

AGRICULTURE.

CREAM CHEESE.

Take one quart of very rich cream, a little soured, put it in a linen cloth and tie it as close to the cream as you can. Then hang it up to drain for two days—take it down and carefully turn it into a clean cloth, and hang it up for two more days—then take it down, and having put a piece of linen on a deep soup plate, turn your cheese upon it. Cover it over with your linen; keep turning it every day on to a clean plate and clean cloth until it is ripe; which will be in about ten days or a fortnight, or may be longer, as it depends on the heat of the weather. Sprinkle a little salt on the outside, when you turn them. If it is wanted to ripen quick, keep it covered with mint, or nettle leaves. The size made from a quart of cream is most convenient, but if washed larger they can be made so.

STRIKING ILLUSTRATION.

At the Agricultural Convention held in Boston in March last, the presiding officer Hon. M. P. Wilder, in the course of an able speech showing the advantage of improving agriculture, gave the following example: "We have 150,000 cows in this Commonwealth. Suppose science enable these, or improved breeds, to yield one additional quart of milk per day, this, at three cents per quart, would increase the productive capital of the state \$4,500 per day, or \$1,642,500 per year; or if two quarts per day, a gain of more than three millions of dollars annually."

AGRICULTURE THE MOTHER OF ALL PROFESSIONS.

As the earth is the mother of all mankind, so agriculture is the mother of all other professions, and this I suppose is the reason why all other professions seek and find succor for their mother. It is natural for a child when it wants bread, to ask its mother for it—who else could it ask it of, with so much confidence? She is considered by all her children, rich in this world's goods. She has stores laid up for many years, and she had a good farm, and in their times of need it is natural for her children to expect assistance from her. On the other hand, the unnatural archness never once spend a thought about her necessities, her hard labors, or of improving her condition. She is rich they say, she has stores of bread and meat, and she has a good farm,—she requires no aid from us. And thus it goes. Our good old mother has nothing to do but toil and sweat at her drudgery, provide bread and meat for all her children, and pay the bills for all manner of expenditures. Now these children do very wrong. They should assist the old lady in every possible way. They should encourage her work people and build good school-houses for them, and educate them; and they should give the Christmas and New Year's presents and curious trinkets in the form of premiums, medals, and all sort of fine things. This would stimulate them to serve the old lady more faithfully, energetically, and efficiently, and would render her day more cheerful and her nights more comfortable. Let all the world think of this. Only suppose the old lady should die, what would become of all you professional men, merchants, mechanics, all? Where would you get bread and meat and clothing to your backs? Think of these things, and treat the dear old lady better I beg of you.

DEEP PLOWING.

How does deep plowing improve the soil? ask an inquiring farmer. The simple answer by increasing its depth. "But," says the inquirer, "if I plow deep I shall turn up the clay and inert earth that contain no nourishment for plants." Well, if clay and inert earth, containing no nourishment for plants, lie so near the sun face as to be within reach of your deepest working plow they ought to be turned up and exposed to the influence of sun air, frost, rain, snow, and manure and cultivation, that they become rich. "But," says inquirer, (it is strange how many "buts" such people can find for use on such occasions,) "it would require too much hard work and too long a time to do this, would it not?" That depends upon whether you would five dollars profit per acre now and forever hereafter to two or three dollars per acre hereafter.

MILK AND CREAM.

It is asserted that milk always throws up a smaller proportion of the cream it contains when of some depth in the vessel, than when shallow; and that more cream rises by diluting the milk with water, and rendering it less tenacious, although the quality of the butter is injured by this treatment.

THE CHERRY SLUG.

This larva which eats the pulpy parts of the leaf of the cherry and sometimes of other fruit trees, is most effectually routed by a sprinkling of lime. Air slacked lime applied in the dew of the morning, usually accomplishes the desired purpose.

REMEDY FOR PLUM KNOTS.

The old fashioned remedy "to cut and keep cutting," still proves infallible. Unfortunately, it is very rarely applied, even by those who think they have given it a fair trial. Perhaps the disease has been permitted to advance for two or three months before it has even excited attention. The knife is then made use of, and a single operation is regarded enough. No wonder that a remedy, applied in such a haphazard manner should be considered inefficient. We observe that the application of copperas water to the wounds made by the incision of the knots on the larger branches, is spoken of highly by different cultivators.

