## SOCIAL AND PERSONAL.

(CONTINUED FROM FIFTH PAGE.)

the gas lit, and a bright open fire in the grate. She wore her wedding dress, a handsome white gown. Miss Jack, her bridesmaid, wore a heliotrope cashmere, trimmed with purple velvet. This bright room, with the beautiful young bride and her pretty attendant, made a charming picture, coming in from the dreary October gloom.

Mrs. Loggie has returned from her trip to Boston. The many friends of Miss Jane Paisley were very much shocked to hear of her death on Monday, she having been out on Thursday. Deceased was a sister of Rev. C. H. Paisley. She was buried today. The sympathy of a very large circle of friends is extended to Miss Paisley, who is now left alone in the old home.

Mr. Kacey is visiting friends in St. John. Mrs. Strathairn, who has been visiting her sister, Mrs. Beckwith, has returned to her home in Halifax.

Miss Alice Tippit is visiting her home in this city.

### DORCHESTER.

(Progress is for sale in Dorchester at George M. Fairweather's store.)

Oct. 29.—Mrs. J. E. Church was quite seriously ill for a few days last week, but is much better at present.

Miss Bernard, of St. John, is in Dorchester, the guest of Lady Smith at Woodlawn.

Miss F. S. Chandler has returned to Dorchester, after a two month's pleasure trip to St. John, Toronto and other Canadian cities.

Miss George Godfrey has been very ill with typhoid fever, but her many friends are glad to find that she is now convalescing. Dr. J. F. Teed has been attending her.

Mrs. Keillor and Mrs. Pascoe returned on Saturday week from their recent trip to Halifax and Boston.

Mr. B. B. Teed returned to Dorchester on Saturday week from Fredericton, where he has passed a most successful examination for admission to a law office. Mr. Teed has not yet decided where to begin practice, but thinks that he will remain at home during the winter at least.

Mrs. W. J. Gilbert and Miss Audie Gilbert will leave in a few days for St. John, where they will spend the winter. It is possible that they will remain there permanently, though the people of Dorchester hope that that may not be the case.

Mrs. J. E. Church, together with her family, removed to Moncton last Thursday. Mrs. Church, having sufficiently recovered from her recent illness, is able to undertake the journey. They have taken rooms with Mrs. Burns, before the winter, being unable to obtain a suitable home. It will be a long time before Dr. and Mrs. Church and their family cease to be missed by their friends in Dorchester, or others as popular take their place in the hearts of our people.

Trinity church was reopened last Sunday for public worship, the improvements and alterations being completed. The church was completely filled at the morning service, notwithstanding that the new stoves afford accommodation for a much larger number of people than the old. The restoration service, which was semi-choral, was a most interesting one, the music being considered better than on most special services in the past. No one would recognize the old church, so much it is improved. The hideous old square windows have been replaced by twelve pointed Gothic ones, filled with stained glass, with figured headings. A most beautiful stained memorial window has been placed on the North side of the church by Mr. and Mrs. David Chapman, a fitting companion to the great east window presented by Mrs. Joshua Chandler three years ago. An exquisite memorial pulpit, of solid brass and oak, and possibly the finest in Canada, has been presented by Lady Smith in memory of Sir Albert J. Smith. A carved font of pure marble has also been given by her in memory of a dear friend. The entire church has been re-pewed, the pews being of ash, both handsome and comfortable, and therefore widely different in both respect from the old mongrel sittings with their many-lined cushions and linings and their uniformly inferable degree of discomfort. Two large coronas of six lights each have been hung in the nave of the church, and effectually dispel the intense gloom which formerly prevailed there. A large basement has been dug under the church, and a furnace placed there, which does its work so successfully that the prospect is that the difficulty this winter will be, not as formerly, how to keep warm, but how to keep cool. The entire outlay has been almost exactly \$2000, every dollar of which had been paid before the church was reopened on Sunday, and all of which was raised by voluntary offerings, without the aid of church sales and other such methods. We consider this a pretty good record for a small country congregation.

Mrs. A. J. Hickman went to Moncton on Thursday, with her sister, Mrs. Church. She is expected home some day this week.

Mr. and Mrs. A. Chipman Smith, of Shediac, and Miss Scovell spent Sunday in Dorchester, the guests of Lady Smith.

It is said that Sackville people intend giving a large ball within the next fortnight, to which we will be extended invitations. This is always welcome news, for we are simply stagnating here for something in the way of a dance, and no dances are more enjoyable than those of Sackville.

Mr. D. L. Hamilton went to Ottawa last night, to attend the Supreme court of Canada.

Mrs. Will C. Milner spent last Friday in Dorchester, the guest of her aunt, Lady Smith.

Mr. D. L. Hamilton, of Moncton, made a short business visit to Dorchester, his old home, on Saturday, but did not show any disposition to remain here any longer than his business required.

### ST. STEPHEN.

(Progress is for sale in St. Stephen at the book stores of G. H. Smith & Co., and G. S. Wall and H. M. Webber.)

Oct. 29.—Invitations were given on Saturday by Mrs. Wetmore and Miss Nellie Smith to form a drive to meet every Tuesday in each week. The first meeting of the club occurred last night at the residence of Mrs. Wetmore, and it proved to be a very pleasant evening. The prizes were won by Miss Mary Mellick and Mr. Will Mills, while Mrs. James May and Mr. Robert Wetmore were made happy with the "booby" prizes. After supper the older part of the guests said, "good night" to their hostess, while the younger guests remained and enjoyed dancing until a late hour. These whist and dancing parties will be extremely popular among the young people during the winter. The next meeting of the club will be at the residence of Mrs. T. J. Smith.

