## HAIN SOME CARRIAGES.

Physician's Favorite Phaeton,

GUARANTEED TO BE ABSOLUTELY FREE FROM HORSE MOTION OR WEIGHT ON ANIMAL.

PHYSICIAN'S PHAETON with Horse attached, as seen in Edgecombe's Exhibit at the Exhibition Building.

MOST PERFECT, STYLISH AND EASY RIDING  
PHYSICIAN'S CART EVER BUILT.

The low hang of the body renders it easy of INGRESS and EGRESS, thus overcoming one of the most monotonous parts of the physicians' practice. In the upholstery of the seat and back, it affords the greatest luxury. Has regular Physician's Close Top, with large side lights, stationary storm apron on dash, large drawer under seat for instruments or medicine case, and is furnished with large serviceable French Cylinder, oil burning reflector lamp when desired.

For Physicians' use it is indispensable, as it rides over COBBLE PAVEMENTS OR FROZEN RUT ROADS with the greatest ease.

It is especially adapted to hilly or mountain roads, owing to the entire absence of weight on animal when passenger is in vehicle. It is entirely new and the only vehicle ever produced that fully meets the requirements of a physician in every respect.

PHYSICIAN'S PHAETON without Horse.

The above engravings show some of the most popular private Carriages made in Edgecombe's manufactory. The styles are unique and attractive, and people who see them begin to plan how they may possess them.

EXHIBITION VISITORS.—Do not fail to look at Edgecombe's Carriages in the Exhibition building. For lack of space on the floor, we can show but a few of our Carriages. A representative of the firm will be on hand and will be pleased to give any information to any one present. Correspondence Solicited.