Health for New Brunswick.

HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION AND DETERMINATION OF BLOOD TO THE HEAD. Copy of a Letter from Mr. John Loyd, Esq., near Harlech, Merionethshire. To Professor HOLLOWAY. Sir,—I avail myself of the first opportunity informing you, that for a very long period I was afflicted with a dangerous giddiness and frequent swimings in the head, attended by loss of appetite, disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief, and at length it became so alarming that I was really afraid of going about without an attendant. In this melancholy condition I waited personally upon Mr. Hughes, Chemist, Harlech, for the purpose of consulting him as to what I had better do; he kindly recommended your Pills. I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper. I am Sir, your obedient Servant. (Signed) JOHN LOYD. June 6th, 1852.

MIRACULOUS CURE OF DROPSY.

Extract of a Letter from Edward Rowley, Esq., of India Walk, Tobago, dated April 8, 1852. To Professor HOLLOWAY. Dear Sir,—I deem it a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease, Dropsy, and which, under God, was effected by your invaluable Pills. I was tapped five times within eight months, and skillfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in the course of six weeks. (Signed) EDWARD ROWLEY.

INFALLIBLE CURE OF A STOMACH COMPLAINT, WITH INDIGESTION AND VIOLENT HEAD-ACHES.

Extract of a Letter from Mr. S. Gowen, Chemist, of Clifton, near Bristol, dated July 14th 1852. To Professor HOLLOWAY. Dear Sir—I am requested by a Lady named Thomas, just arrived from the West Indies, to acquaint you that for a period of eight years herself and family suffered from continual bad health, arising from disorders of the Liver and Stomach, Indigestion, loss of Appetite, violent Head-aches, pains in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result; at last, she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further she desires me to say, that she has witnessed their extraordinary virtues in those incidental to children, particularly in cases of Measles and Scarlatina, having effected positive cures of these diseases with no other remedy. Signed S. GOWEN.

A DANGEROUS LIVER COMPLAINT AND SPASMS IN THE STOMACH EFFECTUALLY CURED.

Copy of a Letter from Mr. Bostock, Druggist of Ashton, under Lyne, dated July 31, 1852. To Professor HOLLOWAY. Dear Sir,—I have much pleasure in handing to you a testimonial of the efficacy of your Medicines. A person in this neighbourhood with whom I am well acquainted, was afflicted for a long time with violent spasmodic pains in the stomach and liver, arising from frequent colds, smells of paint, and the effects of a stooping position which he had obliged to assume in his business. The spasms were of an alarming character, and frequently left him in a weak and debilitated condition. At length he heard of the salutary effects of your invaluable Pills, and was induced to give them a trial. The first dozen gave him considerable relief, and by following them up in accordance with your directions, they have acted so wonderfully in cleansing the liver and stomach, and strengthening the digestive organs that he has been restored to the enjoyment of good health. I am, dear Sir yours faithfully. (Signed) WILLIAM BOSTOCK.

To the Ladies—Most Important.

Just received, and for sale by the Subscribers, a large quantity of MRS WINSLOW'S SOOTHING SYRUP. K. B. & W. FORBES

JUDSON'S CHEMICAL EXTRACT OF CHERRY AND LUNGWORT, FOR THE CURE OF Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and CONSUMPTION.

ORIENTAL TURKISH WINE. The great remedy for General Debility, Weakness, Loss of Appetite, Dyspepsia, Bilious Diseases, a certain preventive of Fevers, &c., &c. This WINE is the most pleasant and effectual Remedy for any of the above complaints, and for many others not mentioned, that has ever discovered. It is so agreeable to the taste that any one taking it soon prefers it to any Wine while its action on the stomach and bowels is prompt and efficient, cleansing them thoroughly, and thus, by keeping the organ in which the basis of the blood is formed, in a healthy and pure state, necessarily keeps the blood pure and healthful. It is a stimulant without reaction, unlike the alcoholic preparations, which leave the patient in a state of prostration. THIS WINE sends a gentle and agreeable feeling through every nerve, and its tonic properties are such that it will restore the weak and debilitated to their natural STRENGTH and VIGOR. It is composed of the Pure Wine of many of the most tonic and rare Plants in the Materia Medica, the recipe for which was obtained from a celebrated Turkish "Hakim,"—Physician,—and one bottle is equal to ten of any Sarsaparilla or Blood Purifier ever before known. Then give this Oriental Wine a trial: it will speak for itself better than any recommendation or certificate; and he who tries it once will never be without it, nothing can equal it as a Diet Drink in hot climates, or on Shipboard, and no traveller should be without it. Caution—Find the name of Comstock & Brother, and the Stamp of the Turkish Flag, on the label and cork of each bottle, WITHOUT this it cannot be genuine. All orders should be addressed to COMSTOCK & BROTHER, No. 2 St. Peter's Place, New York.

