

HOLLOWAY'S OINTMENT.

ERYSIPELAS OF EIGHT YEARS DU-RATION CURED.

Copy of a Letter from Geo. Sinclair, Esq., of Paris, Canada, dated the 18th July, 1854. To Professor Holloway,

To Professor Holloway,

Sir,—I feel a pleasure and a pride in bearing witness to the wonderful benefit I bave derived from the use of your inestimable Ointment and Fills.—
For eight years I have suffered unceasingly from attacks of erysipelas; large purple blotches came all over my body; in addition to the unpleasant feeling of itching and burning, which effected me by night and day, rendering life a misery to me, as well as to all around—so severe was the attack.—I used several reputed remedies without deriving the least cessation to my misery. At last I determined to try your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I feel considerably better;—in three months, by continuing with your medicine, I was completely oured, and now enjoys the best of health. The truth of this statement is well known here, ence there is no necessity for me to request secrecy I remain, Sir, your most obedient servant,

I remain, Sir, your most obedient servant, GEO. SINCLAIR. (Signed)

ULCERS IN THE LEG,-REMARK-ABLE CURE.

Copy of a Letter from Mr. Edward Tomkinson, of Cape Breton, Nova Scotia, dated the 4th May, 1854 To Professor Holloway.

To Professor Holloway.

Sir,—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg; in which there were several deeply seated and old wounds, defying the skill of some of the most eminent of the medical faculty. a variety of remedies were also used unsuccessfully; and it seemed to me that there was not anything capable of mitigating the agonies she endured. At length she had recourse to your Ointment and Pills, and aftet using them for about five weeks, she was completely cured, after all other means had failed to afford her the slightest relief. I have no objections to these facts being published, if you feel disposed to make them known.

I remain, Sir, yeur most obedient servant, (Signed) EDWD. TOMKINSON.

A BAD BREAST CURED WHEN AT DEATHS DOOR.

DEATHS DOOR.

Copy of a Letter from Mr Henry Malden, of Three Rivers, Canrda, dated July 9, 1854.

To Professor Holloway,
Sir,—My w.fe suffered most severely after the borth of our last child with a bad breast. There were several holes in it, one as large as a hand, all the devices and stratagems I tried would not heal them, but assumed an aspect more frightful than before, and horrible to behold. As a last resourse I tried your Ointment and Pills, which was persevered with for seven years, at the expiration of that time her breast was almost well; by continuing with your remedies for two more weeks, she was entirely cured and we offer you our united thanks for the cure effected.

feeted. I am, Sir, yours truly, HENRY THOMSON. (Signed)

JUDSON'S CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT,

FOR THE CURE OF Coughs, Colds, Hearsness, Spitting of Blood, Night Sweats, Asthma,

Liver Complaints, and CONSUMPTION

DEATH

can be and has been prevented in thousands of ca-ses by this nature's own remedy.

JUDSONS CHEMICAL EXTRACT OF CHERRY AND LUNGWORTH.

This medicine unlike most of the patent remedies of the day is the result of the careful study and experiments of a scientific and experienced Physician. The two principal ingredients have long been known and celebrated.

WILD CHERRY BARK.

When the strength of this is properly extracted it is the best medicine known for curing the worst Coughs and other Pulminary diseases, is loosens the phlegm, and enables the sufferer to expectorate essily, and alone will cure the worst cold or cough which if neglected always lead to Consumption.

LUNGWORTH. This is a plant the virtues of which are known to but few, it has been said by the most learned men of all times, "that havere has provided a remedy for each and every disease," and the discoveries that are daily made, go to prove its truth. Lungworth is doubless the remedy designed by nature for Consumption.

These two articles combined with allowed.

These two articles combined with other purely vegetable ingredients, form a medicine that is certain to cure the worst cases of Consumption if taken before the sufferer is entirely prostrated. Do not be discouraged, a trial can do no harm, but will convince the most sceptical of its real worth.

THOUSANDS OF CONSUMPTIVE

THOUSANDS OF CONSUMPTIVE persons have been deceived repeatedly in buying medicines which were said to be infallible cures, but which have proved only palliative, but this medicine is not only palliative but a cure for ulcerated lurgs. It contains no deliterious Drugs, and one trial will prove its astonishing efficacy better than any assertions or certificates in curing consumption and all diseases of the Lungs and Liver, such as spitting of blood, coughs, pain in the side and chest, night sweats, &c., &c.

Caution—To protect our own as well as the interests of the Consumptive sufferer, we are oblidged to caution all to find the signature of Constock & BROTHER on the wrapper, without this it is a worthless counterfeit. Remember this.

CARLTON'S

LINIMENT FOR THE PILES, &c. It is now used in the principal hospitals, and in the private practice in our country by an immence number of individuals and families, first and most certainly for the cure of the PILES, and also extensively and effectually as to baffle credulity unloss where its effects are witnessed externally in the following complaints:

lowing complaints:
Dropsy Swellings, Rheumatism, Acute or Chronic, giving immediate ease, Sore Throat, Bruises, Sprains, Burns &c.
Sores and Ulcers—Whetherfresh or of long standing, and fever sores.
Its operations upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception. The common remarks of those who have used it in the Piles, is "it acts likes charna." It is warranted to please any person that will try it.

is "it acts likes charm." It is warranted to please any person thot will try it.

Caution.—Never but it unless you find the fac simile s gnature of Comstock & Brother, proprietors, on the wrapper.

MEDICATED INHAUATION.

A NEW METHOD.

A most wonderful discovery has recently been made by Dr. CURTIS, for the cure of Asthma, Coasumytion, Broucaitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cares of Asthmand consumption in the city of New York and vacinity in a leaf months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnes ed by the medical profession, [See certificates in hands of Agents.]

The Inhaler is worn on the breast under the linen without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—sapplying the lungs constantly with a healing and agreeable vapor, passing into all the air-cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20. 1853.

BROOKLYN, N. Y., Dec. 20. 1853.

For about eight years I have been severely afflicted with the Astama; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest locald sitting in my chair. My difficulty of breathing and my sufferings, were stored to a times, that for hours together my friend expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. at length had the good fortune to procure Dr Cartis's Hygeans or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost sufficialing for want of breath. In less than ten minutes from the time of applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—BRY IT. to the suffering is, -DRY IT.

MARGARET EASTON.

CONSUMPTION CURED

NEW YORK, Dec. 27th, 1853.

New York, Dec. 27th, 1853.

I came to New York in the ship Tulegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a good deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case consumption, and beyond the reach of medicine. I accidently heard of Dr. Curtis's Hygeans, or Inhaling Hygean Vaper and Cherry Syrup, and obtained a package, which i verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the nse of it is rather pleasant, and believing it strengthening and purifying to the lungs, feet unwilling at present to dispense with it.

JOHN WOOD.
