A MARVELLOUS REMEDY!

FOR A MARVELLOUS AGE.

Holloway's Ointment.

THE GRAND EXTERNAL REMEDY. THE GRAND EXTERNAL REMEDY. By the aid of a microscope, we see millions of little oppoints on the surface of our bedies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of tackidneys, disorders of the liver, affections of the heart, inflamation of the lungs, Asthma, coughs and colds, are by its means effectually cured. Every housewife knows that sale passes feeely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone of fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

ed by other means.

ERYSIPELAS, RHEUMATISM AND

SCORBUTIC HUMOURS.

No remedy has ever done so much for the cure of discases of skin, whatever form they may assume, as this Cintment. Secury, Sore Heads, Scrotula, er Erysipelas, cannot long withstand its inflaence. The inventer has travelled over many parts of the Globe, visiting the principal hospitals, dispensing this Cintment, giving advice as to its application, and has thus been the means of restoring countless number to health.

SCRE LEGS SORE REPLACES WORKERS

SORE LEGS, SORE BREASTS, WOUNDS

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wound ulcers, glandular swellings, and tumours. Professor Hollows has despatched to the east large shipments of this Ointment, to be used in the worst cases of wounds. Is will care any ulcer, glandulars swelling, stiffness, or contraction of the joints, even of 20 years standing.

PILES AND FISTULAS.

These and other similar distressing complaints can be effectually cared if the Ointment be well rubbed in over the parts effected, and by otherwise fellowing the printed directions around each pot.

Both the Ointment and Pills should be used in the fellowing cases:

No. 3 R. R. REGULATORS, No. 3.

A new principle in Medicine, never before known or possessed by any? Purgative, [Cathartie, or Antibilious Pills in use. Let all who have ever taken Pills read and investigate the Theory on which Radway's Regulators are founded.

THE MOST PERFECT PILLS IN USE.

And the only Pills that possess any new medical properties, or Regulating Powers, that have been discovered during the present century.

PILLS.
We beg to call the attention of the public to our

We beg to call the attention of the public to out third great discovery in medicine—"Radway's Regulators," in the form of Pills. We claim that Radway's Regulators possess virtues that all other pills, in general use are deficient. That they insure to the user, or invalid, superior advantages, which cannot be obtained from any ether pills in use. If our Pills, known by the name of Radway's Regulators, did not possess superior carative powers, to alother pills, and if the Public, by taking our Pills, were not going to receive superior benefits, or derive advantages which the taking of other pills would not afford them, it would be folly in us to injuriouse our Pills to the people; we should only have our labour for our pains, and losses for our investments.

Wetherefore claim, that Radway's Regulators possess many superior virtues that all other pills in general use lack, and this the patient will discover, by taking a single dose. There are no pills in use that are so quick in action, so pleasant to take, so mild in their operation, so effectual in performing their duties, so powerful in ridding the system from disease, so faithful in regulating each and every organ in the whole system to so healthy, natural and so harmonious an action, as Radway's Regulators They regulate the Heart, the Liver, the Bowel, the Skin, the Kidneys, the Pancreas, the Nerves, and all other organs and viscera of the Body, to a natural and healthy action. They not only Purge BUT THEY REGULATE. Their influence extendover the whole body—not confined to merely the Bowels—every part of the system feels their healthgiving influence—and disease, whereever it may be seated, is eradicted, and quickly cast out of the body. iving influence—and disease, whereever it may be eated, is eradicted, and quickly east out of the

body.

For whatever complaint they are used, they act quick and pleasant—no griping, no sickness at stomach, no sinking pains, no bad dreams, no weakness or lassitude, no leaving of the bowels costive after they have operated, followstheuse of Radway's Regulators.

They insure to all who take them a good night's rest, and a pleasant discharge from the bowels in marging.

The first does of Kadway's Regulators sows the seeds of health in the sick and diseased system; every day the patient will gain strength. The sick become healthy, and the feeble strong; every organ in the deceased body is resusciated with new life and vigor, and health and regularity will reign throughout the whole system. The liver will be regular in secreting bile, the Skin regular in its fauntious, the heart regular in its neatings, the pulse regular in its motions, and the bowels regular, at a regular hour, in discharging their contents. Let all who have occasion to take physic take a dose of Radways Regulators. If your system is out of order, two or three of Radway's Regulators will put your system in peafect order.

As a Familly Physic.

Radway's Regulators are the most safe and reliable pills in use, and will enre effectively and quick—oostiveness, indigestion, inflammation of the bowels, dyspepsia, liver compiaint; diseases of the heart, kidneys, bladders; womb difficulties, and all female complaints; all urinary difficulties. Whenever the system is ont of order, a dose of Radway's Regulators will restore it to order health and regularity. gularity.

NEW METHOD.

A most wonderful discovery has recently been made by Dr. CURTIS, for the cure of Asthma, Censumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA. or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthra and consumption in the city of New York and vacinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession, [See centificates in hands of Agents.]

The Inhaler is worn on the breast under the linen without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air-cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ATHMA CURED.

ATHMA CURED.

BROOKLYN, N. Y., Dec. 20. 1853.

For about eight years I have been severely afflicated with the Astama; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair My difficulty of breathing and my sufferings, were sagted at times, that for hours together my friend expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief, at length had the good fortune to procure Dr Curtis's Hygeans or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained is, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am new comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

MARGABET EASTON.

CONSUMPTION CURED.

New York, Dec. 27th, 1853

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a good deal of matter, which was frequently mixed with blood; bad pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case consumption, and beyond the reach of medicine. I accidently heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vaper and Caerry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and parifying to the lungs, I feel unwilling at present to dispense with it.
