The farewell tea given to Colonel and Mrs. Hill at the R. A. Mess by the officers of the R. A. and R. E. was a most successful and cheery entertainment. One of its great teatures was the profusion of spring flowers with which the mess room and ante-room were decorated, looking at them one forgot that it was only April and that they came from a hot house. especially as the warmth and sunshine which filled the familiar old rooms was worthy of a June day. Society en masse was of course present, and the crowd was at times rather appalling. Sir John and Miss Ross who have been among the many sufferers from influenza, were present, and Colonel and Mrs. Hamilton, Major and Mrs. Mellor, and Capt. and Mrs. Clayton, who form the married contingent of the King's Liverpool regiment were also among the guests. I hear, en passant that Mrs. Mellor sings extremely well and will be a great addition to Halitax musical circles.

Some of the frocks worn on Friday were very smart and pretty; Mrs. Hill was looking very charming in a tailor made gown, and Miss Uniacke extremely handsome in a very well made dress, and a large black hat with heather. There was of course rather a change in personnel of the guests, owing to the absence of so many familiar faces of the Leicestershire regiment, and the substitution for them of the as yet unfamiliar ones of the newly arrived. These latter by the way, seem extremely young, but that is a way which regiments have nowadays.

Mrs. Alexander Stevers gave a very pleasant tea lately in her exquisitely furnished house on Inglis

street. There were a goodly number of guests, for whose comfort everything had been perfectly arranged.

"Mrs. Weatherbe's bazaar" as the sale in aid of the church at Grand Pre is informally called, will take place at the church of England Institute on Tuesday of next week. A "Pink Tea" (which we have never had here) and a salad bowl competition are among the attractions, and I hear that a great deal of v. ry pretty work has been donated by various people interested in the welfare of the little church. This should be a good time for bazaars as socially there is nothing doing, with the exception of a dinner or two at Government House.

People are delighted to hear that the Orpheus Club will repeat their late concert on the evening of Monday next. I believe the programme will be

way, very materially influence the tendencies of growing girls. I know one who possessed an army of them, for which she learned to make all manner of garments so well, that the taste has continued now that she is grown up. To this day she prefers to make all her wearing apparel herself, and declares that her cleverness is all due to her practice on her wax and china family. There is no doubt about the interest taken in the doll scheme now on foot, and it will be a success if energy can make it one.

Mr. Charles H. McLoughlin, of the Merchants' Bank, leaves for New York this week with his family. Mr. and Mrs. McLoughlin will be regretted

by a large circle of friends. St. Andrew's Lodge, No. 1, R. N. S., A F. & A. M., have issued invitations to a large number of their masonic brethern and their wives or lady friends to attend the celebration of their one hundred and twenty fifth anniversary. Some of the very best amateur musical talent has consented to assist in the programme and a most enjoyable time is ex. pected. The entertainment comes off on Tuesday 18th inst. The crait will appear in full masonic regalia and the Most Worshipful Grand Master, Hon. D. C. Fraser, is expected to be present and address the meeting. MORRIS GRANVILLE.

ST. JOHN HEARD FROM ! A Commercial Traveller receives a new lease of life by the use of M. P. P.

" During last summer from the effects of la grippe, I contracted a severe attack of lumbago, for which I tried several remedies. My constitution was run down-being a constant traveller and finding my weight gradually reducing, I became alarmed. My customers continually asked me what was the matter, and as a rule being lively, they attributed it to other causes. I left Amherst and went to Oxford, and feeling that life was a burden, I was advised to call upon the leading physician there, Dr. J. H. McDougall, who gave me two powders and instructed me to take Malto Peptonized Porter. I followed his instructions and obtained immediate relief, and my brother knights of the grippe can testify to my improved appearance. Thanks to M. P. P.

The Woman's Suffrage Bill has made no small excitement among the large class of women here who are self supporting, and are in receipt of an income over two hundred and fifty dollars a year. The W. C. T. U. is much interested in this bill, and Mrs. Charles Archibald, their president, has been very keen about its success. And a success it must be called, for this measure to enforce the rights of women has never before progressed so far as a second reading. Mr. Hemeon, M. P. P., is to be congratulated on the victory of the cause he has so effectually championed. Mrs. Archibald has been the guest of Mrs. J. S. McLean during her stay here, and on Tuesday evening the Halifax W. C. T. U. gave her a very pleasant reception in her official capacity as the President of the MaritimeW. C. T. U. at their rooms in Grafton street. There was a very large attendance of members, including some of the most prominent ladies of the community. The rooms were decorated for the occasion with a protusion of flowers, by Mrs. Harris, who is an epergetic worker in the temperance cause. Not being one of this division of society, I think it due to the Ramblers, to state that I have never yet heard of the smallest accident arising from their using the sidewalks.

Miss E. Twining, who has been spending the winter in Longon with her brother, Captain Gof. trey Twining, will return to Halifax in May. Mrs. George Hillcoat entertained the choristers and a goodly number of other small friends on Thursday evening at her home on Victoria street. Mr. H. A.
