HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF AS-THMA OF AN OLD LADY SEVENTY FIVE YEARS OF AGE.

Copy of a Letter from Mr. Thomas Weston, (Book Store,) Teronto, dated the 3th October, 1854.

To Professor Holloway,

Sir,—Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and, twenty yoars with asthma and spitting of Blood, it was quite agony to see her suffer and hear her cough; I have eften declared that I would give all I possessed to have cured her; but although I paid a large sum for medicine and advise, it was all to no purpore. About three months ago, I thought perhaps your Pills might benefit her, at all events I resolved to give them a trial, which I did; the result was marvollous: by slow degrees my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy five year old.

Premain, Sir, your obliged,

(Signed) Thomas Weston.

fax, Nova Scotia, dated the 25th August, 1854.

To Professor Holloway,
Sir,—I desire to add my testimony to the value of your Pills, in cases of Dropsy. For mine months I suffered the greatest torture with this distressing complaint; was tapped three times, and finally given up by the like doctors; having become in appearance as a skeleton; and with no more strength in me than a child just born. It was, then that I thought of trying your Pills, and immediately sent for, a quantity, and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better, and by persevering with them, at the expiration of two months, I was completely cured.—I have since or joyed the best of health.

I am, Sir, yours sincerely,
(Signed)

ASTONISHING CURE OF GENERAL DEBILITY, AND LIVER COMPLAINT.

Copy of a Letter from William Roves, of Charlotte-town, Prince Edward's Island, dated 17th Nov., 1854.

Te Professor Holloway,

The Professor Holloway,
Sir,—I am happy to say that your Pills have r
stored me to health after suffering for nine yeare
from the most intense general debility andlangousmy liver and bowels were also much deranged for
the whole of that time. I tried many medicines
but they were of no good to me, until I had resour
se to your Pills, by taking which, and followed the
printed directions for seven weeks I was cured, after
every other means failed to the astonishment of my
neighbours, acquaintances, and friends I shall ever
feel grateful to you for this astonishing restoration
to health, and will recommend your Pills to all suffacers, feeling it my duty to do so.

I remain, Sir, your humble servant.

Mesers, J Curtis & Co — Gentlemen,

I have a word to say to you, in favor of Hunter's Cough Syrup I have the last year used in my practice, two dozen bottles of it which I had of you, and every bottle has done good. For eight years past I have been in the practice of medicine, and I have never found anything so well calculated to operate so favours bly in all diseases of the lungs as that is. I have known a hard, distressing cough, oured in forty-eight hours, by using (in Broken doses) one bottle of it. One case here in particular, of a man who was supposed to have a seated consumption, troubled with a hard, distressing cough. I let him hav one bottle, and he had two more of your agent, Mr Whitmore. After using the three Bottles, he has became well, and now labours every day. He told me lately, that Hunter's Cough Syrup was the means and enly means of his ours. I have given it to infants, to children, to adults and have the pleasure to inform you that it has done good in every eare.

You need not hesitate to recommend it for a cough, and also all diseases of the lungs. I shall do all in my power to recommend it in the cases above named, not wholly for your beneat, but for the be-

nefit of suffering humanity. Yours truly,

BENJAMINL. POMROY.

MEDICATED INHALATION.

A NEW METHOD.

A NEW METHOD.

A most wonderful discovery has recently been made by Dr. CURTIS, for the cure of Asthma, Coamade by Dr. CURTIS, for the cure of Asthma, Coamanderful Dr. Cure of Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthr and consumption in the city of New York and vacinity in a left months past, ever known to man. It is predicted an impression on Diseases of the Lungs never before witnessed by the medical profession, [See certificates in hands of Agents.]

The Inhaler is worn on the breast under the linen without the least inconvenience, the heat of the body being sufficient to evap rate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air-cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ATHMA CURED.

BROOKLYN, N. Y., Dec. 20. 1853.

BROOKEYN, N. Y., Dec. 20. 1853.

For about eight years, I have been severely afflicted with the Astama; for the last two years. I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, go ting what rest Lould sitting in my chair. My difficulty of breathing and my sufferings, were so green at times, that for hours together my friend expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief, at length had the good fortune to procure Dr Curte's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost sufficating for want of breath. In less than ten minutes from the time I applied the Iohaler to my stomach, and took a teaspoonful of the Cherry Syrup I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of softering this medi ine has relieved me from. My advice to the suifering is,—TRY IT. to the suffering is, -TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

New York, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a good deal of matter, which was frequently mixed with blood; bad pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case consumption, and beyond the reach of medicine: I accidently heard of Dr. Curtis's Hygeann, or Inhaling Hygean Vaper and Crerry Syrup, and obtained a package, which i verily telieve was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing batter, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.
