

The Far-famed Medicine.

HOLLOWAY'S PILLS.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS SUFFERING.

The following testimonial has been sent to Professor Holloway, by a Gentleman named Middleton of Scotland Road, Liverpool.

Sir,—Your Pills have been the means under providence, of restoring me to sound health after five years of severe affliction. During the whole of this period, I suffered the most fearful attacks of Asthma frequently of several weeks' duration, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shocked my constitution that I was unfit for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigour to the chest and digestive organs. I am, Sir, your obedient Servant, (Signed) H. MIDDLETON.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills commanded more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver, and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and she was not likely to survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was in need to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

AN ASTONISHING CURE OF CHRONIC RHEUMATISM, AFTER BEING DISCHARGED FROM THE HOSPITAL INCURABLE.

Copy of a Letter from Mr. W. Moon, of the Square Winchester.

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended, and was attended by one of the most eminent Surgeons in this town; but obtained no relief whatever, and fearing that my health would be entirely broken up, I was induced to go into our County Hospital, where I had the best medical treatment the Institution afforded, a lot which proved of no avail, and I came out no better than I went in. I was then advised to try your pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed, I have felt no return whatever of the complaint. I am, Sir, your obliged Servant, (Signed) W. MOON.

AN EXTRAORDINARY CURE OF DROPSY, AFTER SUFFERING FOR EIGHTEEN MONTHS.

Copy of a Letter from Mr. G. Briggs, Chemist, Goolle, dated February 15th, 1853.

To Professor Holloway, Sir,—I have much pleasure in informing you of a most surprising cure of Dropsy, recently effected by your valuable medicines. CAPTAIN JACKSON, of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin so that a daily change of apparel became necessary, notwithstanding the various remedies tried, and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly re-established. If you deem this worthy of publicity, you are at liberty to use it. I am Sir, yours respectfully, (Signed) G. BRIGGS.

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague	Female Irregularities	Retention of Urine
Asthma	Fleas of all kinds	Scorfula, or King's Evil
Bilious Complaints	Fits	Stone and Gravel
Blisters on the Skin	Head-ache	Secondary Symptoms

Azor's Turkish Balm.

THE ONLY CERTAIN REMEDY FOR BALDNESS AND FOR PREVENTING AND STOPPING THE FALLING OUT OF THE HAIR.

As a Toilet Article, for Beautifying and keeping the Hair Soft, Glossy, and in a Healthy Condition, it is unequalled. Its positive qualities are as follows:

1st.—It frees the head from dandruff, strengthens the roots, imparts health and vigour to the circulation, and prevents the hair changing colour or getting gray.

2d.—It causes the hair to curl beautifully when done up in it over night.

This Balm is made from the original receipt procured from the original Turkish Hakim (physician) of Constantinople, where it is universally used.—The Turks have always been celebrated for their wonderful skill in compounding the richest perfumes and all other toilet articles. In Turkey the aromatic herbs, &c., of which this Balm is composed, are almost universally known and used for the hair. Hence a case of baldness or thin head of hair is entirely unknown in that country. We wish but one trial to be made of it; that will do more to convince you of its virtues than all the advertisements that can be published, and that all may be able to test its virtues, it is put up in Large Bottles at the low price of 50 cents per bottle.

Remember the genuine has the signature Comstock & Brother on the splendid wrappers.

CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.

The change weather and season, with the change of use and feed, have a very great effect upon the blood and sinuous fluids of horses. It is at these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, &c. All of which will be proved by giving one of these powders, and will at any time cure when any symptoms of disease appear, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the secretory glands and therefore they have the same effect upon the Horse, the Ox, the Ass, and all Herbivorous animals—all diseases arising from producing a bad state of the blood, are speedily cured by them.

CAUTION.—Remember and ask for CARLTON'S CONDITION POWDERS, and take no other.

CARLTON'S articles for Horses and cattle are prepared from the recipe of a very celebrated English Farrier, and will cure in ninety nine cases out of one hundred any of the above complaints. They have been used by Farmers, Livermen, stage-coachmen and others with the most marked and decided success.

CAUTION.—None can be genuine, unless you find the name of J. Carlton Comstock on the Wrapper of each article. Remember this, as their articles have been extensively counterfeited of late, look and find the proprietors name, J. Carlton Comstock & Co., never buy without.

ON THE Philosophy of Marriage and the Secret Infirmities of Youth and Maturity

WITH FIFTY COLOURED ENGRAVINGS ON STEEL. In a Sealed Envelope, price 2s. 6d., sterling.

SELF-PRESERVATION: An Analytical Investigation of the Physiology and Functions of Marriage, in all the bearings in which the important subject affects the health and happiness of man, with its disqualifications, and impediments, tracing their origin to the effects of juvenile solitary habits, youthful excess, tropical climates, or close study; followed by practical remarks, founded on twenty years experience in the treatment of impotence, nervous debility, local weakness, spermatorrhoea, syphilis, and all diseases of the urinary and generative system. Illustrated by fifty Coloured Engravings on the anatomy of the reproductive organs and their relative conditions in health and disease. By SAMUEL LAMBERT, M. D., No. 37, Bedford-square, London. Doctor of Medicine, Martineau Member of the University of Edinburgh, Honorary Member of the London Hospital Medical Society, Licentiate of Apothecaries' Hall, London, &c.

The essential object of this treatise is to point out the fearful consequences resulting from certain habits, irregularities and excesses, which have produced more misery in youth, degradation in manhood, and premature decay at all stages of life, than perhaps any other class of disease known to modern pathologists. Its perusal is particularly recommended to persons entertaining secret doubts of their physical condition, and who are conscious of having hazarded the health, happiness and privileges to which every human being is entitled. The contents embrace the origin, effects, prevention and treatment of the deplorable catalogue of maladies connected with nervous debility, exhaustion of the vital energies, prostration of mental and physical capacity, local and general weakness, acute and chronic spermatorrhoea, and their endless modifications. The treatment adopted is founded on experience gained in the most celebrated schools of medicine, and by the most eminent practitioners, both in Great Britain and Continental Europe. Every peculiarity relating to physiology, pathology, and general treatment of the diseases incidental to the generative system is clearly explained, and the means of immediate relief and ultimate cure described in detail. The professional reputation of Dr. Lambert, who has taken the most distinguished medical and academic honours, at home and abroad, is in itself a sufficient guarantee that those who may place themselves under his care will, in every instance, meet with that delicate consideration and inviolable secrecy which are so requisite in the treatment of these cases.

CAUTION.—In consequence of the extensive sale of this work, which has now attained its sixtieth edition, several spurious and imperfect copies are in circulation. The genuine edition can be had only from the Author or his advertised agents.

The work may be had in St. John, of H. Chubb & Co., price 2s. 6d., stg.; Halifax, Messrs. Morton & Co.; Quebec, at the Gazette Office; Montreal, Mr. Dawson, bookseller. Nov. 12 1853.
