Positive Proof-Sceptics Read

Messrs. J. Curtis & Co.—GENTLEMEN,

I have a word to say to you, in favor of HUNTER'S COUGH SYRUP. I have the last year used in my practice two dozen bottles of it which I had of you, and every bottle has done good. For eight years past I have been in the practice of medicine, and I have never found anything so well calculated to operate so favourably in all diseases of the lungs as this is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was supposed to have a seated consumption, troubled with a hard, distressing cough, I let him try one bottle, and he had two more of your agent, Mr. Whitmore. After using the three bottles, he has become well, and now labours every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case.

Do not hesitate to recommend it for a cough, and also all diseases of the lungs. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

Yours truly, BENJAMI L. POMROY.

PUBLIC NOTICE.

The following BILL will be brought before the Legislature at the approaching Session, and is now published for the information of all concerned. A Bill to amend Title one, Chapter one, of the Revised Statutes, "of the Division of the Province into Counties and Parishes."

Whereas, by the Revised Statutes the Division Line between the Parishes of North Esk and Nelson in the County of Northumberland, is established by a line running West from Beaubear's Point, thereby altering the boundary of the said Parishes as by Law heretofore established; which has led to confusion and inconvenience to the inhabitants generally of both parishes, and most seriously injure the Parish of North Esk. And whereas, it appears to have been a mistake in the compilation, and it is deemed advisable that that part of the said chapter be repealed, and the old line re-established. Be it therefore Enacted by the Lieutenant Governor, Legislative Council, and Assembly. That, that part of the said Chapter, Number One, Title Number One, as relates to the division line between the Parishes of Nelson and North Esk, in the County of Northumberland, be, and the same is hereby repealed, and in lieu thereof, that the said division line shall commence from Beaubear's Point and run South Sixty Eight degrees, West as formerly established by law.

MEDICATED INHALATION NEW METHOD.

A most wonderful discovery has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and consumption in the city of New York and vicinity for a few months past, ever known to man. It is produced on an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast under the linen without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air-cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ATHMA CURED.

BROOKLYN, N. Y., Dec. 20. 1853. For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting that rest I could sit in my chair. My difficulty of breathing and my sufferings, were so great at times, that for hours together my friend expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. At length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

MARGARET EASTON.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853. I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a good deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physicians pronounced my case consumption, and they advised me to take medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I very soon began to use. I found it relieved the pressure on my lungs, and after a while the disease manifested appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, and the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.
