

A FEW WORDS ABOUT OURSELVES

In July last we commenced publishing the Gleaner twice a week. To accomplish this, we incurred considerable expense in procuring an additional press, a larger quantity of material, and it entailed on us an additional weekly outlay for paper, extra hands, &c.

Notwithstanding these drawbacks, we should have been content to persevere, had the mail arrangements continued as they were at the time we commenced our semi-weekly issue; but as a change has taken place, which precludes our subscribers residing in the Northern Counties, where we have an extensive circulation, from participating in any benefit from the extra publication, which is now solely confined to the towns on this river, we have decided in falling back on our Weekly issue.

Some persons hold back because they think the price is high. Things are dear or cheap by comparison, (and we presume Newspapers must be judged by the same rule): but if a Newspaper is to be judged simply by its size, without any reference to the reading matter it contains, whether one page or three, (the labour of the compositors being the principal item of expense), then we admit the Gleaner is dear; but if it is to be judged by the amount of matter (original and selected) which it furnishes its readers weekly, then we unhesitatingly say, that there is not a cheaper paper published in the Province.

Others say—that it looks spicy articles on political subjects—that is—it does not keep up a constant fire against all men a power, and seek constantly for subjects calculated to excite public feeling on this we plead guilty. This is not our forte; and besides, we do not think such courses compatible with the duties of an editor, who studies the interest and well-being of the community in which he resides.

But we have never been backward, when public abuses required investigation, or the conduct of public men deserved censure, to speak our mind freely and fearlessly. We have also endeavoured to guide the people aright on all subjects that agitated the public mind, and to suggest measures calculated to benefit the community.

This is the course we have pursued, and the one we shall continue to follow. The irregularity in the arrival of the Southern mails is also a serious impediment in our way, for we can make no calculation when it will reach Chatham.—To enable us to forward our paper by the Wednesday's mail, which leaves at four in the afternoon, we have often been compelled to go to press ere the one which is due at five in the morning, has come to hand.

At the commencement of the year we shall resume our Weekly issue. One edition will be published on Saturday evening, to be despatched by the following day's mail to the Northward; and the other on Monday, which will be circulated here, and forwarded to the Southward by the mail which leaves in the afternoon.

HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION AND DETERMINATION OF BLOOD TO THE HEAD.

Copy of a Letter from Mr John Loyd, Esq., near Harlech, Merionethshire. To Professor HOLLOWAY. Sir,—I avail myself of the first opportunity of informing you, that for a very long period I was afflicted with a dangerous giddiness and frequent swimings in the head, attended by loss of appetite, disordered stomach, and generally impaired health.

June 6th, 1852. MIRACULOUS CURE OF DROPSY. Extract of a Letter from Edward Rowley, Esq., of India Walk, Tobago, dated April 8, 1852. To Professor HOLLOWAY.

Dear Sir,—I deem it a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease, Dropsy, and which, under God, was effected by your invaluable Pills. I was tapped five times within eight months, and skillfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy and notwithstanding all I had undergone, this miraculous medicine cured me in the course of six weeks.

INFAILLIBLE CURE OF A STOMACH COMPLAINT, WITH INDIGESTION AND VIOLENT HEAD-ACHES.

Extract of a Letter from M^r. S. Gowen, Chemist, of Clifton, near Bristol, dated July 14th 1852. To Professor HOLLOWAY.

Dear Sir—I am requested by a Lady named Thomas, just arrived from the West Indies, to acquaint you that for a period of eight years herself and family suffered from continual bad health, arising from disorders of the Liver and Stomach, Indigestion, loss of Appetite, violent Head-aches, pains in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result; at last, she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength.

A DANGEROUS LIVER COMPLAINT AND SPASMS IN THE STOMACH EFFECTUALLY CURED.

Copy of a Letter from Mr Bostock, Druggist of Ashton, under Lyne, dated July 31, 1852. To Professor HOLLOWAY.

Dear Sir,—I have much pleasure in handing to you a testimonial of the efficacy of your Medicines. A person in this neighbourhood with whom I am well acquainted, was afflicted for a long time with violent spasmodic pains in the stomach and liver, arising from frequent colds, smells of paint, and the effects of a stooping position which he had obliged to assume in his business. The spasms were of an alarming character, and frequently left him in a weak and debilitated condition. At length he heard of the salutary effects of your invaluable Pills, and was induced to give them a trial. The first dozen gave him considerable relief, and by following them up in accordance with your directions, they have acted so wonderfully in cleansing the liver and stomach, and strengthening the digestive organs that he has been restored to the enjoyment of good health.

