WHY ARE WE SICK?

WHY ARE WE SICK?

It has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes, and constitutions. Professor Holloway personally superintends the manufacture of his medicines, and offers them to a free and culightened people, as the best remedy the world ever saw for the removal of diseases.

THESE PILLS PURIFY THE BLOOD.

These famous Pills are expressly combined to eperate on the stomach, the liver, the kidneys, the langs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

DYSPEPSIA AND LIVER COMPLAINTS Nearly half the human race has taken these Pilis. It has been proved in all parts of the world, that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to those organs, however much deranged, and when all other means have failed.

GENERAL DEBILITY.—ILL HEALTH
Many of the most Despotic Governments have
opened their Custom Houses to the introduction of
shese Pills, that they may become the medicine of
the masses. Learned Colleges admit that this is
the remedy ever known for persons of delicate health
or where the system has been impaired, as its invigoroting properties never fail to afford relief.

FEMALE COMPLAINTS.

No Female, young or old, should be without this
medicine. It corrects and regulates the monthy
courses at all periods, acting in many cases like a
charm. It is also the best and safest medicine that
can be given to children of all ages, and for any
complaint; consequently no female should be without it.

No. 3.

R. R. REGULATORS, No. 3.

A new principle in Medicine, never before known or possessed by any Purgative, Cathartic, or Antibilious Pills in use. Let all who have evertaken Pills read and investigate the Theory on which Radway's Regulators are founded.

THE MOST PERFECT PILLS IN USE.

And the only Pills that possess any new medical properties, or Regulating Powers, that have been discovered during the present century.

We beg to call the attention of the public to our We beg to call the attention of the public of our third great discovery in medicine—"Rapway's Regulators," in the form of Pills. We claim that Radway's Regulators possess virtues that all other pills, in general use are deficient. That they insure to the user, or invalid, superior advantages, which cannot be obtained from any other pills in use. If our Pills, known by the name of Radway's Regulators, did not possess superior generative powers to allow our rins, shown by the name of nameway riegu a-bors, did not possess superior carative powers, to al-other pills, and if the Public, by taking our Pills, were not going to receive superior benefits, or de-rive advantages which the taking of other pills would not afford them, it would be folly in us to in troduce our Pills to the people; we should only have our labour for our pains, and losses for our invest

ments.
We therefore claim, that Radway's Regulators We therefore claim, that Radway's Regulators possess many superior virtues that all other pills in general use lack, and this the patient will discover, by taking a single dose. There are no pills in use that are so quick in action, so pleasant to take, so mild in their operation, so effectual in performing their duties, so powerful in ridding the system from disease, so faithful in regulating each and every organ in the whole system to so healthy, natural and so have nices an action, as Radway's Regulators.

LET US REASON TOGETHER.

They regulate the Heart, the Liver, the Bowel, the Skin, the Kidneys, the Pancreas, the Nerves, and all other organs and vicera of the Eody. to a natural and healthy action. They not only PURGO BUT. THEY REQUEATE Their influence extendover the whole body—not confined to merely the Bowels—every part of the system feels their health-giving influence—and disease, we ere ver it may be giving influence—and disease, we ere ver it may be seated, is eradicted, and quickly cast out of the body.

body.

For whatever complaint they are used, they set quick and pleasant—no griping, no sickness at stomach, no sinking pains, no bad dreams, no weak ness or lessitude, no leaving, of the bowels costivatter they have operated, follows the use of Radway's Regulators.

They insure to all who take them a good night's rest, and a pleasant discharge from the bowels in moraling.

The first dose of Radway's Regulators sows the seeds of health in the sick and diseased system; every day the patient will gain strength. The sick become healthy, and the foodle strong; every organ in the deceased body is resusciated with now life and vigor, and health and regularity will reign throughout the whole system. The liver will be regular in secreting bile, the skin regular in its functious, the heart regular in its beatings, the pulse regular in its motions, and the boweis regular in the source of the second secretion. pulse regular in its notions, and the boweis regular, at a regular hour, in al charging their contents. Let all who have occasion to take physic take a dose of itadways Regulators. If your system is out of order, two or three of Radway's Regulators will put your system in peafect order.
