

The Infallible Remedy.

HOLLOWAY'S OINTMENT

ERYSIPELAS OF EIGHT YEAR DURATION CURED.

Copy of a Letter from Geo. Sinclair, Esq., of Paris, Canada, dated the 15th July, 1854. To Professor Holloway.

Sir,—I feel a pleasure and a pride in bearing witness to the wonderful benefit I have derived from the use of your inestimable Ointment and Pills.—For eight years I have suffered unceasingly from attacks of erysipelas; large purple blotches came all over my body; in addition to the unpleasant feeling of itching and burning, which effected me by night and day, rendering life a misery to me, as well as to all around—so severe was the attack.—I used several reputed remedies without deriving the least cessation to my misery. At last I determined to try your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I feel considerably better;—in three months, by continuing with your medicine, I was completely cured, and now enjoys the best of health. The truth of this statement is well known here, hence there is no necessity for me to request secrecy.

I remain, Sir, your most obedient servant,
(Signed) GEO. SINCLAIR.

ULCERS IN THE LEG.—REMARKABLE CURE.

Copy of a Letter from Mr Edward Tomkinson, of Cape Breton, Nova Scotia, dated the 4th May, 1854 To Professor Holloway.

Sir,—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg; in which there were several deeply seated and old wounds, defying the skill of some of the most eminent of the medical faculty, a variety of remedies were also used unsuccessfully; and it seemed to me that there was not anything capable of mitigating the agonies she endured. At length she had recourse to your Ointment and Pills, and after using them for about five weeks, she was completely cured, after all other means had failed to afford her the slightest relief. I have no objections to these facts being published, if you feel disposed to make them known.

I remain, Sir, your most obedient servant,
(Signed) EDWD. TOMKINSON.

A BAD BREAST CURED WHEN AT DEATH'S DOOR.

Copy of a Letter from Mr Henry Mulden, of Three Rivers, Canada, dated July 9, 1854.

To Professor Holloway,

Sir,—My wife suffered most severely after the birth of our last child with a bad breast. There were several holes in it, one as large as a hand, all the devices and stratagems I tried would not heal them, but assumed an aspect more frightful than before, and horrible to behold. As a last resource I tried your Ointment and Pills, which was persevered with for seven years, at the expiration of that time her breast was almost well; by continuing with your remedies for two more weeks, she was entirely cured and we offer you our united thanks for the cure effected.

I am, Sir, yours truly,
(Signed) HENRY THOMSON.

JUDSON'S
CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT,

FOR THE CURE OF

Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and CONSUMPTION

DEATH

can be and has been prevented in thousands of cases by this nature's own remedy.

JUDSON'S CHEMICAL EXTRACT OF
CHERRY AND LUNGWORT.

This medicine unlike most of the patent remedies of the day is the result of the careful study and experiments of a scientific and experienced Physician. The two principal ingredients have long been known and celebrated.

WILD CHERRY BARK.

When the strength of this is properly extracted it is the best medicine known for curing the worst Coughs and other Pulmonary diseases, it loosens the phlegm, and enables the sufferer to expectorate easily, and alone will cure the worst cold or cough which if neglected always lead to Consumption.

LUNGWORT.

This is a plant the virtues of which are known to but few, it has been said by the most learned men of all times, "that nature has provided a remedy for each and every disease," and the discoveries that are daily made, go to prove its truth. Lungwort is doubtless the remedy designed by nature for Consumption.

These two articles combined with other purely vegetable ingredients, form a medicine that is certain to cure the worst cases of Consumption if taken before the sufferer is entirely prostrated. Do not be discouraged, a trial can do no harm, but will convince the most sceptical of its real worth.

THOUSANDS OF CONSUMPTIVE

persons have been deceived repeatedly in buying medicines which were said to be infallible cures, but which have proved only palliatives, but this medicine is not only palliative but a cure for ulcerated lungs. It contains no deliterious Drugs, and one trial will prove its astonishing efficacy better than any assertions or certificates in curing consumption and all diseases of the Lungs and Liver, such as spitting of blood, coughs, pain in the side and chest, night sweats, &c., &c.

Caution.—To protect our own as well as the interests of the Consumptive sufferer, we are obliged to caution all to find the signature of COMSTOCK & BROTHER on the wrapper, without this it is a worthless counterfeit. Remember this.

CARLTON'S

LINIMENT FOR THE PILES, &c.

It is now used in the principal hospitals, and in the private practice in our country by an immense number of individuals and families, first and most certainly for the cure of the PILES, and also extensively and effectually as to baffle credulity unless where its effects are witnessed externally in the following complaints:

Dropsy Swellings, Rheumatism, Acute or Chronic, giving immediate ease, Sore Throat, Bruises, Sprains, Burns &c.
Sore and Ulcers—Whether fresh or of long standing, and fever sores.

Its operations upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest by relaxation of the parts, has been surprising beyond conception. The common remarks of those who have used it in the Piles, is "it acts likea charm." It is warranted to please any person that will try it.

Caution.—Never buy it unless you find the facsimile signature of Comstock & Brother, proprietors, on the wrapper.

COMSTOCK'S

FAMILY ANTIBILIOUS PILLS,

For the cure of all Bilious Affections.

Also for Liver Complaints, Gout, Jaundice, Dyspepsia, Rheumatism, Fevers, Nervousness, Erysipelas and diseases of the Skin, Impurity of the Blood, Inflammations, Melancholy, Sick Headache, Constiveness, Pains in the Head, Breast, Side, Back, and Limbs, Female Diseases, &c., &c.

AZOR'S

ORIENTAL TURKISH WINE.

The great remedy for General Debility, Weakness, Loss of Appetite, Dyspepsia, Bilious Diseases, a certain preventive of Fevers, &c., &c. This WINE is the most pleasant and effectual Remedy for any of the above complaints, and for many others not mentioned, that has ever discovered.

RHEUMATISM.

Comstock Nerve and Bone Liniment, is warranted to cure any case of Rheumatism, Gout, Contracted Cords and Muscles, or stiff joints. Strengthens Weak Limbs, and enables those who are crippled to walk again. Comstock & Brother, Proprietors, New York, and none genuine without their name on the wrapper.

Positive Proof-Sceptics Read

HAMPDEN, Feb. 24, 1856

Messrs. J. Curtis & Co.—GENTLEMEN,

I have a word to say to you, in favor of HUNTER'S COUGH SYRUP I have the last year used in my practice two dozen bottles of it which I had of you, and every bottle has done good. For eight years past I have been in the practice of medicine, and I have never found anything so well calculated to operate so favourably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was supposed to have a seated consumption, troubled with a hard, distressing cough I let him have one bottle, and he had two more of your agent, Mr Whitmore. After using the three bottles, he has become well, and now labours every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults and have the pleasure to inform you that it has done good in every case.

You need not hesitate to recommend it for a cough, and also all diseases of the lungs. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

Yours truly,

BENJAMIN L. POMROY.

MEDICATED INHALATION,

A NEW METHOD.

A most wonderful discovery has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and consumption in the city of New York and vicinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession, [See certificates in hands of Agents.]

The Inhaler is worn on the breast under the linen without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air-cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ATHMA CURED.

BROOKLYN, N. Y., Dec. 20. 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing and my sufferings, were so great, at times, that for hours together my friend expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. At length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

MARGARET EASTON.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a good deal of matter, which was frequently mixed with blood; bad pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.
