A WALDEMAR MIRACLE.

A C. P. R. MAN RELATES HIS WON-DERFUL ESCAPE.

Helpless With Rheumatism and Sciatica-Relief Comes After Doctors had Failed-The Story Corroborated by Reliable Wit-

[Grand Valley Star.]

There are few people in this vicinity who do not know Mr. Thos. Moss, of Waldemar. He has been for years the trustworthy section foreman of the C. P. R. in exemplary life he always led has given him a respectable status in the community. He is a gentleman who is thoroughly reliable; and when "Tom" Moss tells you anything you can depend upon it every time. This by way of prelude to an interesting story the Star has to tell. For some time past a great deal of novel and entertaining literatere bas appeared in the columns of the press throughout the country, giving the particulars of cures bordering on the miraculous, in various parts of the country. Those who have read these narratives must have put them down either as clever and daring romances, or come to the conclusion that truth is indeed stranger than fiction. The Star must confess that it did not pay much attention to the reported miraculous cures until about a month ago, when it was Williams' Pink Pills are never sold in bulk, told that a cure quite as notable as many of case published had been wrought within a few miles of Grand Valley. The fact is that great cures, or accidents, or tragedies, when they occur hundreds of miles away -no matter how exciting or how thrillingdo not usually arouse more than a passing interest where the actors or the central figures are entirely unknown. But let something occur in one's own neighbourhood analogous to that reported from a distance, and with what different feelings is the news received. We had read of miracles wrought at Tenton, London, Hamilton and other places, through the use of Dr. Williams' famous Pink Pills for Pale People. But we were not acquainted with the parties restored to health; we were in the enjoyment of good health ourselves, and the memory of the great things done in other sections passed from our mind. When we were told, however, that we had only to drive down to the pretty village of Waldemar to get the full particulars of a miracle as striking as many that had been reported in the newspapers, we were at once interested. We were turther told that Mr. Thos. Moss was the man who owed his restoration to health to the use of Dr. Williams' famed Pink Pills. Remembering that Mr. Moss had been laid up with rheumatism at intervals for years, and that there was a time last spring and summer when his familiar face was entirely missing from the railroad, the Star determined to see him and get a confirmation of the story afloat as to the cure by the use of Pink Pills. On seeing Mr. Moss and getting the facts from him, we found that his story was even more surprising than the one which had been going the local rounds. Mr. Moss had not only been troubled with rheumatism, but sciatica of a most painful type, and had also been afflicted with bronchitis, which he had come to regard as chronic.

THE PATIENT'S STORY. "What you have heard is quite true," said Mr. Moss in reply to our query, "I I might be brought to the scene of the occurrence, in order that a proper report might be made to the railway authorities. my house, or perhaps with the silent majority, if a friend had no ttold me of the great | Coverlys" ended our evening and began merits of Dr Williams' Pink Pills and urged me to try them. All other remedies had failed, physicians were entirely unable to cure me, and I had given up in despair. You can imagine the despondent condition I was in when Mr Rainey, of Grand Valley, mentioned Pink Pills to me. I had little hope that they would benefit me, but drowning men clutch at straws, and that was my frame of mind when I purchased the first supply of Dr. Williams' Pink Pills. I had hopeful, and I persevered in their use until is as delightful as it is marvellous, and for from pain. I was weak, helpless and hopebut stranger still, I am cured of the bronchitis I had come to regard as incurable. I say stranger still, because I notice that in the list of ailments for which Dr Williams' claims his remedy beneficial, bronchitis is not mentioned, and this forces me to the conclusion that Pink Pills have even more between them seldom varies half an inch. marvellous properties than they have been credited with. My case seems almost for every tresh ascent. incredible but there are so many here who are witnesses of my cure that even the most sceptical must be convinced, and I firmly believe Dr. Williams' Pink Pills will cure any trouble with which man is afflicted. and growing demand for Dr. Williams' Pink Pills. If the remedy is as popular in other parts as it is in and around Grand Valley great indeed must be the good accomplished by this famous cure.

Dr. Williams' Pink Pills are not a patent medicine in the sense in which that term is usually understood, but a scientific preparation. They contain in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, neuralgia, rheumatism, nervous headache, worthy section foreman of the C. P. They build up the blood and restore the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

These Pills are manufactured by the Dr. Williams' medicine Company, Brockville, Ont., and Schectedy, N. Y., and are sold only in boxes bearing the firm's trade mark on the wrapper, at 50 cts. a box or six boxes for \$2.50. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

DICKENS' NEW YEAR'S EVE

Described by His Daughter as one of Her Happiest Recollections.

year, I remember-while we were at breakfast at "Gad's Hill," my father suggested that we should celebrate the evening by a charade to be acted in pantomime. The suggestion was received with acclamation, and amid shouts and laughing we were then and there, guests and members of the tamily, allotted our respective parts. My father went about collecting "stage properties," rehearsals were "called" at least four times during the morning, and in all our excitement no thought was given to that whose business it is to guess the pantomime. At luncheon some one asked suddenly: "But what about an audience?" "Why, bless my soul," said my father. "I'd forgotten all about that." Invitations were quickly dispatched to our neighbors, and additional preparations made for supper. In due time the audience came, and the charade was acted so successfully that the evening stands out in my memory as one of the merriest and happiest of the many merry and happy evenings in our dear old home. My father was so extremely funny in his part that the rest of us found it almost impossible to maintain sufficient control over ourselves to enable the pantomime to proceed as it was planned to do. It wound up with a country dance, which had been invented have used Dr. Willaim's Pink Pills with that morning and practiced quite a dozen great results. RHEUMATISM. It is certainly not pleasant to be compelled to refer to the indisputable fact that medical science has utterly failed to afford relief in rheumatic cases. We venture the assertion that although electricity has only been in use as a remedial agent for a few years, it has cured more cases of Rheumatism than all other means combined. Some of our leading physicians, recognizing this fact, are availing themselves of this most potent
