What can be newer to Sack-Mrs. William Smith, of Sussex, who has been visiting her daughter, Mrs. R. A. Borden, returned ville society than a Phantom party ! Should the "web" addition prove too complicated it can be home last week. Great excitement was created in town last week given separately. Light retreshments can be added by the report of numerous changes in the staff and management of the I.C. R. Moncton people are all deeply interested in the railway and everything that concerns it. I believe we can all tell the different engines by their whistles, and even recognize them or not if desired. The phantom costume consists, as every one knows, of a large enveloping sheet, a pillow case with apertures for the eyes, or a mask afar off, as a shepherd does his sheep; we feel as if we owned it somehow, though we don't, and we are always ready to defend it if anyone makes a slight tumed in this ghostly attire the hostess receives her guests in silence. She greets them without words and motions them to the dressing rooms, from which they emerge clad in the white disguise. Each phantom guest receives on entering the parlor, a single bright thread of the "web of fate." This ing remark about it. So we were on the tip toe of expectation to see what was going to happen, and then nothing happened at all, and the reports turned out to be mere rumors ceaseless at the fabric of a out to be mere runors ceaseress at the factor poet's dream. The body of the late Walter Welling, former con-ductor on the I. C. He leaves a widow shirle bright thread of the "web of rate." This thread is of the bright colored twine, now to be pur-chased in the shops, and is about twenty yards in length. He leaves a widow and four little children. bookcases, up stairways and down again, even out of doors and into kitchens, until finally in some secret place it is tied about the hidden "fate." A number of strangers have been in town for the last few days, many from adjacent towns coming to Moncton to hear the Grau Opera company, who have been delighting large audiences in the opera

These "fates" are written upon rolls of paper, and set forth the destiny of the person for whom each is prepared. On the cleverness of the hostess in writing prophecies, in accordance with the whims and hobbies of each guest, as well as the humor and wit desirable in the composition, depends the suc-cess of the entertainment. Quotations are also made to do duty in this capacity, when originality and ingenuity are lacking. Each of the strings in the net must be of decided tint contrasting with all the others as they are and records must times in the others, as they cross and recross many times in the disentangling. They must also be of the same length, as a prize is given to the phantom who first discovers the roll of fate. The guest is pursued in silence, which is broken only when the fates are all found and read aloud to the assembly. Then there are unmasking and hilarity galore. The new reading room had a successful opening

on Tuesday evening. I hope that the present in trest in this scheme for the pleasure of our young people will not wane for want of sufficient amuse-

ment, as has been the case formerly. The friends of Mr. and Mrs. Amasa Dixon are congratulating them on the addition to their already

fine family, by the arrival of a son, recently. Dr. Allison, President of the Mount Allison university, was tendered a reception on Saturday evening, by the faculty and students, at Centennial hall. Nov. 25 .- Society news is getting to be so scarce now-a-days that it will soon be like black pearls, and if society people will persist in not doing anything very particular, what is the hapless correspondent who is too upright to manufacture news, especially when he knows he would be found out, going to do? Of course he can't do much, since it is a case where "physicians was in vain." And the most of it is that there does not seem to be much prospect of things improving since so many are going away, and so few coming to take their places.

Mr. and Mrs. G. W. Daniel are still in Sussex, and it may be some weeks yet before Mr. Daniel can be moved, and when we come to count up our losses, there are no less than four houses which we shall miss this winter, and departures innumerable make us think of Longfellow's line-"The air is filled with farewells to the * * living."

Verily, Moncton will soon be "swarming with

absentees." And now Mrs. Benedict is going to leave us! Coldly and cruelly leave us just when we are so much in need of comfort. She will take her de-parture tomorrow for her home in Washington, D. C., to spend the winter, and we shall see her no more until "the robins nest again." When I am low spirited I have a tendency to "drop into po-etry" which my readers may have observed; it is closure a sort of a flar of distress with me.

Mrs. Hudson and Mrs. J. J. Taylor leave this morning for Pictou, in fact they have probably left by this time. The regret that Mrs. Taylor's numerous friends feit at parting with her, was ren-dered more keen by the improbability of our ever having her with us again as a resident, since the proverbial fate of an engineer's wife is to be always on the move, and though this fair young matron's domestic tastes made her circle of acquaintances comparatively small her departure will leave a void in the hearts of her friends which will not be easily

We are feeling rather envious of that flourishing town now-a-days. To judge from "Snowdrop's" brilliant letters, they must be having many pleasant "society" happenings. Nov. 24 .- Mr. and Mrs. William E. Pickett gave a pleasant card party Tuesday evening. Among those present were Miss Emma Northrup, Miss Lillie Northrup, Miss Crombie, Miss Lena Northrup, Miss Agnes Dann, Miss Lizzie Flewelling, Mrs. Howard Lyon, Mr. Wright Flewelling, Mr. H. Northrup, Mr. Aubrey Northrup, Mr. Howard

Lyon.

A terrible wind raged here Tuesday evening, doing much damage. Mr. Charles Bruce had two buildings destroyed by it. The many friends of Mrs. Otis Hazen will regret

to learn that she has been dangerously ill for two weeks, and is still very low. Quite recently Miss Susie Flewelling, second

daughter of Mr. Bentiy Flewelling, was married to Mr. Howard Lyon. The wedding took place at the residence of the bride's father. The bride was unattended and wore a pale French gray costume. Only the immediate relatives and friends were invited, but these numbered nearly 100. The bride last week.
