THE BASE BALL AND TURF GOSSIP OF THE PROVINCES.

The St. Johns Play Poor Ball and Disgust the Enthusiasts - Whitenect Loses His Head and Helps to Lose the Game -The Races at Fredericton.

About 700 disgusted spectators watched the game with the Gardiners Wednesday. I never saw our boys play such poor ball. They went to pieces in the first inning and were a rattled nine to the end. Any crowd of amateurs, almost, in the city could have played a steadier game. The pitching was wild, the catching worse and the field-well, they made enough bad errors to break their records for this season.

I do not think the blame rested on any one man, though Whitenect took the bun for miserable playing. The battery work was wretched. Parsons was hit from the first to the last ball. True, he had no support at any time, either in the field or behind the bat, but no pitcher should go all to pieces in the first and second innings.

professionals on the field. The home team was rattled in almost every inning. Whitenect lost his head several times and helped to run up the score. For example, one of the visitors started from third for home; Small was on third with the ball and following up the base runner, threw to the plate, and Whitenect, with the ball in his hand and the runner joined in the applause, something unusual on a ball approaching him and the plate, threw back to Small! The base runner, who never expected to score, slid in and the strangers howled. Well they

Again, Whitenect caught two of the strangers on third, and running into the infield, he hesitated so long where to throw the ball that the second baseman regained his bag. Whitenect was like a wooden the batters in splendid style. His "head work"

Now, gentlemen of the managing committee, is this the kind of ball you are paying for? I think not, and I have no doubt you agree with me. What is wanted is some sand: a little plain talk with our professionals. They can play ball when they want to. Isn't it time they showed us what they can do?

19-12! What do you think of it?

The people of this town want to see good ball when they go to the Marsh bridge grounds. They can see amateur playing by giving a five cent piece -or nothing-at the barrack square, but when they spend 25 cents for admission, extra for grand stand and car fare, perhaps, additional, they expect no scrub match of rounders, such as they were treated to Wednesday.

I think the management can see this quite plainly. We got so used to good ball last season that a poor article won't satisfy us.

any done? Up to a short time ago, the practices | the provinces. were a sort of free and easy picnics. Nobody was asked to coach, and nobody coached. How long is tis going to last?

The entries for the races at Fredericton on Monday are as follows:

Respecting the races in Fredericton Monday next, a turf enthusiast of that city writes me: "The advertised 3-minute class did not fill, so we took in local horses entirely that are well matched in speed, and will make an interesting race. The .40 race should be a hot one, and as there is much rivalry between the two Sir Charles mares, owned by Clark and Carvill, I am in hopes that Carvill will see his way clear to settle up old scores and start his mare. He can pay any fine against him under protest, if he wishes, and still have the same chance with the board of reviews as he now has. The local horses the .40 race are, Kitty, 2.3914, and Geo. All Right, 2.41, and McCoy's Fred T., of which I know nothing. Should Stockford land down here with a good one, he might make it very interesting for Sir Charles. "You can tell your 'Mrs. White,' of Saturday's Progress, that if she will honor us with her presence on the 1st that we will show her lots of 'green horses,' and give her a seat in one of the best stands in the province, with one of the most beautiful landscapes in view, and that she can come and go for one fare by the N. B. R."

CELESTIAL BASE HITS.

FREDERICTON, June 26 .- The official record, in the possession of H. C. Rutter, in this city, ought to settle the little dispute about that old-time game between the Halifax Atlantas and the Mutuals, of Fredericton. The score-book shows that the following nines contested the game : Mutuals-Kingston, 3b.; Rutter, c.f.; Balkam,

p.; Thompson, r.f.; Adams, 1b.; Estey, s.s.; Mc-Laughlan, c.; Tweedie, l.f.; Street, 2b. Atlantas-Jordan, p.; Hackett, c.; Pender, 2b.

Donoghue, 3b.; Cruise, s.s.; Reyno, c.f.; Cronan, 1.£; Jones, r.f.; Morris, 3b. George Balcolm umpired the game. The score by innings was as fol-

Mutuals..... 0 0 0 1 0 0 4 0 3—8 Atldntas..... 0 0 0 0 1 1 3 4 x—9 This was the decisive game, which gave the Atantas the championship trophy. Houlton finished third in the race.

The process of evolution is going bravely on in regard to selecting the nine which is to uphold the honor of Fredericton this year. Our Association starts in the race this year with one important drawback as compared with St. John and Moncton, namely, the lack of really capable home talent with which to fill out the team. It was only last season that the boom reached the town, and hence experienced players are scarcer than hen's teeth.

