The Infallible Remedy.

HOLLOWAY'S OINTMENT

ERYSIPE LAS OF EIGHT YEAR DU-RATION CURED.

Connade, dated the 18th July, 1854.

To Professor Holloway.

To Professor Holloway.

Sir,—I feel a pleasure and a pride in bearing witness to the wonderful benefit I have derived from the use of your inestinable Ointment and Pills—For eight years I have suffered unceasingly from attacks of crysipelas; large purple blotches came all over my body; in addition to the unpleasant feeling of itching and burning, which effected me by night and day, readering life a misery to me, as well as to all around—so severe was the attack.—I used several reputed remedies without deriving the least cessation to my misery. At last I determined totry your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I feel considerably better;—in three months, bycontinuing with your medicine, I was completely cured, and now croops the best of health. The truth of this statement is well known here, hence there is no necessity for me to request severey.

I remain, Sir, your most obedient servant, (Signed) Geo. Sirclair.

ULCERS IN THE LEG.—REMARK-

ULCERS IN THE LEG.-REMARK-ABLE CURE.

Copy of a Letter from Mr. Edward Tomainson, of Cape Breton, Nova Scotia, dated the 4th May, 1851 To Professor Holloway.)

To Professor Holloway.

Sir,—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg; in which there were several deeply seated and old wounds, defying the skill of some of the most emineut of the medical faculty. A variety of remedies were also used unsuccessfully; and it seemed to me that there was not anything capable of mitigating the agonies she endured. At length she had recourse to your Ointment and Pills, and after using them for about five weeks, she was complotely cured, after all other means had failed to afford her the slightest relief. I have no objections to these facts being published, if you feel disposed to make them known.

I remain, Sir, your most obedient servant, (Signed) EDWD. TOMKINSON.

A BAD BREAST CURED WHEN AT DEATHS DOOR.

Copy of a Letter from Mr Heury Malden, of Three Rivers. Caneda, dated July 9, 1854.

To Professor Holloway,
Sir,—My wife suffered most severely after the berth of our last child with a bad breast. There were several holes in it, one as large as a hand, all the devices and stratagems I tried would not heal them, but assured an aspect more frightful than before, and horrible to bchold. As a last resourse I tried your Cintment and Pills, which was persevered with for seven years, at the expiration of that time her breast was almost well; by continuing with your remedies for two more weeks, she was antirely cured and we offer you our united thanks for the cure effected.

I am, Sir. yours truly,
HENRY THOMSON. (Signed) HENRY THOMSON.

The Pills should be used conjointly with the Ointment in most of the fellowing cases:—

No. 3.

R. R. REGULATORS, No. 3.

new principle in Medicine, never before known or possessed by any Purgative. Cathartic, or Antibilious Plls in use. Let all who have ever taken Pills read and investigate the Theory on which Radway's Regulators are founded.

Radway's Regulators are founded.

And the only Phis that possess any new medical properties, or Regulating Powers, that have been discovered during the present century.

PILLS.

We beg to call the strentien of the public to our third great discovery in medicine—"Radway's Regulators," in the form of Pills. We chain that Raiway's regulators possess virtues that all other pills, in general use are deficient. That they insure to the user, or invalid, superior advantages, which cannot be obtained from any ether pills in use. If our Pills, known by the name of Radway's Regulators, did not possess superior curative powers, to all other pills, and if the Public, by taking our Pills, were not going to receive superior benefits, or derive, advantages which the taking of other pills would not afford them, it would be folly in us to introduce our Pills to the people; we should only have our labour for our pains, and losses for our investments.

We therefore claim, that Radway's Regulators.

on labour for our pains, and losses for our investments.

We therefore claim, that Radway's Regulators possess many superior virtues that all other tills in general use lack, and this the patient will discover, by taking a sincle dose. There are no pills in use that are so quick in action, so pleasant to take, so mild in their operation, so effectual in performing their daties, so powerful in ridding the system from disease, to faithful in regulating each and every organ in the whole system to so healthy, tatural and so harmonious an action, as Radway's Regulators. They regulate the Heart, the Liver, the Bowels, the Skin, the Kidneys, the Paucreas, the Nerves, and all other organs and viscera of the Pody, to a natural and healthy action. They not only Purcus and use of the whole body—not confined to merely the Bowels—every part of the system feels their health-giving influence—and disease, we reever it may be seated, is cradicted, and quickly cast out of the body.

For whatever complaint they are used, they act

For whatever complaint they are used, they act For whatever complaint they are used, they act quick and pleasant—no griping, no sickness at stomach, no sinking pains, no bad dreams, no weakness or lassitude, no leaving of the bowels costive after they have operated, follows the use of Radway's Regulators.

They insure to all who take them a good night's rest, and a pleasant discharge from the bowels in morning.

rest, and a pleasant discharge from the bowels in morning.

THE WEAK GROW STRONG.

The first dose of Redway's Regulators sows the seeds of health in the sick and diseased system; every day the patient will gain strongth. The sick become healthy, and the feeble strong; every organ in the deceased body is resusciated with new life and vigor, and health and regularity will reign throughout the whole system. The liver will be regular in a secreting bile, the skin regular in its functions, the heart regular in its beatings, the rulse regular in its motions, and the bowels regular, at a regular hour, in all charging their contents. Let all who have occasion to take physic take a dose of Radway's Regulatore. If your system is out of order, two or three of Radway's Regulators will put your system in perfect order.

As a family physic.

Radwy's Regulators are the most safe and reliable rills in use, and will once effectively and quick—costiveness, indigestion, inflammation of the bowels, dyspeptis, liver complaint; diseases of the heart, kidneys, bladders; womb difficulties. Whenaver the system is out of order, a dose of Radway's Regulators will restore it to order health and regularity.

MEDICATED INHALIATION

ATHMA CURED.

BROOKLYN, N. Y., Dec. 20. 1853.

For about eight years I have been severely afflicated with the Ast ima for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to steep in a bed, getting hast rest I could sitting in my chair. My difficalty of breathing and my sufferings, were as at times, that for hours together my friend expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent beneat, and but little rollef, at length had the good fortune to procure Dr Curt's Shygeana or inhaing Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaicr to my stomach, and took a teaspoonful of the Cherry Syrup iwas relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. Gold only knows the amount of suffering this medicine has relieved me from. My navice to the suffering is,—TRY IT. the suffering is, —TRY IT.

MARGARET EASTON.

CONSUMPTION CURED.

CONSUMPTION CURED.

1 came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very peor; had a wery had cough, raised a good deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaented. My friends and physician pronounced my case consumption, and beyond the reach of medicine. I accidently hoard of Dr. Curtis's Hygeana, or Inhaling Hygean Vaper and Cherry Syru, and obtained a package, which i verily believe-was the means of saving my life. Soon after weating the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually grawing better, until it entirely left me, and I now consider myself cared. I still wear the lander, no the use of it is rather pleasant, and bolieving it strengthening and purifying to the lungs, I feel unwilling at present to disperse with it.

Delia Wood.

JOHN WOOD. Price-\$3 per package. For Sale only by Wm. Forbes, Chemist and Drug-gist, Chatbaoi And M. M. Sargeant, Newcastle.
