## ATHLETICS

### ROTHESAY 5—F. H. S. 3

High School lost the toss and played their first half with little sun in their eyes. The play was fairly even at first, for the field was wet and heavy. R. C. S. evidently expected a dribbling game and were surprised when Steene scored after a fine combined run by the local threes. Shortly after McCordick repeated. Babbitt converted both tries. Before the close of the first half Steene scored again. In the second period Goodspeed crossed the line for the final try. It was converted by Babbitt, who converted 75 % of his tries. We are sorry that Matheson, a Rothesay half, was injured during the second period. Hickson was also injured, although he continued to play.

### ST. JOHN HIGH 0—F. H. S. 17

The Gray and Red, confident of victory, after "literally hurling themselves to victory through Rothesay's defense," received rather a rude awakening when tiny pigskin-chasers of High School gave them a rough first period in the Trotting Park. Although playing with a damaged ankle Hick was back in the game and was one of the prominent players on the field. The scores came, McCordick, Steene, McCordick on half-line runs. Babbitt failed to convert. Babbitt bucked through for a try from the twenty-five, making a pretty play. He failed to convert. Hickson scored, alone, after a corkscrew forty-yard run and placed the ball so that Babbitt could not help converting. It was the best individual play of the game. The period closed soon after. Score 17-0.

In the second half St. John staged the pluckiest come-back seen for many years on a local field. At first it looked as though it would be a repetition of the first period, but St. John worked down to our line and we were kept defending for the rest of the period. Case stood out for the visitors in his snappy handling, High's tackling was magnificent. Hickson's ankle forced him to retire and Simpson substituted. The game ended near the local line, but without St. John scoring. We would like to congratulate St. John on giving us one of the hardest games of the year.

### F. H. S. 3—ACADIA ACADEMY 0

After patiently waiting three long weeks our hopes were realized, and Acadia Academy, champions of N. S. interscholastic football league arrived in Fredericton, eager to win the Maritime Trophy. Little was known of their football ability which was to mean so much.

As the team came on the field it could clearly be seen that Acadia had the advantage in weight. F. H. S. lost the toss and thus was forced to face a bright sun and a bitterly cold wind. F. H. S. kicked off and play was at once rushed into Acadia territory. Here play surged back and forth, Acadia barely able to keep back the yellow and black scrim. Then followed a series of kicks, successfully blocked by Acadia until a scrimmage was called on the
