SEPT. 2.-Yesterday morning we had still another wedding, a very quiet one indeed. This latest bride is Miss Robertson, organist of the methodist church, who was married early yesterday morning to Mr. Andrew Dunn, of the I. C. R. train despatcher's office. The ceremony took place at the residence of Mrs. William Robertson, of Steadman street,

mother of the bride, and was performed by Rev. John Read. The wedding was very quiet, only the immediate relatives of the bride being present. Mr. and Mrs. Dunn left by the morning train for Halifax, and thence to P. E. I. I regret to say that although Mrs. Dunn will still make her home in Moncton, we shall no longer be able to profit by her rare musical talents, as she has resigned her position as organist, and given up her very large tion as organist, and given up her very large

clientele of pupils.

Miss Robertson was visited by the members of the methodist choir on the evening before her mar-riage and presented with a handsome silver fruit dish, accompanied by an address expressive of the affectionate esteem in which they held her, an esteem which has been unusually well deserved, as Miss Robertson has endeared herself to her friends not only by her brilliant talents, but her charming disposition, and the wishes for her continued happiness are many and heartfelt.

Our other bride, Mrs. Gordon Blair, returned on Saturday from her wedding trip, duly accompanied by Mr. Blair.

A party of prominent gentlemen, of Dalhousie, attended a six o'clock dinner, given at Inch Arran, one evening last week. The dinner itself was grand, the menu being such that any chef would be proud to place before the 400. An interesting story got into circulation during the evening that some members—well perhaps it would be better not to disclose it-however the story served to give piquancy and a delicious air of expectation to the evening that otherwise would have been absent.

Mr. Frank Bennett cave a pleasant driving party to a few friends on Saturday. Mr. Bennett left for his home in British Columbia on Monday morning, The St. Mary's S. school children held their annual picnic Tuesday, near "Hamilton's Avenue."

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes
