

the St. John boys, with their leaders, around our new High School, and, from all remarks, we think they appreciate it almost as much as we do.

At six o'clock everybody filed into the gym and there was quite a bustle until each had found his place at the table, and where each found for a favor a miniature banner. After the boys thought they had been sufficiently fed, Mr. McFarlane acted as toast master, and called upon several, unexpectedly, to speak. After singing "For they are jolly good fellows," they disbanded, as many had to rush to the train; some, however, remained. Both St. John and F. H. S. boys gained the undying thanks of the waitresses for serving them so generously with the "left-overs."

Andy and Frank need no more practise in dish-washing—Helen, Joan and Muriel will vouch that they are now perfect in that gentle(?) art.

A program of twelve dances and three extras was carried out, after which a tired but happy crowd trooped out of the High School, ready for home.

We were very pleased to have with us Dr. G. C. VanWart, Chairman of the Board of Trustees, Mr. Bennet, Mr. Denham, and Mr. Clarke from St. John. Mr. Douglass' absence was much regretted by all.

The Championship Banquet

Our Football team had won the Maritime Championship and we girls, to do them honor, decided to give them a banquet and include the second team. We wanted to pay for everything ourselves too, so Helen hit upon the bright idea of having a food sale, but B Class girls were to bring the food.

We had our food sale on Saturday, November 21st, and we are very grateful to the girls in "B" who brought such lovely cakes, cookies, etc, and made it possible for us to raise \$30.00. Mr. Weddall also has our lasting gratitude for allowing us to use his store.

On Saturday morning, November 28th, the decorating committee came to school and set to work to trim the gym. Mr. McFarlane came in to visit us and, finding Abbie perched on a very wobbly step-ladder, brought the junior high boys to our rescue. Finally the gym was trimmed and we gathered the tables and chairs together and then went home to dinner.
