## Here and There

We know a girl named Edith,  
From St. John far away;  
She met a boy named Phillip  
Now she's with him every day.

Our pretty Jerry every night  
Crosses the bridge to Devon;  
With Sadie sitting by his side  
It seemed to him like heaven.

Now "Scottie" for "Busser,"  
A little love did hold,  
But when he bought a brand new car  
It increased a thousand fold.

Our Joan is beautiful indeed,  
The boys all think she's fair,  
And Andy likes her pretty well,  
'Specially since she bobbed her hair.

Bertha comes from Marysville,  
Her laugh would drive you silly;  
But still 'tis so she's not so low,  
We all know she has Billy.

Every night last winter  
Mr. Bishop, so I heard,  
Used to call on Brunswick Street,  
But now he's left Miss Bird.
