CURE OF AN ULCERATED BAD LEG, DEBILITY AND GENERAL ILL HEALTH.

Copy of a letter from Mr. J. M. Clennell, of Newcastle-on-Tyne, dated September 20th 1852.

To Professor HOLLOWAY.

Dear Sir,—I am authorised by Mrs Gibbon of 31, Bailey Street, in this town, to inform you that for a considerable period she had been a sufferer from debility, and general ill health, accompanied with a disordered stomach, and great derangement of the system. In addition to this she was to be afflicted with ulcerated wounds, or running sores, in both her legs, so that she was totally incapable of doing her usual work. In this distressing condition she adopted the use of your Pills and Ointment, and she states, that in a wonderful short time, they effected a perfect cure of her legs and restored her constitution to health and strength; and that she is now able to walk about with ease and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain, Dear Sir, yours faithfully,

(Signed) JOHN MORTON CLENNELL.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS—AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE.

Copy of a Letter from Messrs Walker and Co, Chemists Bath.

To Professor HOLLOWAY,

Dear Sir—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston about five miles from this city. She had ulcerated in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person she being about seventy years of age. We shall be happy to satisfy any enquiries as to the authenticity of this really wonderful cure, either personally or by letter. We remain, dear Sir,

Yours faithfully,

(Signed) WALKER & Co.

The Pill should be used conjointly with the Ointment in most of the following cases: Bad Legs, Chilblains, Fistulas, Bad Breasts, Chapped hands, Gout, Burns, Corns soft, Glandular, Bunion, Carcers, Swellings, Bites of Mos- & chetoe and Contracte, Lumbago, Sand flies, Elephantiasis, Rheumatism, Cocobay, Sore throats, Scalds, Chiego-foot, Skin Diseases, sore nipples, Scurvey, Sore heads, Tumours, Ulcers, Wounds, Yaws.

Azor's Turkish Balm.

THE ONLY CERTAIN REMEDY FOR BALDNESS, AND FOR PREVENTING AND STOPPING THE FALLING OUT OF THE HAIR.

As a Toilet Article, for Beautifying and keeping the Hair Soft, Glossy, and in a Healthy Condition, it is unequalled. Its positive qualities are as follows:

1st.—It frees the head from dandruff, strengthens the roots, imparts health and vigour to the circulation, and prevents the hair changing colour or getting gray.

2d.—It causes the hair to curl beautifully when done up in it over night.

This Balm is made from the original receipt procured from the original Turkish Hakim (physician) of Constantinople, where it is universally used. The Turks have always been celebrated for their wonderful skill in compounding the richest perfumes and all other toilet articles. In Turkey the aromatic herbs, &c., of which this Balm is composed, are almost universally known and used for the hair. Hence a case of baldness or thin head of hair is entirely unknown in that country. We wish but one trial to be made of it; that will do more to convince you of its virtues than all the advertisements that can be published, and that all may be able to test its virtues, it is put up in Large Bottles at the low price of 50 cents per bottle.

Remember the genuine has the signature of Constock & Brother on the splendid wrapper. TO OWNERS OF AND DEALERS IN HORSES.

CARLTON'S FOUNDER OINTMENT.

For the cure of Founder, Split Hoof, Hoof-bound Horses, and Contracted and Feverish Feet, Wounds, Bruises in the Flesh, Galled Backs, Cracked Heels, Scratches, Cuts, Kicks, &c. on horses.

CARLTON'S RING BONE CURE.

For the cure of Ring-Bone, Blood Spavin, Bone Spavin, Windgalls, and Splint—a certain remedy.

CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.

The change of weather and season, with the change of use and feed, have a very great effect upon the blood and sinuous fluids of horses. It is at these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, Bots, &c. All of which will be prevented by giving one of these powders, and will at any time cure when any symptoms of disease appear, if used in time. They purify the blood, remove all inflammation and fever upon the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the operative glands, and therefore they have the same effect upon the Horse, the Ox, the Ass, and all Herbivorous animals—all diseases arising from or producing a bad state of the blood, are speedily cured by them. CAUTION.—Remember and ask for CARLTON'S CONDITION POWDERS, and take no other.

CARLTON'S articles for Horses and cattle are prepared from the recipe of a very celebrated English Farrier, and will cure in ninety-nine cases out of one hundred any of the above complaints. They have been used by Farmers, Veterinary Surgeons, and others with the most marked and decided success.

CAUTION.—None can be genuine, unless you find the name of J. Carlton Constock on the Wrapper of each article. Remember this, as their articles have been extensively counterfeited of late, look and find the proprietors name, J. Carlton Constock, &c., never buy without.

CAUTION.—All the above named articles are sold only by Constock & Brother, 2 St. Peter's Place, directly in rear of the Astor House, between Barclay and Vesey sts., one door from Barclay and one block from Broadway, New York, to whom all orders must be directed, also only by Wm. Forbes and Wm. Muirhead, Chatham. Wm. Masson & Co. George Watt, and M. Sargeant, Newcastle. Park & Alexander, Douglastown. And by Agents in every town in New Brunswick.

Old Rheumatic Affections

CAN BE CURED BY THE

CRAMP AND PAIN KILLER.

Den. Henry Hunt was cured of NEURALGIA or SCIATIC RHEUMATISM, after having been under the care of a physician six months. The Cramp and Pain Killer was the first thing that afforded him any relief.

