### THE SEASON.

COMPARATIVELY speaking, we have been living in a heated oven for the last week. All things, animate and inanimate have a parched, dry, and withered ap-pearance. The hay harvest is general, and we are sorry to learn, is far below an average return. As this crop was extremely short last year, the smallness of the yield will be most sensibly felt by the farmers, who will be compelled to kill a large part of their stock of cattle.

We are sorry to perceive by our ex-changes, that the dry weather extends throughout this Province and Nova Scotia, and fears are entertained for the safety of the crops. Hay is announced to be extremely short.

### INCENDIARISM.

Among our advertisements will be found one from Mr. Simonds, of Dalhousie, of-fering a Reward of £100, for the discovery of the person who set fire to his Dwel-ling House; and another from the Clerk of the Peace of this County, offering £25 The relation of the party who set fire to the premises of Mr Shaddick, on the Northwest branch of the Miramichi. It is distressing to think, that we have such monsters residing among us, and sincerely trust that the rewards offered.
