

BY TELEGRAPH.
TO MIRAMICHI GLEANER OFFICE.
EUROPEAN NEWS.

St. John, July 27.
Steamer Admiral was wrecked a few miles below Eastport this morning coming in, crew and passengers saved, but steamer total loss.

St. John, July 28.
New York.—Africa arrived. News important forshadowing, what is likely to take place, rather than furnishing striking events from the seat of war.

Turks are now acting on the offensive, and have gained some advantages over the Russians.

On the Danube, a pitched battle between Gortschakoff and Omar Pacha soon expected near Giurgevo.

The English and French are very uneasy in regard to the equivocal position assumed by Austria and Prussia.

Spanish news is conflicting, but insurrectionists certainly maintain themselves.

Breadstuffs decidedly lower. Flour 2s. Wheat 4d to 6d. Corn 2s. Provisions dull and unchanged. Consols 91½. Money in active demand.

We received the following despatch from St. John last night.
Health of the City improving few cases; in Portland not so favorable. 24 deaths in all since yesterday at noon, reported.

MEDICATED INHALATION.

A New Method.

A most wonderful discovery has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the city of New York and vicinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast under the linen without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air-cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing and my sufferings, were so great at times, that for hours together my friend expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a spoonful of the Cherry Syrup I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

MARGARET EASTON.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a good deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.

JOHN WOOD.

Price—\$3 per package.

For Sale only by Wm. Forbes, Chemist and Druggist, Chatham.
And M. S. Sargeant, Newcastle.

TO SHIPCARPENTERS.

The Subscriber wants a few GOOD SHIPCARPENTERS, to whom the highest Wages will be paid.

L. P. W. DESBRISAY.
Richibucto, 3rd February, 1854.

British American Friendly Society.

The Subscriber having been appointed Agent for the British American Friendly Society, begs respectfully to solicit attention to the claims which this institution has to public countenance, and to invite all classes of the community, to become members of it, that they may partake of its benefits.

The British American Friendly Society was established at Montreal, about twelve months ago, for the mutual relief of its members, during old age sickness, and infirmity. It is designed to carry out a comprehensive system of benevolence; and is composed of professional men, merchants, mechanics, farmers, and working-men, associated for mutual protection, in case of sickness, accident, and death.

It has long been a matter of surprise, that institutions of this kind, have not been brought to the notice of, and within the reach of all, especially the working classes. The savings' Bank it is true, is an excellent institution, but at most, it will afford only limited relief in the hour of need. It will cheerfully retain what it has received, with interest, but no more.

The admirable order of the SONS OF TEMPERANCE, affords aid in the hour of need to any worthy brother, twelve months after his admission, but as a benefit society, even the order of the Sons is surpassed by the British American Friendly Society.

The following Table shows the amount of benefits paid each member under 50 years of age.

YEARLY PAYMENTS to secure (in sickness, or during incapacity for labor, the following sums weekly:

Weekly Benefits	Weekly Benefits	Weekly Benefits	Weekly Benefits	Weekly Benefits
£ s. d.	£ s. d.	£ s. d.	£ s. d.	£ s. d.
0 10 0	0 15 0	1 0 0	1 10 0	2 0 0

Yearly Payments	Yearly Payments	Yearly Payments	Yearly Payments	Yearly Payments
£ s. d.	£ s. d.	£ s. d.	£ s. d.	£ s. d.
0 15 0	1 2 6	1 10 0	2 5 0	3 0 0

In addition to the above, an admission fee of 10 shillings, currency, will be charged the first year, which must be paid at the time of making the application, and the yearly payment may be made within thirty days thereafter.

The yearly payments must be made within 30 days from date of application, when you immediately become a Benefit Member.

The scale of annual payments, and weekly benefits adopted and the British American Friendly Society, is based on the experience of the past century, and surely it is liberal enough. Where is the young man among us, be he a farmer, a mechanic, a clerk, a merchant, or even a labourer, who cannot lay by £3 per annum, secure to £2 per week, in case of sickness, or inability to attend to his duties.

The subscriber, in calling the attention of the public to this institution, and soliciting their favor and co-operation does so with the fullest confidence, that it is based upon as safe a system, as any that experience and well-founded calculation, can devise, and he trusts that the industrious and correct thinking men of the community, will feel it to be alike their duty and interest, to connect themselves with it.

The Monthly Monitor, a paper published by the society at Montreal, containing the constitution, rules, regulations, and every information relative to the society, may be procured at the office of the agent, gratis, for examination—To members it is free—To non members it is 2s. 6d. per annum. Applications for membership will be received by the subscriber, at the Post Office, Chatham, where certificates of membership will be issued and claims paid.

JAMES CAIE, Agent.

Chatham, July 22, 1854.
