No. 3.

R. R. REGULATORS, No. 3.

A new principle in Medicine, never before known or possessed by any Purgative, Cathartic, or Antibilious Pills in use. Let all who have ever taken Pills read and investigate the Theory on which Radway's Regulators are founded.

THE MOST PERFECT PILLS IN USE. And the only Pills that possess any new medical properties, or Regulating Powers, that have been discovered during the present century.

We beg to call the attention of the public to our third great discovery in medicine—“RADWAY'S REGULATORS,” in the form of Pills. We claim that Radway's Regulators possess virtues that all other pills, in general use are deficient. That they insure to the user, or invalid, superior advantages, which cannot be obtained by any other pills in use.

We therefore claim, that Radway's Regulators possess many superior virtues that all other pills in general use lack, and this the patient will discover, by taking a single dose. There are no pills in use that are so quick in action, so pleasant to take, so mild in their operation, so effectual in performing their duties, so powerful in ridding the system from disease, so faithful in regulating each and every organ in the whole system to so healthy, natural and so harmonious an action, as Radway's Regulators.

For whatever complaint they are used, they act quick and pleasant—no griping, no sickness at stomach, no sinking pains, no bad dreams, no weakness or lassitude, no leaving of the bowels costly after they have operated, follow the use of Radway's Regulators.

They insure to all who take them a good night's rest, and a pleasant discharge from the bowels in morning.

THE WEAK GROW STRONG.

The first dose of Radway's Regulators sows the seeds of health in the sick and diseased system; every day the patient will gain strength. The sick become healthy, and the feeble strong; every organ in the diseased body is reinvigorated with new life and vigor, and health and regularity will reign throughout the whole system.
