No. 3.

R. R. REGULATORS, No. 3.

A new principle in Medicine, never before known or possessed by any Purgative, Cathartic, or Antibilious Pills in use. Let all who have ever taken Pills read and investigate the Theory on which Radway's Regulators are founded.

THE MOST PERFECT PILLS IN USE. And the only Pills that possess any new medical properties, or Regulating Powers, that have been discovered during the present century.

PILLS.

We beg to call the attention of the public to our third great discovery in medicine—"RADWAY'S REGULATORS," in the form of Pills. We claim that Radway's Regulators possess virtues that all other pills, in general use are deficient. That they insure to the user, or invalid, superior advantages, which cannot be obtained from any other pills in use.

Whether we claim, that Radway's Regulators possess many superior virtues that all other pills in general use lack, and this the patient will discover, by taking a single dose. There are no pills in use that are so quick in action, so pleasant to take, so mild in their operation, so effectual in performing their duties, so powerful in ridding the system from disease, so faithful in regulating each and every organ in the whole system to so healthy, natural and so harmonious an action, as Radway's Regulators.

For whatever complaint they are used, they act quick and pleasant—no griping, no sickness at stomach, no sinking pains, no bad dreams, no weakness or lassitude, no leaving of the bowels costive after they have operated, follows the use of Radway's Regulators.

THEY INSURE TO ALL WHO TAKE THEM A GOOD NIGHT'S REST, AND A PLEASANT DISCHARGE FROM THE BOWELS IN MORNING.

THE WEAK GROW STRONG.

The first dose of Radway's Regulators sows the seeds of health in the sick and diseased system; every day the patient will gain strength. This sick become healthy, and the feeble strong; every organ in the deceased body is resuscitated with new life and vigor, and health and regularity will reign throughout the whole system.

AS A FAMILY PHYSIC.

Radway's Regulators are the most safe and reliable pills in use, and will cure effectively and quick—costiveness, indigestion, inflammation of the bowels, dyspepsia, liver complaint; diseases of the heart, kidneys, bladder; womb difficulties, and all female complaints; all urinary difficulties. Whenever the system is out of order, a dose of Radway's Regulators will restore it to order health and regularity.

Positive Proof—Sceptics Read

HAMPDEN, Feb. 24, 1856. Messrs. J. Curtis & Co.—GENTLEMEN,

I have a word to say to you, in favor of HUNTER'S COUGH SYRUP. I have the last year used in my practice two dozen bottles of it which I had of you, and every bottle has done good. For eight years past I have been in the practice of medicine, and I have never found anything so well calculated to operate so favourably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in Broken doses) one bottle of it. One case here in particular, of a man who was supposed to have a seated consumption, troubled with a hard, distressing cough. I let him have one bottle, and he had two more of your agent, Mr Whitmore. After using the three bottles, he has become well, and now labours every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults and have the pleasure to inform you that it has done good in every case.

You need not hesitate to recommend it for a cough, and also all diseases of the lungs. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity. Yours truly, BENJAMINE L. POMROY.

MEDICATED INHALATION NEW METHOD.

A most wonderful discovery has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and consumption in the city of New York and vicinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast under the linen without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air-cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ATHMA CURED.

BROOKLYN, N. Y., Dec. 20, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing and my sufferings, were so great at times, that for hours together my friend expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. At length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

MARGARET EASTON.

CONSUMPTION CURED.

New York, Dec. 27th, 1853

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a good deal of matter, which was frequently mixed with blood; bad pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.
