

rate "Victoria" Suspension Bridge Company was committed, and gave rise to long discussion; it was supported by members for city and county St. John, finally passed with some amendments. Mr Gray laid on the table a resolution to effect that commissioners appointed to enquire into expenses of removal Seat Government should be authorized to ascertain cost of repairing old buildings here, with probable cost of erection of new ones.

Hon Mr Smith took occasion to express his decided disapprobation of the course pursued by His Honor Judge Wilmet, who, in lecturing in this place on Tuesday evening, made some observations respecting conduct of Members on College question and removal of the Seat of Government, he said the Judge had descended from his high position, and had not acted consistently with dignity of his high position. Mr End eulogized the Judge, and defended his right to express opinions upon political subjects. Most of the afternoon House occupied in summary disposal of business; many bills postponed for three months. Several members preparing to leave Fredericton. House adjourned till Saturday.

Prorogation probably Tuesday. To-day Legislative Council passed bill to abolish Judges fees in Supreme Court. Vote—8 to 7.

Consumption An old Indian Doctor,

Cured. while a Missionary among the Indians of the Rocky Mountains, discovered a RARE PLANT, that

Consumption Cured. proves to be a certain cure for Consumption, Bronchitis, Asthma,

Cured. Liver Complaint, Nervous Affections, Coughs, Colds, &c. Having

Consumption Cured. now made his fortune and retired from business, he will send the directions free of charge to all who desire it, and will send their address, enclosing two stamps (6 cents) to pay the return letter, with a description of their symptoms.

Consumption Cured. The Old Doctor has cured more than 3000 cases of Consumption alone, and hopes all afflicted people will avail themselves of this opportunity, as the Doctor wishes to do all the good he can before he dies.

Consumption Cured. Address DR. UNCAS BRANT Box 3531 P. O. New York.

Why will you Delay.

Why will you neglect that disease which is taking such deep root, and which gives you warning by that hacking cough, that you are fast ripening for eternity? Why encourage that pain in the side, the raising of blood, those night sweats, or that difficult breathing, which silently whisper in your ear that something must be done to save you from the grave of the consumptive? Why act so carelessly by permitting that disease to destroy your health, and hasten you to the tomb from whence no traveller ever yet returned?

Silence that dreadful Cough!

Or death must carry you to your silent grave.—Why delay while there is yet hope? Consumption is caused by impure humors of the blood being deposited in the cells of the lungs. Hence, the lungs are like a spring of water, when rolled up by the dirt or mud, if clear water constantly flows through the springs, impurities of mud will be conveyed away by the pure water. Just so with the blood when kept in a clean or pure state; as it constantly flows through the lungs, it carries away all corrupt matter, and perfect health will be the result. From two to four Pills taken every night, or every other night, or enough to keep the bowels regular, will in a reasonable time cure consumption. The reason these pills are used more than all others is because they are made of purifying vegetables, and cleanse the body from all corrupt matter, and drive out disease of every description quicker and in a milder way than any other Pills.

Life Association of Scotland.

FOUNDED 1838.

EMPOWERED BY ROYAL CHARTER AND ACT OF PARLIAMENT.

Subscribed Capital, £400,000 Sterling.

Annual Income, 125,000 do.

Chairman, Sir Jas. FORREST, Bart., of Comiston

The Life Association of Scotland which has now extended its operations to British North America, is specially Empowered by its Act of Parliament for Life Assurance in the Colonies, and is enabled to offer facilities and advantages to residents there.

While thus affording facilities superior to what most other offices can offer, the Association is not of recent origin or of limited business and resources. It is one of the most extensive and successful amongst British Assurance Offices, and policy holders in the British American Provinces have the benefit of the large annual business transacted in Great Britain and Ireland, and the ample and constantly accumulating funds now yielding an income of upwards of £125,000 sterling, per annum.

Last year the new transactions exceeded those of any other office in Europe.

The policy holders incur none of the risks of partnership, they are free from all responsibility, and the sums assured are guaranteed.

The whole Constitution, Regulations and System of business are framed in the most liberal and popular spirit. The policies as now being issued are free from many of the restrictions commonly imposed on assurances, and confer unusual and important privileges, far beyond what have hitherto been granted by Assurance Offices in North America; and after some years the policies become nearly absolute and indefeasible securities for sums assured—the assured being protected against accidental forfeiture, and against harsh proceedings on the part of the office in the event of omission to pay the premium.

A share of the profits of the business is allocated every year to all participating policy holders of five years standing, and is applied in reducing their next premiums. A large reduction of the premiums is thereby effected. The association has allocated profits at thirteen successive annual periods, and the annual return of profit to policy holders of the first series has now reached 35 per cent of the premiums—that is, the policy holders are required to pay only 13s per £1 of their premiums.

The rates of premium are moderate, and until the time of participation in the profits, a policy holder for £1,000 sterling or upwards, need pay only one half of the annual premium, the other half remaining unpaid at interest as long as the policy holder pleases.

The Association's business in North America is under the charge of a Board of Directors at Montreal for the Canadas; at Halifax for Nova Scotia; and at Saint John for New Brunswick.
