father, Capt. W. D. Robertson. It is proposed to hold a race with a view to pro-moting the prosperity of the Neptune Rowing club, an institution which deserves the sympathy and support of all the citizens of St. John. It is a long time since St. John has enjoyed the sight of a fancy dress ball, probably because motives of prudence have prevailed with the hospi. table hostesses of ourcity; for it is well known that people of artistic taste are too like-ly to be beguiled into expenditure which make known that people of artistic taste are too like-ly to be beguiled into expenditure which make dull care mount the pillion behind the pleasure seeker. The ladies interested in the forthcoming ball think, however, that they have hit upon a means by which a beautiful and brilliant scene can be enjoyed and dull care kept at a distance, namely: a calico ball. There has never been a time when such endless variety of charming colors and designs were to be had in prints cambrics, art muslin, cheese cloths, etc., and no one who has not been present at a calico ball can fully realize what a beautiful effect is produced by the gay coloring, nor what scope it affords for ingenuity gay coloring, nor what scope it affords for ingenuity and good taste, combined with the smallest possible expenditure. Kate Greenaway dresses, nursery rhyme heroines and many of Dickens' inimitable characters can be so well and faithfully portrayed that one will be almost at a loss to know which of that one will be almost at a loss to know which of the many to attempt. At the same time, without representing any of the special characters, many pretty costumes can be arranged from these inexpensive materials. Assuredly any one who fails to be present at the calico ball on the 4th November will throw away a golden opportunity and be pursued by vain regrets through the long winter months to con

There was a very pretty wedding last evening at the residence of Mr. and Mrs. Geo. Astill, No. 454 North Warren avenue, when Miss Ellen Astill was married to Mr. Thomas Strain (late of St. John but now of Brockton.) The ceremony was performed by Rev. J. M. Pierce at 8 o'clock. The bride wore a becoming costume of cream Henrietta cloth, trimmed with silk Spanish lace and pearls, and car-ried a bouquet of tea roses. Miss Lizzie Smith, the bridesmaid, wore a cream colored dress with lace trimmings, and an elegant corsage bouquet. Mr. Waldemar Fuller was the best man. The gifts were many and costly. After the ceremony, following the English fashion, there was a collation and a entertainment of singing and recitation **s** - Brockton (Mass.,) Enterprise, Oct. 7.

"When the storm is past, then comes a calm" is an old saying, fully verified at St. John, North End --for since the stir of exhibition week, there has been little to talk or write about. When it is too late for picnics, and too early for winter festivities, there is not much to break the monotony but fall house cleaning, which, alas! hardly comes under the head of amusement!

I have heard that a certain select quadrille class which was in high favour last winter is about to be re-formed—and for the sake of—there, I nearly told a secret but I won't mention any names only I hope the report is true, for a social dance and the walk home, affords such an excellent chance for a chat with one's "best girl."

FREDERICTON.

Since the Fredericton letters went to press the following has been received :

The many friends of Mrs. Robert Barker nee Miss Mary Brown, daughter of Dr. Clowes Brown, of the Infantry School, will be shocked and grieved to hear of her death. She died Thursday morning. As Miss Brown, she was one of our leading society belles and always a great favorite everywhere. Scarcely a year since the merry peal of her wedding bells was heard, it seems impossible to think that her sweet bright face will be seen no more among us. The heartfelt sympathy of the community is extended to her bereaved husband and father. She leaves a young son just a week old. CRICKET.

The bride was attired in a handsome travelling dress of navy blue, with hat to match, and looked charm.ng. She was attended by her sister, Miss Rosa Desbrisay, who was becomingly dressed in garnet. The wedding was quiet, only the immediate friends being present. Among them I noticed Mrs. and Miss Strickland, Mrs. G. W. Hodgson, Miss DeBlois, Mr. 'and Mrs. Watson, Miss Brecken and Mrs. Simpson. A pretty marble stone was put up in the Rural cemetery yesterday at the head of the grave of Norman Smith who was killed on board the City of Monticello August 25th. The inscription on the stone, which was made by Mr. John S. Seaton, says that it is erected to the memory of the deceased by the officers and crew of the Monticello; gives his age as 35 years, and birth place Isle of Lewis, Scotland. Smith had no relatives in St. John, but that he had plenty of friends is plainly evident. Although there are many monuments in the cemetery more imposing and attractive, none will be more interesting to visitors than the one placed there yesterday,

Death of a Bright Boy.

Those who attended the performances at the opera house could not fail to notice the bright boys with blue and white roseates, who acted as ushers. That they are active and intelligent young fellows was shown by their familiarity with the seats in the theatre, although the chairs are numbered in a most complicated manner. One of the brightest of the boys was "Jim" Mc-Carthy. Theatricals seemed to have a fascination for him, and when he died suddenly yesterday morning, it was from the effects of a strain received while showing some of his friends a contortionist act, on the preceding evening. He was sixteen years of age and a son of Mr. Joseph Mc-Carthy.

THE USE OF COSMETICS.

You Can Make Your Own Beautifiers That Are Safe to Use.

The prevalent custom of facial high art decoration so marked at the present time, is not only a survival of barbarism, but has great antiquity of origin. Jezebel, you remember, painted her face and tired her head and looked out at a window; and the frivolous Roman Emperor Heliogabalus when he first entered Rome had "his eyebrows tinged black and his cheeks painted with artificial red and white ;" and the first court present given to Catherine II. of Russia was a rouge pot, as we read in her memoirs, though the great Catherine was then only fifteen years old.

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, 'n the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well. "Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg.
