DORCHESTER.

[PROGRESS is for sale in Dorchester at George M. Fairweather's store.]

JUNE 24 .- We can all sympathize with Cecil Gwynne when he laments the deadly dulness of this particular season as viewed from a social standpoint, and it is indeed a woeful time for him who would descant upon the doings of "Society." with a capital S. But let him lay down the pen to wield the all-prevading lawn mower, and forget his troubles. That is just where we country people have the best of it. Who cares what Mrs. DeTone is doing when he can take his pipe and a book and hie him to a grassy lea-whatever that may be-to lie upon his back and look at the sky through the leaves; to say nothing of the delights of killing twenty-seven mosquitos in as many seconds! The country is the abomination of desolation in the

winter, but summer makes up for much of it. We have had no tennis yet. Our players are so few and far between that there does not seem suffi-

cient combined energy to mark the court and place the net. If it stops raining soon perhaps we may brace up and improve the shining hour. Mr. Charles S. Hickman is expected home from Har-vard this week, I am delighted to hear, and every-thing takes a fresh start when he comes.

thing takes a fresh start when he comes. A very sad event occurred last Wednesday evening, in the death of Mrs. Willard D. Wilbur, after a long and painful illness. She was univer-sally liked and respected, and her early death is a great loss to her large circle of friends. The sympathy of every one is with her family in their sorrow, particularly her young daughter who is left with the care of two little ones upon her.

on Saturday. There has been a great many visitors in town during the past week, but chiefly transitory ones. Miss Church, of Amherst, spent Sunday with Mrs. J. E. Church. We were very glad to see Dr. Church at home again, if only for one day, but I suppose he calls Moncton home now. Mr. Charles Leonard, of Sussex, spent Sunday at Maplehurst. He gladdened our hearts by remark-ing that our little lake was the prettiest sheet of water be ever saw. Of course that is our own pri-vate on, but 'tis extremely pleasant to have it corried to be one who has travelled across Am-erica.

Mrs. J. Hale's many friends are pleased to have her with them again. Her Father, Mr. Davenport, of Vermont, is also here. An aristocratic family from Uncle Sam's domain have been here in their private car, 'City of Saginaw,' for the last two weeks. They seem to enjoy the soft, mild air, and to be entranced with the beauty of the scenery, which must be quite a change. How beautiful to their tired eyes is this scene of en-chantment, after the rumble and turmoil of the city streets.

JUNE 23 .- The summer girls, who for the last month have been lazily swinging in their hammocks through the long summer hours dreaming of conquests to come, have started on their career, bound to lose or win which ever their fate may be, and all I can say is young men beware of these wily maidens. Some 30 of our lads and lassies did not wait for an invitation to Mr. and Mrs. A. T. Parson's new home, but entered unannounced on Wednesday evening last, every one carrying baskets in which were substantial refreshments to be dispensed later in the evening. Two fair matrons chaperoned the party, and took possession of the house, decorating it with lilacs in every possible nook. As usual the fair sex predominated. Those present were Mr. and Mrs. Bedford Dixon, Mr. and Mrs. David Dixon, Mr. and Mrs. MacDougall, Mr. and Mrs. Ryan, Mr. and Mrs. Horace Fawcett, Mr. and Mrs. J. F. Allison, Capt. and Mrs. A. B. Atkinson, Miss Jean Rannie, Miss Mabel Rannie, Miss Estabrooks, Mrs. Thomas Estabrooks, Misses Black, Miss Rebecca Knapp, Miss Cahil, Miss Susan Cogswell, Mr. Frank Black, Mr. Henderson, Mr. B. E. ST. STEPHEN.

[PROGRESS is for sale in St. Stephen at the book stores of C. H. Smith & Co., and G. S. Wall and H. M. Webber.] JUNE 24 .- Governor Burleigh and his staff left Calais on Saturday, after visiting all points of

interest on the river. Tennis is the chief amusement just at present. A tennis club has been organized with Mr. John D. Chipman as president. It is called the Wild Wood tennis club and has from 20 to 30 members, several of whom come from Calais. The days for meeting are on Wednesday and Saturday of each week at the grounds of Mrs. T. J. Smith, Mrs. Henry

Graham, and in Calais at Mrs. Frank Nelsons'. On Friday, Mrs. C. H. Clerke invited severa! ladies to sail down the river in the yacht White Wings to Rockaway cottage, where they spent the

day. The Grand Army hall, Calais, presented a brilliant scene on Friday evening last, the occasion being a dancing party, given by the graduates of the Calais high school, immediately after the graduating exereises, which took place in the St. Croix hall. Among those present were Gov. Burleigh of Maine and Miss Burleigh, Col. and Mrs. A. E. Neill, Judge and Mrs. Rounds, Judge and Mrs. Gardner, Mrs. Coney, Mrs. Osgood. Mrs. Simpson, Judge Downes and about 75

young people, including Miss Agnes Lowell, Miss Julia Kelley, Miss Washburn, Miss Berta Smith, Miss Cora Algar and Messrs. George McNichol and Lee Porter, who have recently returned from col-lege and are spending their vacation in Calais.