In re the Houlton game, a gentleman present says that Underwood had not his usual command of the ball, but when Thayer our left handed pitcher went into the box the Houltons were unable to do anything with him. He struck out the first three men who came to the bat and only one hit was made off to a standstill. Why Not was formerly owned in St. him in the three innings. Then again the errors John. She was sired by Southerner and is said to be made by our team, while not very numerous, were costly. An overthrow to first when two men were out enabled the Houltons to take a fresh grip and pile up five runs. Another to third let in two men, and a muff in the outfield when two men were out gave the Houltons four or five more. The score at close stood 19 to 8 in favor of Houlton. Our boys will be much stronger on the first of July than they were in this game and with fairly good luck ought to return the compliment. Plummer, as a pitcher, the boys say is much over rated and though he can make quite a record by striking out green batsmen and allowing good batters to go to first on balls, he will never do much against a really strong team.

HOME PLATE. Cool and refreshing drinks at the

"National," 22 Charlotte street.

BALL GOSSIP IN HALIFAX.

What the Haligonians are Doing on the Diamond.

HALIFAX, June 27 .- Another Maine club has visited us, and again the record stands a victory for each. Three times has this happened this season with visiting clubs, while the other club which was here lost the only game they played, the other being declared off on account of rain. The last club to visit us was the Gardiners, and they played two games on Friday. In the first game, which was played in the morning, the home team showed great lack of practice, and the visitors batted Davison for a dozen singles, winning the game by a score of 12 to 8. Henry, of the Wanderers, played with the Socials, but he made a bad throw, which was very costly. Flynn played in right field. The Gardiners excelled in team work and base-running, their efforts in the latter respect being the best ever seen here. The feature of the game was White's great catch, which has never been surpassed anywhere. Patterson batted a foul in the air, which went towards the grand stand, which is directly in rear of the home plate. White, who was catching, ran at the top of his speed to endeavor to get under the ball. Just as he reached the wire fence in front of the stand he put out his hands and secured the ball, No stranger would supposed that there were four | but the force which his body came in contact with the fence caused the top wire to break, which twisted him sideways, and in falling the ball left his hand, but he grabbed it again, and when he landed on the ground held up his hand with the ball therein. The spectators went wild with enthusiasm over the catch, and even a number of the visiting team

Flynn pitched in the afternoon game, and he was well supported by the Socials, their game in the morning having apparently assisted them. It was the first warm, sunny day that Flynn has pitched in a game since his arrival here, and he fairly excelled himself. He held the visiting team down to three scattering hits, and used great judgment, working throughout the game was of such a character as not seen by pitchers who visit the provinces, working many successful schemes, and doing some clever base-stealing. He also batted in great form, making a two-base hit each time he had a chance to hit the ball, being given his base on balls the other three turns he had at the bat. In the seven games he has played here this season, he has not been struck out once. He has also won the four games he has pitched, while it has just been the opposite with Davison, who has lost every game he has been in the box. But in the games Davison pitched he has been unfortunate in not receiving good support, the Socials being off in their fielding in each of those

I see the famous Metropolitan club, of New York, is to make a tour of Massachusetts and Maine. An effort should be made to have them extend their trip to the provinces.

The Maine State college team was to play here July 1st, but they write that owing to being unable to arrange dates in St. John they could not come. The Socials have written to the Monctons to play here that day. The St. Stephens nine, of Boston, play here July 4th and 5th. They will be stronger Who does the coaching for the nine? or is there than last season, and will make a ten days' trip in

assuming definite shape. Hackett, formerly of the Boston league team, was written to obtain his terms as catcher, but no reply was received. Another letter was sent in care of the Boston Herald, and this he has replied to, in which he says he has been suffering from a severe attack of pleurisy, and he would not bel in any condition to play until the middle of July. He has been written to again and asked to recommend a catcher who would be likely suitable for the position.

King, who caught for the Gardiners in their second game in this city was spoken to on the subject of playing here, and his terms received. He was promised an answer before the Gardiners concluded their present tour. Had they heard from Hackett while the Bates team were here, it is not unlikely the position would have been offered to Burns, of that team, now of Moncton. The infield of the new nine will probably include, besides the professionals, Manning, pitcher, Hann, 1st base, Toomey, short stop and James Pender, 3rd base, all the old Atlantas, while McLaney, of the Standards, who belongs to Boston, and who is working here for one of the electric light companies, will probably play second base. Among the names I hear mentioned for the outfield are C. Murrans, 1st baseman of the Standards, Lindsay, right fielder of the same team, and Connors, of the St. Patricks. Connors is also a pitcher, and in the three amateur league games he has pitched this season he has struck out 45 men an average of fifteen per game. The Atlantas will probably endeavor to arrange a game with the Socials, and among the first foreign teams they are likely to bring here are the Shamrocks of St. John.

