

We took our leave from the dairy town at noon, and arrived at Rothesay not long after. The royal coach—rather the old gray mare and the royal sled, was at the depot to convey us to the field of conflict. We had a wonderful dinner and were in great shape for the game which we won rather easily.

Wednesday night and Thursday found us in St. John, assisting at the moccasin dance, and in the grand parade. Some took more pleasure in escorting certain of the fair sex about the street and the girls seemed to enjoy themselves as much as the High School boys. We left the foggy city Thursday afternoon, and, after an uneventful return, found ourselves once more in Fredericton, two more victories to our long string.

BASKETBALL—NORMAL SCHOOL vs. F. H. S.

The time had arrived and both teams were in good condition. Normal took the floor for a little workout and soon they left it to let the High School quintette take a short practice. In the workout Babbitt, the star High School forward, met with an accident and had to retire from the gym, a doctor was summoned and it was found that he had dislocated his knee cap. Our chances for winning the opening game were not very bright and Bertie put Hickson on the forward line in order to fill up the gap which had been caused through Babbitt's accident. It was an exciting game, but old F. H. S. came out on top and defeated Normal by a score of 28 to 16.

ROTHESAY vs. F. H. S.

After playing Normal Friday, Feb. 8, our boys took Rothesay into camp at the Armouries and defeated them by a score of 42 to 9. During their stay in the city they were entertained by the High School to a supper and dance at The Palms.

History Howlers

1. King John married Maggie Charter in 1215. The barons made him do it. A year later he died.
2. The Puritans were kicked out of England. They landed a few months later in U. S. A.
3. William of Orange started the Battle of the Boyne. I don't know who will end it—there are still some Irish left.
