

F. H. S. Closing

Fredericton High School on Thursday night June 24th sent forth the Class of 1926 the largest graduated in the history of the school. The closing exercises were held in the assembly hall of the new building, the occasion being the first on which it was used for that purpose. With the student-body of the school numbering almost four hundred and with hundreds of people desiring to attend the exercises the accommodation afforded by the auditorium was entirely inadequate. Long before 7.30 the hour for opening exercises the corridors were crowded by people unable to enter the hall. The night being hot the large number of persons present suffered from the heat.
