BRUNSWICK AND NOVA SCOTIA.

And the Happenings in Social Circles of Fredericton, Moncton, Woodstock, Dorchester, St. Stephen, Sussex, Amherst, Calais, Etc.

Before beginning my column today I must apolo. gize both to Progress and also to Mrs. George A. Knodell, to whom I gave the credit of having given a party on Thursday last, but I was misinformed as to the date of it by a person whose authority I had no reason to doubt. However, the young people were not to be cheated out of it altogether, and it came off with great success on Thursday last. There were quite a number present, the names of whom I were quite a number present, the names of whom I will give below.

Miss P. Robinson, who has been visiting friends

at Fredericton, returned home this week. Miss Nealie Robinson, who also spent the Easter holidays with Lady Smith (Dorchester), returned home on Mrs. Lynch (Digby) passed through the city last week, on her way home from New York.

A topic of interest to many this week is the announcement of an engagement between a well-known St. John lady, at present visiting England, and a young naval officer, also well known in St. John, and who has been here in one of the men-of-war several times. I hear the wedding will take place before the end of the summer. place before the end of the summer.

Mr. St. George Twining, of Halifax, spent Wednesday and Thursday in the city.

Mrs. George M. Armstrong will shortly leave her present residence, Germain street, and will probably spend the summer with her son at Amherst. Mrs. Armstrong, who has befriended the poor for so many years, will be much missed when she leaves St. John, both by them as well as many warm friends. Four hundred dollars was the sum realized at the sale last week at the Church of England Institute. The most thriving business was done by the ladies who had charge of the ice-cream, the demand being

Mrs. Thayer, of Boston, is the guest of her brother, Mr. W. L. Busby.

A most enjoyable whist party was given on Wednesday evening by Mr. and Mrs. Busby, at their residence Mount Pleasant. The guests numbered over 40 and all present enjoyed themselves to the full. The supper table was a marvel of elegance, both the appointments of it, as well as the floral both the appointments of it, as well as the floral decorations, to say nothing of the delicacies provided, being much appreciated by those present.

The entertainment given on Thursday evening last by the ladies and gentlemen belonging to the C. of E. Institute, of which I made mention last week, was a great success. A musical programme proceeded the play, "Elevator," and both were much appreciated by the large audience, making it also a financial success.

In the centre of the room was a flower booth, over which a large eagle spread its massive pinions. This booth was managed by Miss Florrie Edwards. Miss Clara Williams managed to attract a good many young men to the ice cream booth, while several young men served out beans in what I overheard one young lady describe as a "really camp." Another table contained a number of useful and fancy articles, which were disposed of by Miss Ferris and others. The proceeds go to the church painting fund.

#### St. John-West End.

On Tuesday evening Harrison's orchestra gave the inmates of the P. L. asylum a delightful concert, which was listened to with much appreciation. Mrs. Perley, who has kindly assisted on former occasions, quite charmed her auditors with the singing of "The Song that Reached My Heart." I hear that it is the intention of the different bands to offer their services for similar entertainments, each in its turn once a month. I think that it is an excellent idea, and one that will be appreciated. At the conclusion of the concert, Dr Steeves, superintendent of the of the concert, Dr Steeves, superintendent of the institution, invited the orchestra down to supper. The stage decorations were simply perfect, having been arranged under Lady Tilley's supervision, and showing her exquisite taste in every detail. Directly behind the footlights was a row of plants, consisting principally of lilies, the largest ones in the centre, the unsightly pots being prettily draped with some soft oriental material. Back of these, the stage was turnished as an elegant drawing room, handsome pictures and ferns decor-ating the walls, rich portries hanging over the doors, while here and there were placed large

# A Danger Signal!

A Cold in the Head may be aptly termed a danger signal warning you that if neglected that dangerous and disagreeable disease, Catarrh, is sure to follow, perhaps leading to Consumption and the grave. At no season of the year is Cold in the Head more prevalent than during the Spring months, and at no other season do the people of this country suffer more generally from Catarrh, with all its disagreeable and annoying effects. Do not for an instant neglect either of these troubles, but apply NASAL BALM, the only remedy that will give instant relief and effect a thorough cure. The following testimonials from among thousands in our possession bear witness to its sterling merit:

Wm. L. Lucas, Dempsey Corners, N. S., writing for a second supply of Nasal Balm says: On Sept. 21 I got two bottles from you, and it has done me one who may be afflicted may be benefitted by the more good for Catarrh, than all the other numerous and costly remedies and treatment I had tried. I feel better now than I have for years, and have every reason to believe the two bottles I am now sending for will completely cure me. I consider Nasal Balın worth its weight in gold to any person enforcing from Caturch suffering from Catarrh.

Wm. Clark, baggage master, W. & A. Railway, Annapolis, N. S., writes: Please send me another bottle of Nasal Balm as my first bottle is gone, and I believe, had I used it according to instructions, it would have cured me; as it is I am very much better, in fact feel like another person.

# Nasal Balm Instantly Relieves