ADVERTISMENT.

Mr Plerce, Sir—It is very natural that Mr Hutchison, after adopting the extraordinary measures which he did, upon the death of the lamented Mr Wishart, without a pressing necessity, and without the shadow of law or usage, it is very natural that he should seek to justify himself in the eyes of the public. With this view, I suppose, he caused to be published in the last Gleaner, an extract of a letter alleged to have been received by him from Scotland. I will thank you, Sir, to publish also the following extract of a letter received by me per the last British mail.

WILLIAM SMITH, Newcastle, July 26, 1853. Solway Bank, 28th June, 1853.

THE SCHOOLMASTER.

The Schoolmaster, a new monthly magazine of USEFUL INFORMATION, is published on the first of each month, at No. 40 Ann Street, New York. It contains 16 quarto pages, printed on a superior quality of paper, at 50 cents per annum, in advance—11 copies for \$5 00; 25 copies \$9; 50 copies \$15; 100 copies \$25.

THE SCHOOLMASTER, will embrace in its MATTER and MECHANICAL EXECUTION several features, peculiarly its own. It has two-fold purpose—1st. To promote the interest of Universal Education, by encouraging and extending the system of Free Schools. 2nd. To supply the Fireside and Wayside reader, with entertaining, instructive and useful reading, worthy of preservation, and which shall form a part of the mental furniture of its readers—to awaken a desire for the acquisition of science, and inspire a spirit for self-improvement, physically, mentally and morally, and to furnish when awakened, such "food for thought" as shall develop the whole man, refine and elevate him in the scale of being.

To accomplish this object the SCHOOLMASTER will contain a variety of original and carefully selected matter, on the principles, means and end of Education and educational institutions—its advantages and benefits to individuals and nations—the duty of enlightened legislation on the subject. It will also contain a department, in which practical and experienced educators will discuss the best method of imparting instruction, in the school room or family circle. The SCHOOLMASTER will also be in shielding from merciless attacks all those institutions of learning which the "Father of his country" referred to in his farewell address to the American people, when he said—"Promote as an object of primary importance institutions for the general diffusion of useful knowledge." Great care will be taken that

"Not one immoral, one corrupt thought One line, which dying we could wish to blot," shall ever appear on its pages. It will be strictly an educational magazine—a physical, mental and moral educator for Universal Circulation—an encyclopaedia of valuable information for all ed ces of Readers—matter gathered and garnered from intellectual storehouses.

Its patrons will find in its ample pages Solonitic Items, Literary Gems, Curiosities of Art, Relics of the Past, Pearls, Diamond Dust and Gold Sands, Facts for the Curious, Curiosities from Antiquarian Cabinets, Biographical Sketches, showing that the proper study of mankind is man; Dew-drops of Wisdom, Rare Readings, Hints for the Home Circle, and the events of the age, carefully collected, culled and collated from sources which from their expense, are not accessible, and are as "sealed fountains of living waters" to thousands of readers.

Believing as we do that a publication of the kind we propose to make the SCHOOLMASTER, is needed to counteract the influence of a vicious literature which too often blights and sear the souls of its too willing readers, we cheerfully send the SCHOOLMASTER abroad and anticipate that the friends of education will encourage the enterprise. And although " 'Tis not in mortals to command success, We'll do more—'deserve it."

School-teachers, Editors, Clergymen, Students, School Officers, Post-masters, and all friends of practical education are respectfully requested to aid us in extending the Circulation and usefulness of the SCHOOLMASTER.

Editors desiring an exchange, will always secure it by noticing or copying this prospectus, and addressing their papers to the Schoolmaster, New York.

N. B.—Travelling agents of good address capable of giving lectures on the subject of education, are wanted, with whom very liberal arrangements will be made—SEE TERMS.—Specimen Nos. furnished on application. Address SPAULDING & CO. 40 Ann Street, New York.

Persons, having Hides, Skins, Tallow and Butter, or either of these articles to dispose of, will find a ready sale for them, (for CASH,) at the Chatham Auction Room
