Please send all business letters to Max Hunter and other correspondence to Marjory Mersereau.

We would greatly appreciate it if graduates would subscribe and undergraduates patronize those merchants who have advertised in our paper.

Lets' Work!

This is the New Year number of the *Chanticleer*, though you might not for our New Year message, "Let us work." We need more life, more energy, more "pep" in our school. Everyone is talking now about eclipses; let us clipse all the past graduating classes. We are the last who will ever go through the Old High School; let us be the best.

To get better results we must learn to use our time. Kipling has said,

"If would fill the unforgiving minute
With sixty seconds worth of distance run
Yours is the earth, and everything that's in it,
And, what is more you'll be a man my son."
