MONCTON.

[PROGRESS is for sale in Moncton at the book stores of W. W. Black and W. H. Murray, Main street.]

Nov. 4.—The services in connection with the opening for public worship of St. Bernard's new stone church have been engaging the attention of all sorts and conditions of men, yea, and of women also, during the past few days. The beautiful Gothic church of gray stone is an edifice of which all public spirited Monctonians must feel justly proud, as it would be an ornament to any city, while the hearts of the Roman Catholics must swell with pride when they look at this monument of their indomitable energy, perseverance and devotion. The church as it stands has cost \$40,000, and before the interior decorations are completed it will cost several thousand more. When finished it will have every modern improvement, convenience and ornament, except a mortgage or a debt. Of course we are all aware that this is a very unusual departure from the accepted form of church architecture, as one or other of these finishings has always been looked upon as a necessary adjunct of all buildings devoted to public worship, a sort of would keep out the rain. But Father Mehan has origi-

nal it cas on this point and at no time has he permitted his flock to go deeper into debt than \$2,000, and as everyone knows \$2,000 is a mere trifle to an ordinary sized Roman catholic congregation, and easily raised by one bazaar. The interior of the new St. Bernard's is fully in accord with its beautiful exterior, it is finished in white and amber, the vaulted roof being of wood, too dark for ash, and more nearly resembling maple. The design is graceful in the extreme, and gives a peculiar air of lightness and brightness unusual in so massive a Mrs. Forster. building. The pews are not yet in place, but they will be of wood in the same tone as the pannelling and roof, and the church will be capable of seating 1,000 cople. The services on Sunday and Monday st solemn and imposing and were attended

by numbers of people of all denominations.

The private blessing of the edifice took place in of Cape Bald, celebrating the mass, and the Rev. Father Smith, of New York, a member of the order of the Jesuits, preaching the sermon. The other priests were Father Gaynor, of St. Joseph's, and Father Cormier, C. S. C. The chancel and alter were beautifully decorated with flowers, and the numerous lighted candles, the beautiful draperies of the alter and the rich vestments of the priests combined to make a most imposing spectacle. The music had of course been specially prepared, and was very beautiful, the organ being supplemented by a full orchestra. Prof. Barnaby, of Amherst, sang the offertory soio, and one solo in the gloria. The other solos were Et in Carnatus by Mrs. Lavash, Domine Deis, by Miss McSweeney, Patren, by Mrs. Lavvie, and bass solos by W. C. Curry and O. C. LeBlanc. The organist Dr. Bourque, played with his usual taste and skill, assisted by Camille Belliveau, violin, D. Bourgois, flute, J. Belliveau, cornet, John McDonald, trombone, and F. LeBlanc, string bass. It was probably the most elaborate church music ever heard in Moncton and reflected great credit upon Dr. Bourque, who is leader of the choir, as well as organist. In the evening another large congregation was present to hear Father Cormier who preached the sermon. I

believe the collections, and receipts at the door amounted to over \$1,000 for Sunday alore.

Monday being All Souls day, special services were held morning and evening. The evening service attracted a very large congregation who were anxious to hear Father Smith's sermon explaining the doctrine of purgatory, and praying for the dead, which was a most vigorous and eloquent exposition of the Roman catholic belief in a middle state, and was listened to with deep attention. Father Mehan is to be most warmly congratulated on the result of his eight years' pastorate in Moncton, since the new church may almost be said to be the work of his own active brain and busy

Sunday being All Saints' day special music was sung in St. George's and St. Paul's churches, and the congregation of the latter were delighted to see the once familiar form of their former organist, Mr. A. A. Rankin, now of Saratoga Springs, New York, once more on the organ bench, Mr. Rankin having kindly consented to take charge of the music at both

Mrs. A. H. Beddome has returned from her visit to St. John and is staying at the "Brunswick hotel." It is probable that Mr. and Mrs. Beddome will remain at "the Brunswick" for the winter, and though their ever-hospitable home will be greatly missed by their friends we cannot hope to retain all our good things forever, and we shall doubtless appreciate it all the more when they gather together their lares and penates and go to housekeeping again in the spring.

Mr. and Mrs. Beddome have a pleasant suite of rooms and are most comfortably situated for the

winter, free from all household cares.

By the way the joke of the season just now is the sudden discovery that the burglars who caused such consternation in some of the households on Church street, a few weeks ago, turn out to be three skipful young servant maids who thought they would originate a little joke of their own, and succeeded in having a larger amount of greatness thrust upon them than they bargained for. I do not know how the truth leaked out, perhaps one of the party considered the joke too good to keep, and so turned queen's evidence, but certain it is that the car is out of the bag at last, and a nice time pussy is hading since her escape. Perhaps if one of those frisky damsels had intercepted a charge of buckshot, or a bullet, she might not have enjoyed

There were songs by Mrs. C. D. Thomson, Mrs. Shaw, Miss Maclaren, Mr. Thomson, Mr. Bruce, Mr. Ross, Mr. Ackman and Mr. McLeod, as well as readings and recitations by Mr. Sproul. After the close of the entertainment coffee and cake were partaken of, and the singing of Auld Lang Syne with joined hands concluded a very pleasant evening. May Clan Cameron live to entertain its friends in this hospitable fashion for many a year!

Nov. 4 .- I hear that at the last meeting of Court Tantramar, order of Forresters, a very handsome piece of silver plate was presented to one of their members who has recently married, together with a suitable address.

