

on the campaign of the Allies in the East, and manifesting a friendly feeling in favour of Russia, we have much satisfaction in copying the opinion of an American Gentleman, a Mr. Evans, who it appears, does not sympathise with the Czar, or think that he will in the present struggle, have all his own way, as the conductors of the American Press would have us imagine. The letter is written to the New Bedford Mercury, and bears date, St. Petersburg, November 1.

"I am confident that we shall have peace by the first of April next, or a general European war. If peace is not concluded by spring, the campaign will be continued by the allies on a gigantic scale, and we may expect to see the French and English armies in St. Petersburg and Moscow. The Russians will show a good front, but they cannot stop all Europe, or even the French and English alone, if they should put their whole force against Russia."

COUNTY KENT.

We have received a letter signed a "Juror." The writer indulges in some very severe remarks on the Magistrates of the County, which we do not feel justified in publishing, coming as they do, from an anonymous correspondent.

The writer then proceeds to state, "that the Grand Inquest of the County, through their Foreman, told their Worships, the Bench, that they had no confidence in them as a body, and handed all the accounts back to them unopened, and then walked to their homes, without leave, paying no attention whatever, to the business of the county."

We think the conduct of the members of the Grand Jury, in so doing, was highly reprehensible. They should have examined the accounts, and made their presentment on them—they ought to have paid attention to the business of the County, as they were the representatives of the people, the parties interested in the proper discharge of their duties, and not the magistrates, as a body. After they had done this, then was the proper time for them to have expressed their opinion in reference to the Bench. They should also, by petition or memorial, have laid the matter before the Governor and Council, who, we feel satisfied, would have paid attention to their remonstrance, and if practicable, remove the grievance. Now they have accomplished nothing, and left the parties in whom they said they had no confidence, to do what they pleased with the accounts, and to transact all the other business of the County.

The circumstance is much to be regretted, as it manifests that public matters in the County are not such as they should be. Although the subject has not been in an official manner brought before them, we hope the Government will make some enquiry into the nature and cause of this unseemly dispute, with a view to prevent a re-occurrence of the transaction.

LIVERPOOL TIMBER TRADE.

By the last mail we received a copy of A. F. & D. Mackay's Timber Circular, of January 6, from which we take the following extracts:

"Since our Annual Circular, dated 1st February, 411 vessels, 303,528 tons register, wood laden, have arrived from British North America, viz., 168 from Quebec, 108 from St. John, N. B., and 145 from other ports; in the like time last year, 439 vessels, 308,230 tons, arrived."

"Pine Timber.—During the fortnight, several cargoes have arrived in the River from Quebec; and not being able to get into dock, there have been no sales of entire cargoes to report.—By auction, a few lots, at North End, have realised 13d. per foot, the wood being of middling quality. Of St. John, one cargo, 19 1/2 inches average girth sold at 21 1/2d. per foot, which is an advance of 2d. per foot on this article from the lowest point. A parcel of Common and Inferior, with cargo, sold at 10 1/2d. per foot. There is no over stock of St. John wood, and a good article will meet with ready sale, at about 20d. for 18 inches. There have been no sales of Lower Port cargoes."

"N. B. and N. S. Pine and Spruce Deals.—In this article there has been but little change.—One cargo of St. John Deals, sold from the Quay at £8 5s., and one at £8. One of St. Stephen, undimensioned, at £8 per standard, and one at £8 2s. 6d. to arrive, all at South Docks. A P. E. Island cargo Deals and Batten at £7 5s. per standard. Miramichi Deals to arrive at £8 per standard."

COUNTY WESTMORLAND.

We are in receipt of the two first numbers of the Westmorland Times, published by G. W.

Lugrin, at the Bend. The paper is very neatly printed, the extract evince considerable taste and judgment, and the Editorials are written in a free and easy style, clearly manifesting that the conductor is perfectly at home in his department. He declares himself liberal in politics and a friend to progress. We wish the proprietor success in his undertaking.

By the second number we perceive that the inhabitants of the Bend have held a public meeting, for the purpose of taking into consideration the propriety of having the town incorporated, at which the following Resolutions were adapted and a committee appointed to carry them into effect.

"It is the opinion of this meeting that it would be the interest of the inhabitants of this village to be incorporated.

"That a Committee of five be appointed to prepare the outline of a Bill in accordance with the foregoing Resolution, defining the limits and name of the town, and specifying the several officials with their duties which may be required, and to submit the same at an adjourned meeting, to be held in this Hall this night week."

TEA PARTY, NEWCASTLE.

LAST evening we were handed the following communication for insertion, which we do with pleasure.

Newcastle, Miramichi, 26th January, 1855. Friend Pierce.—Newcastle Division Sons of Temperance, gave a Soiree in the Hall of the Mechanics' Institute, on Wednesday evening last, which was crowded to overflowing. On which occasion stirring addresses were delivered by the Rev. Mr Henderson, Rev. Mr Snowball, Rev. Mr McCurdy, James Caie, Esq. and the Honorable Solicitor General. The whole affair was highly creditable to the Sons of Temperance of Newcastle, and to the Ladies who so bountifully provided tables on the occasion. I understand the proceeds are to be appropriated to the Patriotic Fund. The Sons, however, should bestir themselves and get up a building commodious enough to hold a much larger number than were assembled on that evening, as had there been accommodation enough I am satisfied there would have been a much greater number present, Yours truly,
ONE OF THE NUMBER.

THE HIGHLAND BALL.

THE Annual Ball of the Highland Society, came off on Thursday evening, and will long be remembered by the company as one of the most pleasant assemblages that has taken place in Miramichi. The taste displayed in the arrangement and decoration of the rooms reflected the highest credit on the Managers, and we wish it was possible to convey to our readers, even a faint idea, of this "Palace of the Hours," as it appeared to us, when filled with the loveliest of God's creatures, the fair daughters of our land.

About twelve o'clock Supper was announced, and too much credit cannot be awarded to Mr and Mrs Bowser—the caterers: they have proved themselves on this, as well as on former occasions, that they are at home in their present calling. After the Supper had been discussed, dancing was renewed, and continued with unabated vigour until past four o'clock, when the company separated, each and every one more than pleased with the happy hours they had spent, and deservedly grateful to those whose time and talents were occupied in ministering to their pleasure.
