WEYMOUTH, N. S.
Dear Sir,—I have used your Phospholeine in many cases for which it is recommended, and am well pleased with the way in which it acts. In a case of the most obstinate Chronic Bronchitis (the disease had baffled the usual treatment in such cases) your Phospholeine acted like a charm, and I ascribe the recovery entirely to the use of it. From my experience of it I feel justified in saying that it is an important remedial agent in all cases of Wasting Diseases, and I can heartily recommend it to the notice of the profession and public as a remedy of real merit.

Dear Sir,—I am very highly pleased with the action of your Phospholeine. It has been used in this Hospital in Pulmonary and other wasting Diseases with success, and, being so palatable, is a splendid substitute for the Crude Cod Liver Oil. Will you kindly let me know the lowest wholesale rate for a quantity for Hospital use?
Yours truly,

Toronto, Nov. 30, 1880.

I have often prescribed Eagar's Phospholeine, and as it has been invariably beneficial in the cases under my own observation, I have great pleasure in recording my testimony in its favor. Being a perfect emulsion it is easy of digestion, without producing nausea, which is of the very greatest importance in the class of Wasting Diseases it is especially designed to benefit. I have frequently seen it retained by the stomach when almost every other similar preparation has been tried and rejected.

SECOND CERTIFICATE FROM DR. SLAYTER.

Since giving you my last certificate I have had many opportunities of further testing your Phospholeine, and of comparing its action with the Emulsions and preparations of oil in the market. I may state that I BELIEVE IT TO BE THE BEST PREPARATION NOW OFFERED TO THE PUBLIC, the drugs and oils used being of the finest quality, while the facilities and machinery used for mixing them are of the most perfect kind. I have no hesitation in stating that where oil is indicated, Eagar's Cream (Phospholeine) will be found to be EVERYTHING THAT IS CLAIMED FOR IT BY ITS PROPRIETOR.

Dr. Purdy, of Moncton, N. B., writes:—"I have tried Eagar's Phospholeine in many cases for which it is recommended with satisfactory results. I had a patient whose stomach absolutely refused to retain any preparation of Cod Liver Oil which I could devise, but so soon as EAGAR'S PHOSPHOLEINE was administered no further trouble was experienced. I feel justified in saying that it is an important remedial agent in all cases of Wasting Diseases where nerve element and vital force requires nutrition."

FROM REV. DR. HILL.

HALIFAX, N. S., June 25, 1883.
Dear Sir,—I feel it is duty to you that I should say publicly what I have said privately very many times, namely, that I firmly believe your PHOSPHOLEINE was the means of restoring a near relative of mine to ordinary health. The patient was apparently in the last stages of Consumption, but with the concurrence of skilled physicians your PHOSPHOLEINE was tried, and, I am happy to say, with results that I certainly did not anticipate. My friend is today in the enjoyment of excellent health.
Believe me, yours very truly,
GEORGE W. HILL, D. C. L., Rector St. Paul's.

PLYMOUTH, PENOBSCOT, MAINE, C.
Nov. 26, 1883.
Mr. M. F. Eagar.
Dear Sir,—While away from home hauling bark last winter I caught a severe cold which settled on my lungs. I was a stout, rugged man, never was sick hardly a day in my life, but this cold got the better of me; I could not get rid of it under the usual treatment. I began to grow worse, coughed a great deal and became very weak, so that I had to give up work. I was so hoarse I could not speak aloud. I consulted several physicians. I took their medicine but received no benefit, but gradually grew worse. The last physician consulted said I could not live. About this time my attention was called to the Phospholeine by your agent in this place, who induced me to try a bottle, which I did with marked results. To tell the truth, I had but little faith in it, I have tried so many medicines without relief. Before I had finished taking one bottle I began to feel better and to gain in health and strength. After taking a few bottles I was able to work in the hayfield, and have since been steadily improving; my hoarseness is nearly all gone and I have gained nearly 25 lbs in weight.
Please accept this as a grateful testimonial from one who has received great benefit from your valuable medicine.
Very truly yours,
PARKER HOLT.

FROM REV. H. J. WINTERBOURNE.

HALIFAX, September 11, 1882.
Mr. Eagar.
Dear Sir,—I have great pleasure in bearing testimony to the excellency of your "Phospholeine." It has been most beneficial to me at different times when suffering from debility, etc. I may add that it is pleasant to the taste, which, of course, is a great advantage. I can confidently recommend it as a really good preparation for building up the system.
Yours very truly,
H. J. WINTERBOURNE,
Rector of St. Mark's and St. John's Parish.

TUBERCULOUS DEGENERATION OF THE LUNG.

Dear Sir,—Last summer I was troubled with a cough, and my physician says unmistakable symptoms of consumption, including debility and loss of flesh. I lost 30 pounds in weight in a few weeks. My physician, who examined me, advised me to use your Phospholeine, and I am happy to be able to inform you that it has produced a complete cure, and I have regained from 124 to 154 pounds in weight, and am now enjoying good health. I drove 65 miles at night across Cape Breton during a snow storm in December without suffering from it in the least.
I am, dear sir, yours faithfully,
E. R. HARRINGTON.

