In my last letter I spoke of the ladies' regatta, which came off with great eclat at the North-West-Arm on Friday last. As most of the pretty young society belles were taking part, their numerous friends and acquaintances of course evinced much interest in the affair, and on the appointed day, which fortunately was very fine, the banks of the Arm were quite crowded with spectators.

Others, preferring to view the race from the water, had taken up their stations in boats and yachts, which gave them a better opportunity of observing the fair rowers. Sir John Ross, with a party of ladies and gentlemen, glided about in his pretty little yacht. When the time for starting approached, several of the oarswomen appeared a trifle nervous, but after the start all timidity was forgotten in the excitement and the desire to win. The race was really a very close one, and it was quite a charming sight to watch that long line of fair ladies, looking so extremely fascinating in their pretty boating costumes, handling their oars so skilfully. Miss K. Kenny and Miss Abbott from the start seemed to have fully made up their minds to win, and though several boats made every endeavor to overtake them, their efforts were unavailing. Miss Abbott and Miss Kitty Kenny were first at the goal. Other boats did splendidly, and had the rowers been better matched the race would undoubtedly have been much closer. Among those who attracted attention, and who seemed to row with much ease and swiftness, were Miss Harriet Stokes, Miss Almon, Mrs. Grier, Miss Flood and Miss Storey. We all hope to hear of another regatta in the near future, as that of last week was quite one of the principal and most enjoyed events of the season.

There have not been many dances recently, but the few which have been given were greatly enjoyed. The *Bellington* dance came off very successfully on Wednesday evening of last week. The flagship was beautifully decorated with bunting and colored lights, while the pretty costumes worn by the ladies did much to enhance the scene. Miss Duffus was universally considered the "belle of the ball."

She was a gown of white surah silk. Miss Watson looked very charming in a pale blue Louis Quinze gown. Miss Luch de Diaz was also much admired. Her dress was pink silk with an overdress of cream lace.

A few days ago a very pleasant dance was given by Mrs. Charley Wythe, on Morris street. Though the room was slightly crowded, the dance was universally enjoyed by all who were fortunate enough to have been present. Among the numerous guests were the officers of H. M. S. *Bellington*, Mr. and Mrs. W. H. H. Schaffer, of Point du Chene, are visiting friends here.

Mr. and Mrs. J. S. Benedict of Moncton spent Sunday in the city.

His honor the master of the rolls is attending court at Georgetown.

Mrs. C. H. Fisher of Fredericton is among the strangers visiting the city.

Mrs. Deen Brown gave one of her delightful garden parties on Thursday last. There were present Mr. and Mrs. Armand, Mr. and Mrs. McKen, Mrs. K. Kenny and Miss Abbott from the start seemed to have fully made up their minds to win, and though several boats made every endeavor to overtake them, their efforts were unavailing.
