There are five Pianos in the Establishment, and Four Music Teachers, and the practicing are under their immediate and constant supervision. No charge is made to Boarders for the use of an Instrument, and it will be noticed, that the number of Music, French and Drawing Lessons is far greater than is usual in other schools.

The French department will continue under the care of Mademoiselle Louise Givaudan a Protestant French Lady, from one of the principal Seminaries of the United States. Daily conversation in French is insisted on, and it is believed that there is no other school in the Lower Province, where the facilities for learning to speak French correctly, are so great, and where so thorough a knowledge of that language, can be obtained. Five others ladies are employed in the English Department, Music, Drawing, Botany, &c.

Every pains is taken to preserve the health of the boarders by proper exercises, and those young Ladies whose parents may wish them to ride, are allowed the use of a quiet saddle horse. Amherst is a remarkably healthy locality, and possesses peculiar advantages for children of delicate constitutions. The play ground, which is large and enclosed with a high close board fence, is fitted up with a circular swing, and other facilities for gymnastics, and the proprietor has recently erected in it, a covered shed, upwards of sixty feet in length, for exercises in wet weather. The Seminary is situated quite near to the Telegraph station and Post Office, and to Five different places of Public Worship. Pupils remaining during the vacations, will be charged Ten shillings per week for board and washing. Any further information can be obtained on application, post-paid to