The gown worn by the fair young graduates were especially pretty, Miss Copeland wore an exceed-ingly becoming costume of yellow silk, while Miss Rideout was lovely in a charming gown of white silk. Miss Flora Cook wore a pale green dress, and Miss Mattie McArtney a pretty dress of pale pick. Miss Kathe McArtney a pretty dress of pale pink. Miss Kate Nelson, a most effective gown of white and looked extremely well. Miss Dora Rounds, Miss Jordan, Miss Wooster, Miss Wharff, Miss Minnie Haycock and Miss Milligan were also attired in white and each carrying beautiful bouquets presented by friends at the graduation, made a very pretty picture, for seldom do we see here so many lovely girls grouped together. It was a most delightful party, every guest enjoyed it, and dancing waxed long and vigorous until an early

Mrs. E. B. Todd and her daughter, Miss Sara Todd, left on Thursday for Kingston, where they will visit relatives the next two weeks.

Miss Margaret Grahame, of Nova Scotia, is in Militown, the guest of Mrs. W. W. Grahame. Miss Julia Kelley has returned to her home in

Calais, after an absence of several months, visiting in the Southern and Western States. Rev. Richard Sloggert, lately of Cambridge, Mass., arrived here on Saturday to take charge of Trinity church, of which he is to be made rector. Mrs. Harry Mowatt is still visiting friends in the

orthern part of the province. Mr. Geo. Smith of Brookline, Mass., has been spending a few days in Calais. Mr. E. C. Gates, accompanied by his grandsons,

"ASTRA'S" TALKS WITH GIRLS.

[Correspondents seeking information in this de-partment should address their queries to "Astra," PROGRESS, St. John.]

What is the matter, girls? Are you growing lazy; have you found out all you wanted to know about freckles and card etiquette, flirtation and literature? Or. has the warm weather merely proved too much for you, and made you feel disinclined for letter writing, and indifferent even to the best mode of winning the affections of the "best boy in the world." Something must be wrong surely, since your letters are so few this week. Of course it makes less work for me, but then, you know, I am an unselfish, publicspirited soul, and would rather see the columns full, even though I burned the midnight oil over them, than repose in comparative idleness, and spread forth a poorly furnished literary banquet on my especial corner of the editorial table.

Wake up, girls, and let us have a better

showing next week.

BANGLE.-I think you can scarcely call it a difficulty, but I will give you any help in my power, with pleasure, Why should you not think as much of the young man as you like, since, judging from your de-scription, he must be all that is desirable? Never mind worrying yourself, as to whether you are in love or not, if your regard has stood the test of so many years' acquaintance, and during so long an absence, and you still think as much of him as you say: I think you may be quite satis-fied and rest assured that if you are not quite in love with him yet, still you think quite as much of him, as it is safe to do, considering that you are not engaged. Evidently he also thinks a great deal of you, and the respect with which he treats you shows the sincerity of his regard. You acted very sensibly and discreetly about both the photo and the promise to write; he will respect you all the more. No; I do not think he asked for the picture. On that account I should think from what you say of him that he is too sensible for anything of that kind, and as he is really an old friend, there was nothing out of the way in his asking for it. Sage tea is a most excellent remedy for preventing the hair from falling out; so is vaseline and red oxide of mercury, one grain of oxide to an ounce of vaseline. Get a chemist to make it up for you; it will only cost a few cents, and then rub it into the scalp with your finger, two or three times a week, using very little at a time.

POPPŒA, St. John.-I am sorry it took you so long to screw your courage up. Surely there was nothing to be afraid of. (1) Say-"Miss Kelly, allow me to introduce Mr. Smith." (2) Lift your dress out of the dust and mire by all means; it Everett Barnard and Walter Eaton, arrived in is far more ladylike to be cleanly, and careful of your dress, than to let it sweep up all the dirt of the street. I am very glad to hear that you think so much of me, but I speak of? I think not, and you must remember that there may be many others of that name. I know two myself. Your writing is just a little difficult to read, but I managed to make it out without the aid of a lawyer. Thank you, I will tell the young lady who signed herself "Big Feet," that Cleopatra and Beryl are both married, and in New York on their wedding trips, with pleasure, provided she will accept this intimation of the fact, and that you are sure your information came from a reliable source.

There was a large congretion present, and all seemed deeply impressed with the address of the bishop, and very lovely the little church looked with its decoration of lilacs and the June sun streaming through the stained glass windows. It was the warmest day we have had in two years, the mercury reaching 85° in the shade. But that did not prevent very many from attending St. Paul's in the evening, all wanting to hear the bishop,

who preached most ably, though suffering from a severe cold. The parishes of St. Ann's, Westcock, and St. Paul's Sackville, are to lose their popular rector, Rev. C. F. Wiggins, for two months. He goes next week to Albany, N. Y., to take charge of Bishop Doane's cathedral.
