The essential object of this treatise is to point out the fearful consequences resulting from certain babits, irregularities and excesses, which have previoused more misery in Youch, degredation in Manhood, and premature decay at all stages of Life, than, perhaps, any other class or disease known temodern philosophers. Its perusal is particularly recommended to persons entertaining secret doubts of their physical condition, and who are conscious of having hazarded the health, heppiness, and privileges to which every human being is entitled.

It is absolutely necessary that all men should know that there are principles of personal management which cannot be violated without incurring grievous penalties, and when wisdom and regret, succeed the heyday of inconsiderate self indulgence, how these penalties may be mitigated, how the sting of their bitterness may be removed, and how the sting of their bitterness may be removed, and how the sting of their bitterness may be removed, and how the violation of their bitterness may be removed, and how the sting of their bitterness may be removed, and how the sting of their bitterness may be removed, and how the violation of their bitterness may be removed, and how the violation of their bitterness may be removed, and how the violation of their bitterness may be removed, and how the violation of their bitterness may be removed, and how the violation of their bitterness may be removed, and how the violation of their bitterness may be removed, and how the violation of their bitterness may be removed, and how the violation of their bitterness may be senting to their bitterness may be removed and how the violation of their bitterness may be removed and how the violation of their bitterness may be removed and how the violation of their bitterness may be removed of physical infirmity or funct