WELL GENTLEMEN I CAN ASSURE YOU THAT NO PREPARATION HAS EVER GIVEN SUCH SATISFACTORY RESULTS AS I HAVE OBTAINED FROM PHOSPHOLEINE.

TRAIN DESPATCHER AT VANCEBORO'.

M. F. Eagar, Esq.
Dear Sir,—My wife, Laura A. Finson, was taken ill early this year and suffered severely with a bad cough, accompanied by expectoration of mucus containing blood and great weakness of the chest, general prostration and clammy night sweats, and continued to grow worse until I was recommended to procure for her some bottles of your Phospholeine, and Wine of Rennet. This I did, and after using about five bottles of the Phospholeine, taking a teaspoonful at a time in a wine glass of milk, increased afterwards to a tablespoonful, and shortly after each dose a teaspoonful of your Wine of Rennet, she became thoroughly well, her improvement commencing after the first half bottle had been taken. She can now superintend her household duties without any inconvenience, eats and sleeps well, and every symptom of consumption has vanished. I have to thank your medicine for her restoration to health.
WALTER R. FINSON,
Vanceboro', Maine, U. S.

The statement of facts contained in the above certificate is in all respects accurate. I feel assured that I owe my cure to your medicines.

ASHDALE, HANTS CO., Nov. 13, 1880.

Mr. M. F. Eagar, Halifax, N. S.
Dear Sir,—Last winter my son, aged six years, caught the whooping cough. The disease settled on his lungs, and for some time we almost despaired of his life. Our doctor advised me to give him your Phospholeine, and under its use he completely recovered.
Yours truly,
LEWIS DIMOCK.

PLYMOUTH, MAINE, Nov. 26, 1883.
Mr. Eagar.
Dear Sir,—At the time I first sent to you for the Phospholeine in June, 1882, I had a cold that I contracted in March. I coughed considerably and was reduced in weight. I tried several cough medicines without much benefit, my cough had become chronic, I commenced taking the Phospholeine and received immediate relief and soon commenced to gain in flesh. After taking four (4) bottles I felt like a new man, had gained 20 lbs. in weight and have not felt so well for several years, and have enjoyed very good health since. One thing more I wish to mention, for several years past I have been troubled with a numbness in the two middle fingers of each hand, sometimes the pain was quite severe, extending to the elbow. I consulted a physician who gave me some medicine that afforded only temporary relief. I am happy to say since taking the Phospholeine I have not had a recurrence of the trouble.
Very truly yours,
CLARENDON BUTMAN.

OLDHAM GOLD MINES.
Mr. Eagar.
Dear Sir,—I have been suffering from pain in my lungs and chest for past three months, with hard cough, loss of appetite, unable to work; obtained no relief from the Emulsions and other medicine which I have taken; received treatment from leading physicians without benefit, but growing worse and weaker, I was advised by Mr. Baker of this place to try Eagar's Phospholeine. I got a bottle, and the first dose my appetite improved and returned, pains left my lungs and chest, and I am now as well as ever. I consider that I owe the restoration of my health to Eagar's Phospholeine.

SCROFULA AND SALT RHEUM.

Dear Mr. Eagar,—I have much pleasure in giving you a record of the effect produced by the use of your Cod Liver Oil Cream. The following cases have come under my particular attention while visiting the sick and poor: A case of Hereditary Scrofula.—The patient had tried most of the blood purifying remedies and Sarsaparillas in use, but for the past 19 years obtained no relief. After taking three bottles of your Cream (Phospholeine) his flesh became smooth and healthy, and he is now completely cured. A case of severe cough in the last stages of Consumption.—The cough was eased, and patient regained flesh and strength. This case is past curing, and the patient was pronounced so by the physicians; but had she obtained of your medicine sooner, would no doubt have been cured. A case in which the patient had given up the use of alcohol.—The craving was cured, and the patient was regaining health and strength. A case of loss of flesh, great weakness, and indisposition for exertion of any kind, has been restored to health and strength by using your Cream (Phospholeine). I have also recommended it to many who have been suffering from Dyspepsia, loss of strength and flesh, and in every case it has effected a cure. I have derived much benefit from the use of it myself.
I remain, yours &c.,
E. C. NEWBURY.

CONGESTION OF THE LUNGS.

Dear Mr. Eagar,—I caught a severe cold the first of this winter, and having suffered from Congestion of the Lungs, I became somewhat alarmed. I tried the usual remedies, but they did not seem to relieve me, and not being able to take Cod Liver Oil, I thought I would try your Phospholeine, which I found very pleasant to take, and with good results, as in a few days my cold and cough left me, and I felt very much better. I can cheerfully recommend it to any person whose lungs are affected in any way.
I remain, yours respectfully,
S. H. SUGATT
