Around that silent death scene,

On that lonely, lonely way, Where no soothing word was spoken, While the life-tide ebbed away. From a fond and loving husband, Parent, friend and neighbor dear:

How sad to think no loved one Could be there; though home so near. Though tond expectant loved ones watched O'er the hills and lake afar, And through the frosty wintry haze,

Is highly gratified with Hood's Sarsaparilla. He was badly run down, had no appetite, what he did eat caused distress and he felt tired all the time. A few bottles of Hood's Sarsaparilla effected a marvellous change. The distress in the stomach is entirely gone, he feels like a new man, and can eat anything with old-time relish. For all of which

he thanks and cordially recommends Hood's Sarsaparilla. It is very important that during the months of March April May the blood should be thoroughly purified and the system be given strength to withstand the debilitating effect of the changing season. For this purpose

Hood's Sarsaparilla possesses peculiar merit and it is the Best Spring Medicine. The following, just received, demonstrates its wonderful bloodpurifying powers:

"C. I. Hood & Co., Lowell, Mass.: "Gentlemen: I have had salt rheum for a number of years, and for the past year one of my legs, from the knee down, has been broken out very badly. I took blood medicine for a long time with no good results, and was at one time

APRIL 11 .- As this is the Lenten season, there is very little gaiety going on, the first week in April being particularly devoid of society doings. However, people expect and welcome a rest from the rounds of gaiety in order to prepare for the enjoyments which usually follow Easter. The ladies are busy at present with church decorations, for I hear that the methodist and episcopal churches are to be particularly attractive with floral trimmings Sunday.
