medias discovered by Professor Holloway for the re moral of disease. In uniting this general recommendation of the re-markable virtues of Holloway's remedies, we only perform a Christian duty, which the press should never neglect. Those who are eminent for the good they do in the world, have a just claim upon the press for aid in extending the good to the extent in their power. Therefore, we have determined to ex-press our opinion, that HOLLOWAY'S PILLS and OINTMENT are adapted to the removal of dimease, and have restored millions of the sick to health.---New York Atlas.