Messrs. N. C. H. Grimmer, George J. Clarke, J. G. Stevens, and M. C. Monagie are in St. Andrews attending county court.

There have been several parties among the young people during the past week. On Friday afternoon Mrs. Walter Bradley entertained a small party of young people at her residence, and in Calais on the same evening Mrs. J. F. Clarke gave a very delightful party in honor of her daughter, Miss S. Clarke's birthday, and Mrs. George Curran gave a reception to a number of very young friends of Miss Marion Curran, to celebrate her tenth birthday.

Invitations have been given by Mrs. Walter Pike to a Halloween party at her residence, Calais, on Friday evening. Mrs. John Mowatt, of Amherst, is here visiting her mother, Mrs. Robert Clarke.

## ASK YOUR DOCTOR

what he thinks of the new Undervests just introduced and known as the Health Brand.

The result of his answer will be that directly you go down town you will ask to see them, but remember, if not stamped plainly with the word "Health," you won't be getting the right thing. Perfect-fitting, soft, luxurious, and warm, is the general verdict. A new thing and a good thing, which does not always follow.

Every first-class dry goods house has them for sale.

### SHEDIAK.

(Progress is for sale in Shediac at A. Stone's store.)

Oct. 29.—Quiet has reigned here for the most part during the past week. One thing not uncharacteristic of the place was the large amount of "drummers" or wholesale agents in town on Monday last. Indeed, the stores were so crowded with these people that there was little show for customers.

Among the coming events, I believe there is to be a oyster supper by the Baptists on Wednesday evening, and another surprising thing is that one of the clergymen is to be given a surprise party on Friday evening, and that night being All Hallows' Eve. There are to be numerous other parties.

Mrs. H. C. Charters, now a resident in St. John, spent several days here last week.

Mr. John McFadden and A. A. McFadden, were in St. John attending the annual meeting of the S. of T. last week.

Mr. Guthrie Hamilton left on Saturday for St. John.

An amusing incident of a couple while journeying from Shediac to Moncton on Saturday last.

At Paines Junction they alighted from the St. John express for the purpose of changing cars, but somehow they loaded the Springfield accommodation which was switched off on the branch line.

The couple in question, all unconscious of their ludicrous mistake, gazed out of the car window all the way to Moncton, where they were met by Humphreys, and the smoke from the city they had left some 60 minutes before. It is said they enjoyed their excursion to Paines Junction immensely.

### AMHERST.

(Progress is for sale in Amherst on the streets by George Douglas.)

**Where the Dodgers Went To.**

Does dodger advertising pay? One enterprising St. John firm thinks not. Exhibition week they had thousands printed, hired competent and reliable boys, as they thought, and every day sent them forth to stock the incoming trains. The boys thought it would never be found out when they ramed them down the sewer at the depot, but the first heavy rain indicated plainly that there was something in the sewer that was not wanted there. On investigation the stoppage proved to be two big armloads of dodgers which were supposed to have been distributed among the sight seers.

**Gilt Edged Horses in Canada.**

That excellent turf paper, the *Horseman* in paying Canada a compliment on her good horses, says:

A tide of good blood has steadily poured across the borders, and now almost every county in the Dominion has its well-bred stallion, and on many farms are gilt-edged matrons. But good tracks and good trainers are scarce in Canada, and progress must be made in this regard before extreme speed will be seen in the Northland. That progress will be made is sure. Never was there as much racing in Canada as during the season just closing, and good tracks and good trainers are but the natural developments of racing.

**Propose To Make It Good.**

The new Lyceum theatre (in Jack's hall, Charlotte street) opens next Tuesday with an entertainment, devoted entirely to the variety stage. Singing, dancing, laughable farces and funny situations shall rule supreme. Those who enjoy a hearty laugh should come where they are served up by competent performers, without any side dishes of vulgarity. A strictly proper show will be given, with Wednesday and Saturday afternoon's special matinees for ladies and children.

**They Got Their Feet Wet.**

Some little idea of a storm at sea was to be had from the wharves Thursday, and a number of people wandered to that part of the town to satisfy their curiosity. One group watched the wild waves in the harbor from a slight elevation on the north wharf, and forgot all about the waves that were dashing over the wharf until they found themselves surrounded by water. They had to wade to dry ground.

**Resuming Her Classes.**

Miss M. B. Ellis, who has been spending the past few months in New York, has returned, and will resume her classes in painting and drawing in Oddfellows Hall, Union street, on the 24th. Some Miss Ellis' specialties are oil painting, crayon work, free hand drawing, and sketches from nature. It will be remembered that her kneeling figure of an old man drawn from life, took a diploma at the late exhibition.

**Matrimony Will Thin the Ranks.**

A great deal depends on the answer to the question asked by some unknown member of the teachers institute, "Which is better, a single or married life?" If the decision is given in favor of connubial bliss there will doubtless be an unusual number of happy events in the near future, and a correspondingly large demand for school ma'am's.

**All Watches are Compasses.**

A few days ago I was standing by an American gentleman, when I expressed a wish to know which point was north. He at once pulled out his watch, looked at it, and pointed to the north. I asked him whether he had a compass attached to his watch.

"All watches," he replied, "are compasses."
