There have been many conjectures among the congregation of Trinity church as to the prevailing odor for the last few Sundays, and several ladies becoming quite faint from it, have been obliged to leave the church during service in consequence. I have enquired into it and find "the prevalence of one evil is to overcome another." It was found that the handsome carpet that covers the sanctuary, worked by the ladies of the congregation some years ago, had become infested with moths, and after repairing the damage done to the needlework, the carpet was laid under hoping to prevent further destruction.
