HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF ASTHMA OF AN OLD LADY SEVENTY FIVE YEARS OF AGE.

Copy of a Letter from Mr. Thomas Weston, (Book Store,) Toronto, dated the 9th October, 1854.
To Professor Holloway,

Sir,—Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years with asthma and spitting of Blood, it was quite agony to see her suffer and hear her cough; I have often declared that I would give all I possessed to have cured her; but although I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought perhaps your Pills might benefit her, at all events I resolved to give them a trial, which I did; the result was marvellous: by slow degrees my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy five year old.

I remain, Sir, your obliged,
(Signed) THOMAS WESTON.

REMARKABLE CURE OF DROPSY!! AFTER BEING TAPPED THREE TIMES.

Copy of a Letter from Anthony Smith, Esq., Halifax, Nova Scotia, dated the 25th August, 1854.
To Professor Holloway,

Sir,—I desire to add my testimony to the value of your Pills, in cases of Dropsy. For nine months I suffered the greatest torture with this distressing complaint; was tapped three times, and finally given up by the doctors; having become in appearance as a skeleton; and with no more strength in me than a child just born. It was then that I thought of trying your Pills, and immediately sent for a quantity, and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better, and by persevering with them, at the expiration of two months, I was completely cured.—I have since enjoyed the best of health.

I am, Sir, yours sincerely,
(Signed) ANTHONY SMITH.

ASTONISHING CURE OF GENERAL DEBILITY, AND LIVER COMPLAINT.

Copy of a Letter from Mr. W. Reeves of Charlottetown, Prince Edwards Island, dated the 17th Nov., 1854.
To Professor Holloway,

Sir,—I am happy to say that your Pills have restored me to health after suffering for nine years from the most intense general debility and languor, my liver and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me, until I had recourse to your Pills, by taking which, and followed the printed directions for seven weeks I was cured, after every other means failed to the astonishment of my neighbours, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so.

I remain, Sir, your humble servant,
(Signed) WILLIAM REEVES.

MEDICATED INHALATION

A NEW METHOD.

A most wonderful discovery has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and consumption in the city of New York and vicinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession, [See certificates in hands of Agents.]

The Inhaler is worn on the breast under the linen without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air-cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing and my sufferings, were so great at times, that for hours together my friend expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. At length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

MARGARET EASTON.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a good deal of matter, which was frequently mixed with blood; bad pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.