David Baker was cured of a RHEUMATIC PAIN IN THE KNEE, after three or four days and nights of intense suffering, by one bottle of the Cramp and Pain Killer.

T. H. Gorman—suffering from Cramp in the Limbs, the cords of his legs knotting up in large bunches, was cured by the Cramp and Pain Killer, at another time a few applications entirely cured him of an exceedingly bad Rheumatic Affection in the Back.

A young lady, fifteen years of age, daughter of John W. Sherwood, was long afflicted with SPINAL COMPLAINT, after being reduced to the verge of the grave, was cured by the Cramp and Pain Killer.

John Buckman, after having suffered everything but death from Rheumatism, which seemed to pervade almost every part of the body, was cured by the Cramp and Pain Killer.

Mrs Davis was cured by it of Bilious Cholera. A man in Portland was cured by it of Bilious Cholera when his life was well nigh despaired of. Hundreds have been relieved by it of tooth ache, ague in the face, &c.

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP.

FOR CHILDREN TEETHING.

For the Nervous Affections, Convulsions, Fever, Inflammation of the Bowels, &c., that attend this period of children, she recommends it as sure to produce the desired effect, giving Rest to the Mother, and Relief and Health to the infant. A child on Congress Street was cured by the Soothing Syrup, of Infantile Dysentery or Diarrhoea, after being given over by the attending Physician.

Mr Blackman, of Edgington says, it has never failed to Cure the Dysentery or Diarrhoea in children whenever used in the village.—Lots of it is sold.

One parent informs me his child had suffered to an alarming extent with Flatulence or Wind Cholera. Lately they have used the Soothing Syrup, and it always effects a speedy cure.

Hundreds of like instances might be enumerated. In every town where it has been sold Mothers try it.

THE SCHOOLMASTER.

A NEW MONTHLY HALF-DOLLAR MAGAZINE, Devoted to Practical Education—For Friends and Wayside.

The Schoolmaster, a new monthly magazine of USEFUL INFORMATION, is published on the first of each month, at No. 40 Ann Street, New York. It contains 16 quarto pages, printed on a superior quality of paper, at 50 cents per annum, in advance—11 copies for \$5 00; 26 copies \$9; 50 copies \$15; 100 copies \$25.

THE SCHOOLMASTER, will embrace in its MATTER and MECHANICAL EXECUTION several features, peculiarly its own. It has two-fold purpose—1st. To promote the interest of Universal Education, by encouraging and extending the system of Free Schools. 2nd. To supply the Friends and Wayside reader with entertaining, instructive and useful reading, worthy of preservation, and which shall form a part of the mental furniture of its readers—to awaken a desire for the acquisition of science, and inspire a spirit for self-improvement, physically, mentally and morally, and to furnish when awakened, such "food for thought" as shall develop the whole man, refine and elevate him in the scale of being.

To accomplish this object the SCHOOLMASTER will contain a variety of original and carefully selected matter, on the principles, means and end of Education and educational institutions—its advantage and benefits to individuals and nations—the duty of enlightened legislation on the subject. It will also contain a department, in which practical and experienced educators will discuss the best method of imparting instruction, in the school room or family circle. The SCHOOLMASTER will aid in shielding from merciless attacks all those institutions of learning which the "Father of his country" referred to in his farwoll address to the American people, when he said—"Promote as an object of primary importance institutions for the general diffusion of useful knowledge." Great care will be taken that

"Not one immoral, one corrupt thought One line, which dying we could wish to blot,"

shall ever appear on its pages. It will be strictly an educational magazine—a physical, mental and moral educator for Universal Circulation—an encyclopaedia of valuable information for all edes of Readers—matter gathered and garnered from intellectual storehouses.

Its patrons will find in its simple pages Scientific Items, Literary Gems, Curiosities of Art, Relics of the Past, Pearls, Diamond Dust and Gold Sands, Facts for the Curious, Curiosities, from Antiquarian Cabinets, Biographical Sketches, showing that "the proper study of mankind is man;" Dew-drops of Wisdom, Rare Readings, Hints for the Home Circle, and the events of the age, carefully collected, culled and collated from sources which from their expense, are not accessible, and areas "stealed fountains of living waters" to thousands of readers.

Believing as we do that a publication of the kind we propose to make the SCHOOLMASTER, is needed to counteract the influence of a vicious literature which too often blights and scathes the souls of its too willing readers, we cheerfully send the SCHOOLMASTER abroad and anticipate that the friends of education will encourage the enterprise. And although

"'Tis not in mortals to command success, We'll do more—deserve it."

Our School-teachers, Editors, Clergymen, Students, School Officers, Post masters, and all friends of practical education are respectfully requested to aid us in extending the Circulation and usefulness of the SCHOOLMASTER.

Editors desiring an exchange, will always secure it by notifying or copying this prospectus, and addressing their papers to the Schoolmaster, New York.

N. B.—Travelling agents of good address capable of giving lectures on the subject of education, are wanted, with whom very liberal arrangements will be made—SEE TERMS.—Specimen Nos. furnished on application. Address

Mr Pierce, Sir—It is very natural that Mr Hutchison, after adopting the extraordinary measures which he did, upon the death of the lamented Mr. Wisbart, without a pressing necessity, and without the shadow of loss or usage, it is very natural that he should seek to justify himself in the eyes of the public. With this view, I suppose, he caused to be published in the last Gleaner, an extract of a letter alleged to have been received by him from Scotland. I will thank you Sir, to publish also the following extract of a letter received by me per the last British mail.
