at Hamburg had again advanced from 8% to 94, this has partly been occasioned by apprehension of large failures, which is believed will be

found to have been averted.

Times' City Articles gives following account of state of Produce market during the week.—Produce markets which at commencement of Produce markets which at commencement of week showed slight tendency to improvement have since relapsed in consequence of extreme pressure for money and still unsatisfactory nature of American advices, and further heavy failures during all early days of the week also in creased general feeling of distrust, but absence of any fresh difficulties on Thursday and Friday has had some effect in restoring confidence.

At Vienna there has been a partial recovery

At Vienna there has been a partial recovery in the funds and premium on gold has decli-red nearly one per cent.; this improvement attributable to the official announcement of a considerable reduction in Austrian military establishment. Last night's Bank returns.—The Times city article, referring to these accounts, points out that while we have been increasing our promises to pay in gold, the stock of gold on which these promises are based, has been steadily diminishing. All will see that this inverse process must have certain limits, and that if those limits were reached, national suspension would be the result. Happily the danger may now be regarded as checked by partial tendency to a revival of confidence.

Daily News city article describes the return

Daily News city article describes the return as the most remarkable ever published. The bank has infringed the act to the extent of £200,000, but to a considerable extent this infringement is more seeming than real. Of £2,000.000 of new notes created against Government securities deposited in issue department £1.148,180 in notes, 404,501\(\ell\) in coin, making total reserve of 1,552,686\(\ell\) remain in bank still. Consequently the extent to which the public have actually trenched upon the new fund of 2,000,000\(\ell\) so far placed at their disposal is really less than half a million; the

new fund of 2,000,000% so far placed at their disposal is really less than half a million; the 686,412% of coin withdrawn remains in the country, being held in Scotland and Ireland.—
The bank appears to have sold a million of Government securities in the market.

Nottingham, Friday, P. M.—The town remains perfectly tranquil. The Mayor and Magistrates have succeeded in preventing a meeting of operatives; many came in from country districts, but were quietly dispersed. It was generally believed that upon the meeting being prevented in the market place, the men would assemble in Nottingham Forest, and every precautionary measure was taken to disperse any cautionary measure was taken to disperse any contionary measure was taken to disperse any crowd that might come together. In the country districts the people were prepared to act at a moments' notice. Temporary relief has been afforded to many families.

certain money changers had considerably checked the demand for gold at Bank of France. Paris, Friday evening.—Funds rather lower. Germany.—Powder mills at Mayence on Rhine, exploded and destroyed portion of upper part of city; 30 persons killed, and nearly 500 wounded.—Damage £90,000. Advices from Bohemia deplorable, and exchange in favor of gold against bank notes although guarranteed by State is 11 to 12 per cent, and in ranteed by State is 11 to 12 per cent. and in favor of silver at 8 to 9 per cent. A Vienna letter of 14th, says financial accounts from manufacturing centres exceedingly afflicting, number of failures is enormous; no greater panic known at Vienna.

Turkey.—The Times Paris correspondent writes that a difference is said to have arisen writes that a difference is said to have arisen between England and Turkey on one hand, and Russia on the other respecting trade and navigation of Black Sea.

Russia.—Great fire in St. Petersburg on the 5th ult.,—many lives lost—no particulars

UNITED STATES.—The papers report heavy snow storms and floods in the Southern States.

To AGENTS AND SUBSCRIBERS .- To several of our Agents, and a number of Subscribers, our thanks are due for their kind exertions on our behalf, and the prompt manner in which they met our demands. There is a large num-ber of delinquents on our list, many of whom are sadly in arrears. We inform all such that if their respective accounts be not settled by the end of the present year, we shall cease furnishing them any longer with the Gleaner, and use some more efficacious mode than we have hitherto adopted to obtain compensation for our labour. We shall cheerfully receive all kinds of produce in payment.

Holloway's Pills as a Remedy for Dys-pepsia.—No one who has seen the effect of Holloway's Pills in cases of dyspepsia, can believe for a moment that this distressing and dangerous disease is incurable. The patient who has suffered from it for years, whose ap-petite, strength, and cheerfulness, seem utterly gone; to whom life is a burthen, and who has long ceased to hope for relief, may be radically cured by a course of this powerful sto-machir and mild aperient. Hundreds of in-stances of this kind are on record.