DEAFNESS. Use Dr. LAZETTE'S ACQUICIL OIL, for the cure of Deafness. Also all those disagreeable noises, like the buzzing of insects, falling of water, whizzing of steam, which are symptoms of approaching Deafness. Persons who have been deaf for twenty years, and were subject to use ear trumpets, have after using one bottle, been made well. Caution.—All the above named articles are sold only by Comstock & Brother, 2 St. Peter's Place, directly in rear of the Astor House, between Barclay and Vesey sts., one door from Barclay and one block from Broadway, New York, to whom all orders must be directed, also only by Wm. Forbes and Wm. Muirhead, Chatham. Wm. Masson & Co., Geo. Watt, and M. Sargeant, Newcastle. Park & Alexander, Douglastown. And by our Agents in every town in New Brunswick.

HEAR DR. POMROY. Positive Proof—Sceptics Read. HAMPDEN, Feb. 24, 1846. Messrs. J. Curtis, Jr. & Co.—Gentlemen, I have a word to say to you, in favor of HUNTER'S COUGH SYRUP. I have the last year used in my practice two dozen bottles of it which I had of you, and every bottle has done good. For eight years past I have been in the practice of medicine, and I have never found anything so well calculated to operate so favourably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard, distressing cough. I let him have one bottle, and he had two more of your syrup, Mr. Whitmore. After using the three bottles, he has become well, and now labours every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. You need not hesitate to recommend it for a cough, and also all diseases of the lungs. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity. Yours truly, BENJAMIN L. POMROY.

A CARD. Mrs. Winslow to the Ladies.

Mrs Winslow, an old and experienced nurse and Female Physician, would call the attention of the Ladies to her soothing Syrup for children teething. It will immediately relieve them from pain, allay all spasmodic action, soften the gums, reduce inflammation, and is sure to regulate the Bowels. Depend upon it Mothers, it will give rest to yourselves and relief and health to your children. Price 25 cents per bottle. We have sold very large quantities of Mrs Winslow's Soothing Syrup during the past six years, several thousand in the last year. We believe it the best medicine in the world for Children teething or for the cure of Dysentery and Diarrhoea in Children, whether it arises from teething or any other cause. It gives universal satisfaction—never heard of a complaint from anyone using it—never sold a medicine so universally successful in relieving pain and affecting cures—relief is absolutely sure. CURTIS & PERKINS, Druggists, Bangor, Me. Sold by Agents in nearly every town in the State.

The Cramp and Pain Killer.

The world is astonished at the wonderful cures performed by the Cramp and Pain Killer, prepared by Curtis & Perkins. Its equal has never been known for removing pain in all cases; for the cure of spinal complaints, cramp in the limbs and stomach, rheumatism in all its forms, bilious, choleric, burn, sore throat, and gravel; it is decidedly the best remedy in the world. Evidence of the most wonderful cures ever performed by any medicine are on circulars in the hands of agents—you may be positively sure of relief if you use it. N. B.—Be sure and call for CURTIS & PERKINS' CRAMP AND PAIN KILLER. All others bearing this name are base imitations, and will deceive and injure the patients. Price 12, 25, 37, 50 cents per bottle, according to size. Sold by BORD & PAUL, No. 40, Cortland st., New York. For sale by Wm. Forbes and W. A. Letson, Chatham. Park & Alexander, Douglastown. M. E. Sargeant, Newcastle. John McKenna, J. E. Obrien, and G & A Smith, Richmond. And by Agents in almost every town in New Brunswick.