HORSE GOSSIP FROM HALIFAX.

The Recent Races There and Some Incidents of Them.

HALIFAX, June 27 .- The running races at the Riding ground on Friday were a success in every particular but one, and that was financially, as the directors, while possibly losing nothing will derive little profit. If they could charge 50 cents like they do elsewhere in the provinces, they might make money, but if they were to increase the quarter admission fee the attendance would be very slim. There were almost 2000 people present, but the directors offered \$680 in prizes for the afternoon's sport, and it required a great number of admissions to make up this amount.

Yorktown and Strabismus made a race which was of no discredit to either. Strabismus had a slight lead for % mile, where Yorktown got to the front, but there was never daylight between them. Both riders used their whips down the stretch, the St. John horse winning in 1.511/2, which was fast time. as the track was heavy from the rain the night before. The province bred race was between the Sussex horses Ida Grey and The Stag and the Moncton mare May Queen. The latter cut her foot coming over in the cars, and Ida Grey, through a misunderstanding of her jockey, lost her chances by being pulled up at the start. May Queen and The Stag made a fine race, however, the latter winning in 1.57. We expect to have these horses here again carnival week, and when they get started on equal terms, a good race is bound to result. The match race between Prince V. Duleeps Singh's Trent, and Lieut. McGowan's Why Not, excited great interest. They had made a wager of \$100 each on the result, the distance being two miles. The horses were neck and neck for almost a mile and a half, when the Prince, who was in the judges stand, and who had been watching the race with his opera glasses, said his horse was beat, and a moment later congratulated Mr. McGowan and left the stand. His predictions came true, as before the next quarter had been covered, Trent almost came 18 years of age. The Prince entry is a thoroughbred four year old, which he has out from England but a few weeks. He was not in condition, and 158 pounds was too much weight for a four year old for the dis tance. Two New Brunswick bred ponies made a great race for the pony cup. The Tramp, which has won a great numbeer of races on the ground, was looked upon as a sure winner, but Lieut McGowan's Muffin made an unexpected great showing, and ran a dead heat with The Tramp. In the run off, Muffin won. They also had a great strugle in the handicap hurdle race for the Liverpool plate, which The Tramp won. Both these prizes were secured by the New Brunswick horse, Wan-

Smokers will not fail to try the "National" Havana Cigars, and Virginia Tobaccos.

The best in town.

derer. Mr. C. R. Barry's South American mustang, the Boodler, which has run in a number of races here, but could not be depended upon to stay on the track, won the Warden plate, and Rowdy, another Wanderer, won the scramble. Cigarette, an-

other mare well known in St. John, also participated in the scramble. She was ridden by Shand, a stout Scotchman, who brought the stallion Gardley across to this city. The mare was led to the starting post blindfolded, but when she was allowed to see, made for the fence. She was set going again, but, on the back stretch bolted, and when Shand trid to get her on the track, she threw him over her head, but he

sustained no injuries. The trotting dog, Doc, owned in Ontario, referred to in your last issue, may visit Halifax during carni- Monday, July 1st, 1889, val week. The managers of the riding ground are negotiating with his owner, and I heard a gentleman say, the other day, he thought he could get a

TURF GOSSIP FROM EVERYWHERE.

Compiled by "Progress" St. Croix Correspondent-Recent Events on the Track.

12-hand poney which would beat him.

General Withers died at his home at Fairlawn Stock farm, Lexington, Ky., on June 16th, after a painful illness caused by a wound he received in the Mexican war, at the battle of Buena Vista. General Withers served through the war and in 1871 became a breeder of trotting stock, and has been very fortunate in the business. In 1874 he bought Almont for \$15,000. He was a very successful horse in the stud. Since his death he has been replaced by Happy Medium, and Aberdeen is now at the head of the stud. The General sold over \$1,500,000 worth of horseflesh and never trained a horse or started one in a ruce. By profession he was a lawyer, a man of liberal education and sterling character. He leaves a son, a young man of excellent character and who is well qualified to carry on the business. which his father has founded.

Donovan, the winner of the Epsom Derby, has won over \$200,000 this season, more money than any horse ever before has won, and as he is engaged in several more rich stakes, his earnings will be considerably enlarged.

John S. Clarke's three year old filly, Susie D., who trotted in .35% as a yearling, has developed into a grand mare, standing 1614 hands high. She is being given a season's rest after her severe illness. and will be trotted next year. His two year old Presto by Gen. Washington, dam by Jay Gould, showed a half at Fashion stock farm last week in 1.1514, the last quarter in 35 seconds.

