Radway's Regulators are founded.

THE MOST PERFECT FILLS IN USE.

And the enty Pills that possess any new medical properties, or Regulating Powers, that have been discovered during the present century.

FILLS.

We beg to call the attention of the public to our third great discovery in medicine—"RADWAY'S REGULATORS," in the form of Pills. We claim that Radway's Regulators possess virtues that all other pills, in general use are deficient. That they insure to the user, or invalid, superior advantages, which cannot be obtained from any other pills in use. If our Pills, known by the name of Radway's Regulators, did not possess superior curative powers, to all other pills, and if the Public, by taking our Pills, were not going to receive superior benefits, or derive advantages which the taking of other pills would not affird them, it would be folly in us to introduce our Pills to the people; we should only have our labour for our pains, and losses for our investments.

We therefore claim that Radway's Regulation

In these organs, nowever much deranged, and when all other means have felled.

GENERAL DEBILITY.—ILL HEALTH.

Many of the most Despotic Governments have opened heir Custom Houses to the introduction of these Pills, that they may become the medicing of the masses. Learned Colleges admit that this is the remedy over known for persons of delicate health er where the system has been impaired, as its invigoroting properties never fail to afford relies.

FEMALE COMPLAINTS.

No Female, young or old, should be without this medicine. It corrects and regulates the monthy courses at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint; consequently no female should be without it.

These celebrated Pills are wonderfully efficacious in the following complaints:—

gue Female Irregu-Retention of

rest, and a pleasant discharge from the bowels in morning.

THE WEAK GROW STRONG:

The first dose of Radway's Regulators sows the seeds of health in the sick and diseased system; every day the patient will gain strength. Tho sick become healthy, and the feeble strong; every organ in the deceased body is resusciated with new life and vigor, and health and regularity will reign throughout the whole system. The liver will be regular in secreting blie, the skin regular in its functious, the heart regular in its bearings, the pulse regular in its motions, and the bowels regular, at a regular hour, in all charging their contents. Let all who have occasion to take physic take a dose of Radway's Regulators. If your system is out of order, two or three of Radway's Regulators will gut your system in pedest order.

As A FAMILY PHYSIC.

Radwpy's Regulators are the most safe andreliable pills in use, and will care effectively and quick costiveness, indigestion, inflammation of the bowels, dyspopsia, liver compiaint: diseases of the heart, kidneys, bladders; wond difficulties, and all fenale complaint; all urinary difficulties. Whenever the system is out of order, a dose of Radway's Regulators will restore it to order health and regularity.

ATHMA CUREY.

BROOKLYS, N. Y., Dec. 20. 1853.

For about eight years I have been severely affected with the Asa ams; for the last two years I have suffered beyond all my powers of description; about a statum I may powers of description; about a statum I may powers of description; about a statum I may only the series and the statum I may only unflicately of breathing and my sufferings, we'ver gram at times, that for hours to cether my tributer past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but firster relief, at length had the good fortune to procure Dr Curtie's Hygeana or Inhaling Hygean Vapor and Oberary Syup. At the time I first obtained it. I was suffering under one of my most violent attacks, and was in great distress, almost suffooating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

MARGARET EASTON.

CONSUMPTION CURED.

New York, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when i reached this city, my health was very poor; had a very bad cough, raised a good deal of matter, which was frequently mixed with blood; bad pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case consumption, and beyond the reach of medicine. I accidently heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vaper and Cherry Syru, and obtained a package, which i verily oclieve-was the means of saving my life. Soon after wearing the Inhaler, for foundit relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do se, my cough gradually growing better, until it outsely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.
