Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincoloshire.
PR OFESSOR HOLLOWAY.
Dear Sir,—Mrs Sarah Dixon of Liquorpond Freet, has this day deposed before me that for a considerable period she was severely afflicted with Sarofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body: and although the fast medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering but gradually grew worse.

Being recommended by a friend to try your Cintment, she procured a small pot, and a box of the Pilis, and before that was all used, symptoms of amondment appeared. By persevering with the medicine for a short time longer, according to the firections, and strictly achering to your rules as to that, &co, she was perfectly cuted, and now enjoys best of health.

I remain, Dear Sir, yours truly.

AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED.

Copy of a Letter from Mrs Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, Dated January 12th 1853.

Dated January 12th 1853.

To Professor Holloway,
Sir.—I suffered for a considerable period from a sovere attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of perfect health. I shall ever speak with the utmost confidence of your maddeines, and have recommended them togothers in this neighbourhood similarly affilict.

A who derived equal benefit.

I am, Sir, your ooliged and faithful Servant, (Signed)

DREADFUL DISEASED ANGLE CURED AFTER BEING GIVEN UP BY THE FACULTY AT MALTA AND PORTSMOUTH HOSPITALS.

The following important communication has been forwarded to Professor Holloway for publication, by Mr B. Dixon, Chemist, King Street, Norwich, Copy of a Letter from Captain Smith, of Great Yarmouth, dated Jaquary 19, 1853.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19, 1853.

To Mr Dixon,
Dear Sis,—I sand you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr Jchn Walton, late in Her Majesty's Service, in the British ficet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three meanche, but his ancle became so much worse that all hope was lost. At this pariod, by my advice, he tried Holloway's Cintment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

AND GENERAL ILL HEALTH.

Copy of a Letter from Mr T. F. Ker, Caemist, &coLower Moss-lane, Manchester, dated Feb. 12, 1853
To Progressor Holloway,
Dear Sir,—I have great pleasure in forwarding to
you the particulars of a very extraordinary cure of a
bad breast, effected solely by the use of your calcbrated Countment and Pills. Mrs Martha Bell. of
Pitt Street, in this Town, had been for a considerable time labouring under nervous debility, loss of
appetite, and general ill health, occasioned by nicersted wounds in the breast. She had had much experience in the use of all the known remedies for the
care of ulcars, but without any beneficial result, in
fact she had nearly lost all faith and hope of a care
being effected. In this distressing and painful condition of body and mind, she was persuaded to have
recourse to your invaluable Olatment and Pills,
which she immediately did, and in the course of a
very short time the effect produced was most asstonshing; her appetite was speedily improved, the
sores and ulcers in the breast gradually healed, and
the nervous excitement of her system was wholly
removed. I remain, Dear Sir, yours feithfully,

For about eight years I have been severely afflicted with the Asalma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a het, getting what rest I could sitting in my chair. We diffice my of breathing and my sufferings, were to reason the new would be my last. During the past six years I have had the sid and attendance of some of the most celebrated physicians, but have reserved no permanent benefit, and but little relief, at length has the good fortune to procure Dr Curtes's Hygeans or Inhaling Hygean Vapor and Cherry Syup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost sufficiating for want of breath. In less than ten ninutes from the time I applied the Inhaler to my stomach, and took a teappounful of the Cherry Syrap I was relieved in a great messure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when the reached this city, my health was very poor; had a very bad cough, where is a good deal of matter, which was frequently mixed with blood; bad pain in my left side, and was very weak and emaciated. My friends and paysician pronounced my once consumption, and beyond the reach of medicine. I accidently heard of Dr. Cur'is's Hygeana, or Inhaliag Hygean Vaper and Cherry Syrup, and obtained a package, which i verily believe was the means of saving my life. Soon after wearing the Inhaler, I tound it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup, as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured.