Guy and Clingstone have been sent to Budd Dobles' stable, of Chicago, but now in Cleveland. Budd will have Clingstone in the free-for-all through the grand circuit, and Guy will be shaped up to beat Maud S'. record.

Mr. Hamlin has accepted Sire Bros. challenge and will match Belle Hamlin against Harry Wilkes, the race to be trotted at Buffalo or Hartford during the Grand circuit meeting.

The Clay stake of \$3,000, for the 2.30 class trotted at Island Park, Albany, N. Y., June 19, was a general suprise to the talent. Suisim was the favorite but was drawn. Then Uncle Bill Daly's Farmer Boy was a big favorite. He could not lose, and Kentucky Blanche sold for second choice. Jimmie Goldsmith had a smooth article in Gillig, a brown stallion, four years old July 11, 1889, by Aristos who had been trotting since he was a two year old and never lost a heat, and he downed the gang, and Jimmie had a mortgage on the pool box, which he foreclosed that evening. Gillig never was headed and won in straight heats in .24%, .23%, .25. Aline 2nd, Kentucky Blanche 3rd, and Farmer Boy

The .25 class at the same place was another surprise, and again the talent was broke. Frank S. was a great favorite, as he won the first heat in .27, but Edith R., by Monaco, full brother to Wedgewood, dam Augusta Schuyler, by Arberdeen, 2nd dam Old Emeline, won the next three and race in .261/2, 241/4, 26. She is owned by J. H. Shultz, of Brooklyn, N. Y.

The fastest three minute race trotted in Maine is said to have been at Fairfield, June 19, and was won by Fred M. in .38, 33%, .36%, .34. Van Nelmont won the third heat.

The same day the yearling colt Keystone, by Dick Lightheart, owned by G. S. Foster and son of Canaan was driven to beat Longway's half mile record of 1.481/2, which he did nicely, doing it in 1.3714, which is 814 seconds slower than Palm's Katherine S. won a race to road wagon over

Belmont Park in .321/2, 261/2, on June 6, and the last heat is said to be the fastest on record for a side bar road wagon. The Horseman says: "In order to place the real

facts before our readers in regard to the breaking down of Sunol, we wired her trainer, Mr. Marvin, at Palo Alto Menlo park, Cal., and on June 12 received the following reply from Mr. Marvin: 'Sunol working well. No signs of breaking down yet,' which will be gratifying news to the friends of the phenomenal filly."

J. W. Dunklee, Boston, has bought from W. H. Wilson, Cynthiana, Ky., the bay yearling colt Sugar Loaf, by Sultan, dam Sugar Lumps, by Lumps; 2nd dam Coral, by Clark Chief; 3nd dam Cassia, by Cassius M. Clay, Jr.

Henry F. Todd, St. Stephen, N. B., lost, June 17, his 3-year-old bay colt Luminary, by Lumps, dam by Magic, sire of Clemmie G., 2.151/2, who was taken suddenly ill of spasmodic colic, and died in two days after being pronounced out of danger by a vet. Luminary cost \$5,000, and was very speedy. She was in Jerry O'Neill's stable, at Mystic park, Boston, and had shown miles better than '30, and was valued very highly by Mr. Todd.

At Lexington, Kentucky, Saturday, June 22, W. F. Todd's chestnut mare Daisy Hartshorne, wor the '30 race in straight heats, best time 2.2414, making seven in the '30 list for Old Emeline's get. Daisy is by Aberdeen, dam Emeline, and is Mr. Todd's favorite mare. He expects her to beat '20

quite a ways before fall. I hope the horsemen who have a couple of horses and one eligible to the '50 class will not overlook St. Stephen driving park races on the 4th of July, as a St. John man who could come down and win both purses would have a nice little trip and a few dollars left atter paying expenses which should satisfy most any one at this time of the year, unless he wants the earth. Entries close with J. E. Osborne, Milltown, N. B., July 1st, at 12 p. m. He hopes to have several out of town entries so as to insure large fields and exciting contests. Come down, boys. The directors will use you well, and paste this in your hat: "There is not a man on the board of directors but who is a white man from the ST. CROIX. ground up."

He Took the Typewriter.

Little Jimmy visits his father's office, and, after axamining the typewriting ma-chine, observed to his mother: "Say, marmer, what do they take those

to the theatre for?" "My boy," replies his mother, "they do not take them to the theatre."

"Well, it's mighty funny, then. Pa was tellin' Mr. McNoflies that he took his typewriter to the thea-" "James," said his father sternly, "I will see you in the stable this evening."—Ex.

He'd See to It.

Patient-"I'm not afraid to die, doctor, but I so dread being buried alive." Doctor (cheerfully)-"Don't let that worry you. I'll see that you ain't."-Ex.
