

DOROTHY GERTRUDE McLAGGAN

Entered the Commercial Class from Devon. Dorothy attends all the school activities and is always a willing helper. We thought Dorothy would never become a flapper but finally she bobbed her hair.

ALICE EATON MURCHIE

"Breezed in" from Smythe Street School. Alice has always been a leader in fun and as for as the boys—well, she keeps them guessing! Alice worked hard at the banquets and supported all the sports faithfully. She is planning on taking a year at Normal School and then training for a nurse.

MONA MARY MURPHY

"Dolly" entered F. H. S. from St. Dunstan's School. She is an earnest worker and she also takes a great interest in sports. She is another member of the "A" Class Basketball Team and was the chief "gum provider." Mona is going to train for a nurse.

CLAIRE ELIZABETH MYSHRALL

Also came from St. Dunstan's School. Claire is talkative in school and was a great help at all the High School banquets. Claire intends to become a nurse.

MARGARET MURIEL PHILLIPS

Came to Fredericton High School from Model School. Margaret has always been very quiet, although she enters into all the sports and helps to liven up the class. She is one of the few in our class who do not belong to the "Bobbed Hair Society." Margaret is planning on going to U. N. B. next year.

HILDA HATTIE PRICE

Arrived at High School from Marysville. She is a quiet, industrious student and was a willing helper in all our class entertainments. Hilda will become a Normalite next year.

HOPE LENORE ROCKWELL

Wandered into High School from Devon. Hope is one of our beauties and captivates many of the F. H. S. shieks at the High School dances. She is a good student and will continue her studies at the University of New Brunswick.