On Saturday evening Mrs. H. A. Powell entertained quite a large number of the old students of the ladies' college at five o'clock tea. Among those present was Miss Matthews, Summerside; the Misses Hays, Woodstock, N. B. Moncton, Bermuda and Sussex were also represented at this tea, which was given in honor of the hostess' guest, Mrs. McDonald, of Charlottetown, P. E. I. In addition Mrs. Powell gave a small party on Monday evening, to which were asked the teachers of last year at the ladies' college to meet Mrs. McDonald. An enjoyable evening was spent, during which time delicious cake, coffee, fruit and other represhments were

Mrs. and the Misses Botsford, who have been the guests of Senator and Mrs. Botsford for some weeks, leave for their home in Fredericton this week. Mrs. Botsford and the young ladies are very much liked and have made many friends here, who hope to see them in town again, and also at a more pleasant season of the year, when Sackville and its society can be seen at its best. Mrs. H. A. Powell, accompanied by Mrs. Mc-

Donald, went to Dorchester last week as guests of Mr. and Mrs. Parson left on Friday for Brooklyn, N. Y., for the winter, much to the regret of every-one. Mrs. Parson is one of the most popular and charming ladies in our society, while Mr. Parson in this respect is by no means a "lesser half." What can be more delightful than to meet Mrs. Parson at

an evening party? Always an ornament to any drawing room, and besides she possesses great good the early morning, but the formal opening was at 10.30 when high mass was celebrated. Capt. and Mrs. Frith Atkinson gave on Saturday evening a Hallowe'en party for their young friends. Amusing Hallowe'en tricks, games, also dancing were very much enjoyed by the young people, who much to their regret were obliged to separate at 12 o'clock it being Saturday night. An unusually representative audience attended the elocution and musical entertainment at Beethovan hall on Friday evening. A number of the selections were encored. Miss Mack sang the Spanish Serenade in such charming style that she was recalled with great enthusiasm by her delighted hearers. The song which she gave in response was even more beautifully rendered than her first, if that were possible. A quiet wedding took place on Tuesday morning at the baptist church. The bride was Miss Ella Barnes, daughter of the late Isaac Barnes, and the groom, Mr. Ansley Teed. The bride was dressed a neat and becoming travelling dress of grey cloth, with bonnet to match, and was given away by her brother, Mr. George Barnes. The invited guests were limited to the relatives of the contracting parties. Immediately after the ceremony the happy couple took the I. C. R. for Halifax for the wedding tour, followed by the good wishes of

their friends. I hear rumors of still another wedding to take place in the near future. The ladies of St. Paul's church are busily employed in preparing tempting viands to tickle the palates of our lads and lasses, as well as the maids, matrons, etc., of the community at the high tea on the 11th of this month. The object is to defray the expense of the furnaces lately placed in the church, and which were tested for the first time at the festival of "All Saints" on Sunday evening last. The increased comfort they afforded to the congregation was enjoyed and appreciated by all who attended that service. An able discourse was preached by the rector on the lessons of the day.

Nov. 5 .- After the gloomy and dispiriting weather we have lately had, we have at last been favored with a little sunshine, and advantage has been taken of it to carry out some events which have been eagerly looked for. Among these, that which probably attracted the greatest amount of interest, was the annual sports of the students of the university. These were very successfully carried out on Thursday afternoon, the day being very favorable except that the air was somewhat chilly, and the ground rather hard from recent frosts. A goodly number of people attended, though including but few strangers. The various contests on the programme followed each other in rapid succession, and upon the whole the performances were good. at least two records being broken. The presence of the I. S. C. band helped to enliven the occasion, and lines of streamers from the college building added to the gaiety of the scene. One could no help regretting, however, that the foliage of the maples which a week before had been all aglow with color, had completely fallen, leaving nothing but bare branches in its place. It was also perhaps to be regretted that a great many of the fairer sex, who would otherwise have remained upon the ground, were obliged, on account of the chillness of rooms of the professors, from the windows of which they smiled on their friends below. At the close of the performances the various prizes were presented by Mrs. Bailey to the successful competitors. These were all very handsome and I was especially glad to notice among them a very beautiful gold medal, given by Mr. E. H. Without the evidence of renewed friendly relations between that gentleman and the residents; and also several given by the lady students. Prof. Murray, hon. pres. of the athletic association, made a short address which was followed by rousing cheers by

the students, and the playing of "God save the Queen" by the band. Mrs. Bridges was dressed in a becoming costum of silver grey; Miss Tibbits wore a pretty figured dress of cream and grey, trimmed with lace; Miss Bailey's dress was of cream challie, trimmed with pale blue ribbons. A vote of thanks was tendered to the ladies for their assistance in making the evening more enjoyable.

Her dress is a very handsome terra cotta brocaded satin with demit rain and medici collar, and is certainly a most becoming one. The numbers who braved the hurri-cane of Monday last testified to the popularity of the bride. I agree with your Sackville correspondent that the good old fashion of sending wedding cake is worthy of being revived, and I here acknowledge a generous slice from our latest Dorchester bride.

the four generous citizens who supply them. Could "those rubbers" have served a useful purpose? Might I suggest in this connection that the lights are welcome on Sunday evenings also. We are a church-going people, yet need the temporal light on Mrs. J. B. Forster and visitors lately paid a visit to our public school. On Friday last Lady Smith, Mrs. J. Chandler and Miss F. S. Chandler spent an hour or more there, and I hear were much interested. I wonder more of our people do not visit the school; it is an encouragement to both teacher and pupil. The museum, though small in size, is great in interest, and the school is now well equipped with chemical and other apparatus. Mas-
